**Asset Compliance Committee & Resources**

The Overview & Scrutiny Committee supported the recommendations in the report and thanked Officers for their hard work.

**Recommendations**

The Overview & Scrutiny Committee recommended to Cabinet that:

1. an appraisal report explaining how the situation the Council now finds itself in arose is prepared before the end of the year and should be presented to Overview & Scrutiny Committee at the first opportunity; and
2. a more detailed Action Plan is progressed as soon as possible.

**The Cabinet is required to vote on this because it forms a recommendation to it.**

Members expressed some concern about deliverability of the work required and the potential impact on other services. The Committee has requested that a report is provided to it in the New Year to understand how the work will be effectively resourced and how the impact of this will be managed across the Council and its assets.
