3 year targets (from strategies):

- 1. (Stratford & Warwick) Reduce the numbers of people re-offending by 5%
- 2. (S&W) Produce an annual report

Action Plan to 31 March 2003

Target No.	Action/Project	Lead Agency/ Officer	Resource Implication	Input	Output	Outcome	Timescale
1.	Promote the appropriate punishment and rehabilitation of offenders through accredited programmes (S&W)						
1.	Reduce the involvement of young people in vehicle crime and domestic burglary (S&W)						
1.	Involve offenders in improving environments and communities (S&W)						
1.	Support the Youth Offending Team in bringing offenders and victims together through restorative justice processes (S&W)						
2.	Ensure the effective management of high risk offenders in the community by utilising Multi Agency Public Protection Panels (S&W)						

PROGRESS REPORTING

Target No.	Action	Quarters 1, 2 and 3 Progress Report	Quarter 3 Progress Report
1.	Promote the appropriate punishment and rehabilitation of offenders through accredited programmes (S&W)	Inclusion of generic conditions in Community Supervision Orders (and Prison licences) now established. Level of Orders with conditions between 20/30 per month (Programmes involved detailed in last quarterly report). 21 DTTO commencements against target of 18 – DTTO's now operating with accredited Think First programme. Accredited programmes take several months to complete and the first successful completions are now running through.	Youth Offending Team are now committed to the purchase of an offending programme to use with young offenders in order to use a consistent method which can be evaluated
1.	Reduce the involvement of young people in vehicle crime and domestic burglary (S&W)	Vehicle crime for the three quarters has reduced by 26% on the same period in 2001. Domestic burglary for the three quarters has reduced by 5%. Although this shows an increase in this area as compared to results in quarters 1 & 2 this is due to the dramatic decrease in quarter 2 which was not sustained.	Vehicle crime reduced by 39% this quarter in comparison to the same quarter in 2001. Domestic burglary reduced in this quarter by 17% in comparison to the same quarter in 2001.
1.	Involve offenders in improving environments and communities (S&W)	Crime and Disorder projects for Community Service continue to account for 5-6% of total hours – on target. At present there appears to be limited referral to CS Unit for South Warwickshire – need for more vigorous use by Crime and Disorder partnerships.	YOT continue to develop community reparation packages, currently working with the British Waterways in improving canalsides.
1.	Support the Youth Offending Team in bringing offenders and victims together through restorative justice processes (S&W)		Work with referral orders and direct reparation to victims continues but is still proving difficult. However, of those receiving intervention from YOT 100% are satisfied with the service delivered.

2.	Ensure the effective management of high risk offenders in the community by utilising Multi Agency Public Protection Panels (S&W)	MAPPP meetings continue to meet for Leamington Spa/Warwick and Stratford Upon Avon cases every six weeks. Agenda continues to average about 10 cases although a recent increase due to reviews from 06/12 months ago coming onto agenda. One very high risk case for MAPPP since last quarterly report. Appointment of 'independent' chair for MAPPP being considered.	CHARM initiative now introduced and panels have begun to look at work with young people identified as at risk of offending, or harm. New schedule one offender procedure currently being agreed prior to approval by ACPC.
