- 2000+ staff
- £190+ million annual budget

Our Mission

- to improve the health of the people of South Warwickshire
- to improve the delivery of health services to our patients
- to involve health professionals in collaborative decisions and actions
- to engage the community, patients and users in planning our services .

What we need to do

- Agree the targets at all levels
- Monitor our progress against targets
- HIT the targets.

How we need to do it

- Keep decision making at the local level
- Fullest participation of health professionals
- Work collaboratively – across the PCT and with partners
- Modernise processes
- Develop and adopt best practice

Our early priorities, next 6 – 9 months :

- 3-Year Plan milestones
- The Stars – building on success
- Modernisation:
 - emergency care
 - outpatients
 - intermediate care
 - IM & T
 - electives
 - diagnostics
 - chronic illness / self-management
- Culture shift
- Public engagement / partnerships
- Financial stability
