Town Council	<p>Town Council have discussed the document and have the following comments;</p> <ol style="list-style-type: none"> <li>1. I have read through the draft Gambling Policy.  I am not aware of any issues in the current policy, and the proposed new one looks comprehensive and sensible. So I have no comments for the consultation.</li> <li>2. I am in principle ok with allowing gambling - but I do think we need to examine each application carefully and only approve those that bring some benefit to the community. I think something like a (low stakes) bingo hall would be OK - but I don't think I would be happy to see a casino in Kenilworth.</li> <li>3. I support the cross party gp of MPs proposals, which include the following -  Max stake limit of £2 on slot machines Banning gaming ads on both online &amp; T.V Affordable checks on customers New ombudsman Game design controls e.g Gamstop  I support Communities Minister Deidre Hargey's proposals which include -  new legislation in relation to children playing gaming machines creating powers to impose a statutory levy on gambling operators establishing a mandatory code of practice for those holding gambling licenses</li> </ol>	<p>Nothing to consider</p> <p>Each application will be judged on its own merits and with regard to the policy.</p> <p>This is referring to a public consultation undertaken with proposal to gambling laws changed in Northern Ireland not England.</p>
