Corporate & Community Services – Portfolio Holder update November 2012

Please find below a brief report and update on the service delivery within the Corporate & Community Services Portfolio as requested following my observation of the previous Portfolio Holders review, at the last Overview and Scrutiny meeting. If you feel this report does not give you the information you need to complete your review please contact me directly prior to the 11th December and I will endeavour to supply additional information. Or at least bring such information to the Committee, depending on time available! Similarly if you have a very 'technical' question it would be helpful to have this emailed in advance so that we come fully prepared to answer.

Moira-Ann Grainger
Portfolio holder
