## FOREWORD BY THE RESPONSIBLE FINANCIAL OFFICER

The Council is facing financial challenges as the Central Government support continues to reduce into the medium term. To date, the Council has managed to contain these reductions whilst continuing to maintain and improve key services. Whilst some income streams have been depressed in recent years, others, for example car parking and planning fees have seen improvements in the last couple of years with the local and national economies improving. Further reductions in Government financial support are forecast for subsequent years, with the Council providing for this in its Medium Term Financial Strategy and actively working to identify and achieve further efficiencies which will not impact on Services. With the continuing financial uncertainty, it is important that the Council maintains adequate reserves.

Despite these challenges, the Council finished the year in a more favourable position than expected, and is able to allocate £0.8m more to reserves and specific budgets than planned for when the budget was set for the year. This reflects the many savings that were made throughout the year and the additional income as referred to earlier. The Council has been in the enviable position of not having to cut services whilst freezing its element of the council tax.

Expenditure on capital projects totalled £10.2m, £8.1m being on Housing schemes, and £2.1m on other projects. Spending on some major projects was deferred until 2015/16. This was mainly due to circumstances beyond the control of the Council, including progress by external bodies or organisations.

At 31 March 2015, the Council held £2.1m in the General Fund Balance, £1.4m in the HRA Balance and £38.7m in earmarked reserves of which £21.7m is in respect of the Housing Revenue Account.

2014/15 was the second year of the Business Retention Scheme, whereby all local authorities get to keep a proportion of the business rates that they collect. This is intended to provide an incentive for councils to grow their business base, create employment, and encourage the local economy. Whilst there have been increases in the business rate base locally throughout 2014/15, this has been undermined by the large number and value of business rates appeals, many of which are still to be determined. Accordingly, it is necessary for a prudent approach to be taken in considering the future levels of retained business rates.

Following "Self Financing" in respect of the Housing Revenue Account (HRA) and the Council having to take on debt of £136.2m in 2012, the Business Plan for the HRA has continued to be monitored. Despite having to manage this substantial debt in respect of the HRA, the Council has also been able to set aside money to be used towards the provision of additional council housing within the District.

Looking forward, there continues to be concern as to how the limited public sector finances will impact upon the Council, notably with the further reductions expected in Government Grant. It is expected that the new Government will provide clarification over the future levels of funding for local authorities in the forthcoming months. As part of its agreed Fit For the Future programme, the Council is developing plans to ensure that its financial position is sustainable despite the income reduction by continuing to seek efficiencies. There are no plans to cut services. The Council is in a strong financial position thanks to its level of reserves. This has enabled it to make the savings necessary without reducing mainstream services.

# GUIDE TO THE FINANCIAL STATEMENTS

A brief outline of the purpose of the Council's financial statements is given below:

**Page 9     Statement of Responsibilities**

This statement identifies the responsibilities of the Council and of the Responsible Financial Officer.

**Page 12     Movement in Reserves Statement**

This statement shows the movement in the year on the different reserves held by the authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves.

**Page 11     Comprehensive Income and Expenditure Statement**

This statement shows the economic cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation.

**Page 12     Balance Sheet**

The Balance Sheet shows the value as at the Balance Sheet date of the asset and liabilities recognised by the authority.

**Page 13     Cash Flow Statement**

This statement shows the changes in cash and cash equivalents of the authority during the reporting period.

**Page 77     Housing Revenue Account (HRA) Income and Expenditure Statement**

This statement shows in more detail the income and expenditure on HRA services included in the whole authority Comprehensive Income and Expenditure Statement.

**Page 78     Movement on the Housing Revenue Account Statement**

This statement shows the movement in the year on the different reserves held for the Housing Revenue Account, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure) and other reserves.

**Page 84     Major Repairs Reserve**

This statement details the income and expenditure during the year on major repairs and improvements to the Council's housing stock.

**Page 85     Collection Fund**

This statement details the transactions relating to the collection of council tax and national non-domestic rates (NNDR). The Council acts as an agent to collect revenue on behalf of Warwickshire County Council, the Office of the Warwickshire Police and Crime Commissioner and the Government.

Where appropriate, comparative figures for the previous financial year are given. For specific items detailed notes are provided giving further information.

# EXPLANATORY FOREWORD

## 1. General Fund Summary

The General Fund encompasses all of the services the Council provides with the exception of the Housing Revenue Account (Council Housing), which has its own self-contained account. In February 2014 the Council approved a total net expenditure budget for 2014/15 of £16.0m and set a band D council tax for the district of £146.86, which is the same as it has been over past five years.

Gross expenditure amounted to £79.3m, gross service income generated was £60.9m which resulted in £18.4m net expenditure to be financed from general Government grants, business rates and Council Tax.

The following table shows how the actual net expenditure compared to the original budgets by Portfolio holder:

# EXPLANATORY FOREWORD

<b><u>General Fund Net Service Expenditure</u></b>	<b>Original £'000</b>	<b>Actual £'000</b>	<b>Variation £'000</b>
Culture Portfolio	3,266	4,039	773
Development Portfolio	1,947	2,115	168
Finance Portfolio	2,927	1,844	(1,083)
Health and Community Protection Portfolio	2,419	2,301	(118)
Housing and Property Portfolio	2,047	2,193	146
Neighbourhood Portfolio	5,050	4,424	(626)
Strategic Leadership Portfolio	1,327	1,462	135
<b>TOTAL GENERAL FUND NET EXPENDITURE</b>	<b>18,983</b>	<b>18,378</b>	<b>(605)</b>
Funding Adjustments	(2,939)	(420)	2,519
<b>NET EXPENDITURE FOR DISTRICT PURPOSES</b>	<b>16,044</b>	<b>17,958</b>	<b>1,914</b>
Less Council Tax, Business Rates, General Revenue Grants and Collection Fund Deficit	(16,044)	(18,559)	(2,515)
<b>(SURPLUS) / DEFICIT FOR YEAR</b>	<b>-</b>	<b>(601)</b>	<b>(601)</b>

The key points regarding financial performance in 2014/15 are:

- Business Rates Retention was understated by £2.5m. This "surplus" has been transferred to the Business Rate Volubility Reserve to offset the Collection Fund deficit.

Other major items are:

- Increased Car Parking income -£237,000;
- Reduced net costs of Benefits payments -£222,000;
- Crematorium income- delay in temporary closure -£150,000;
- Various contingency budgets not utilised -£90,000;
- Increased bad debts provision for Housing Benefits +£95,000.

## 2. **Housing Revenue Account**

In February 2014, the Council approved a total net surplus budget on Council Housing for 2014/15 of £39,700.

The following table shows how the actual net surplus compared to the original estimates:

<b><u>Housing Revenue Account</u></b>	<b>Original £'000</b>	<b>Actual £'000</b>	<b>Variation £'000</b>
Expenditure	13,192	(1,669)	(14,861)
Income	(26,870)	(27,456)	(586)
<b>Net Cost of HRA Services</b>	<b>(13,678)</b>	<b>(29,125)</b>	<b>(15,447)</b>
Financing and other adjustments	13,638	29,125	15,487
<b>(SURPLUS) / DEFICIT FOR YEAR</b>	<b>(40)</b>	<b>-</b>	<b>40</b>

## EXPLANATORY FOREWORD

As a result of the valuation exercise carried out by the District Valuer at 01/04/2015 Impairments, totalling £16.351m which had been charged to the HRA in previous financial years were reversed out. This reflects an improvement in house prices within the economy in general during the last financial year.

There is no subsidy from council tax payers to Council Housing. These costs of the service are met entirely from rents (£26.0m) and other income and charges (£1.4m). See pages 77 to 84 for more details.

### 3. **Balance Sheet**

The Balance Sheet reflects the current value of the Council's Property, Plant and Equipment which together with its Heritage and Investment Properties totals £347m. The Council is no longer debt-free following the advent of the Housing self-financing regime which saw the Council take on £136.2m of debt to buy itself out of the Housing Subsidy regime.

During 2014/15 net current assets increased by £11.7m from £37.7m to £49.4m. The main items being increases in cash and equivalents (+£4.6m), short term investments (+£5.1m) less decreases in short term creditors (+£2.9m), provisions (-£0.5m) and Assets Held for Sale (-£0.4m).

A total of £38.7m is held in earmarked reserves. Of this total, £21.6m is held for housing improvement, £4.7m is for future other capital investment and the remaining £12.4m is for specific revenue items. A full list of these reserves can be found in Note 7 to the Accounts.

### 4. **Collection Fund**

The Collection Fund represents all the transactions on the collection and distribution of monies in respect of Council Tax and Business Rates.

During 2014/15 £77.3m (£74.6m in 2013/14) of Council Tax was received. The precepts and demands on the Collection Fund were: Warwickshire County Council (£58.7m), Warwick District Council (£8.5m of which £1.2m relates to Town and Parish Council precepts) and the Office of the Warwickshire Police and Crime Commissioner (£9.2m). A deficit of £693,000 for the year reduced the opening surplus balance of £1,194,000 on the Fund to a closing surplus balance of £501,000. This surplus will be redistributed to the preceptors in proportion to their demands on the Fund in future years.

Each year the Government sets a national uniform business rate (48.2p for 2014/15) which, when multiplied by each non-domestic property's rateable value, determines the business rate levy for the year. £66.4m of Business Rates was collected during 2014/15 (£67.4m in 2013/14). This income is distributed between the Council (40%), Central Government (50%) and Warwickshire County Council (10%).

Details of the transactions on the Collection Fund can be found on pages 85 to 89.

# EXPLANATORY FOREWORD

## 6. **Capital Expenditure**

Capital investment of £10.2m took place during the year. The main items of expenditure are:

- Council Housing Improvement / Renewal Works	£4.2 million
- New Build Housing	£2.9 million
- Cemetery & Crematorium Improvements	£0.6 million
- New Build Housing and Registered Providers	£0.5 million
- Leisure and Culture Facilities	£0.4 million
- Flood Alleviation Schemes	£0.4 million
- Private Sector Renewal and Disabled Facilities Grants	£0.4 million

Net capital expenditure was financed from the Council's internal resources - usable capital receipts (£1.3m), reserves (£6.5m) and revenue (£0.2m) – and Government Grants and other contributions (£2.2m).

During the year the Council sold 27 council houses under the “Right to Buy” legislation.

## 7. **Treasury Management**

The Council's Treasury Management Policy Statement and Treasury Management Practices detail how the Council will manage its activities in relation to borrowing and investment. A copy of the statement and practices may be obtained from The Head of Finance, Warwick District Council, P.O. Box 2180, Riverside House, Milverton Hill, Royal Leamington Spa, Warwickshire, CV32 5QW.

Following the need to borrow £136m to buy itself out of the Housing Subsidy regime, the Council lost its debt free status at the end of 2011/12, a status it had held after previously repaying its remaining external long term debt in 2003/04. The loans were all taken from the Public Works Loans Board and were for varying maturities of between 41 and 50 years in line with the Self Financing Business Plan requirements.

## 8. **Pension Costs**

Pension costs are included in the accounts to meet the requirements of IAS 19 which requires an authority to see beyond its commitment to pay contributions to the pension fund and to determine the full longer-term effect that the award of retirement benefits in any year has had on the authority's financial position. A net pension asset indicates that an authority has effectively overpaid contributions relative to the future benefits earned to date by its employees. A net liability shows an effective underpayment.

As at 31 March 2015 this Council's pension fund liability is £45.4m. This policy reflects our commitment in the long-term to increase contributions to make up any shortfall in attributable net assets in the pension fund. Over the period 2006/07 to 2014/15 the Council's contribution rate has increased. From 2014/15 the pension fund's actuary requires contributions to be split between current pension costs (a smaller percentage rate on current salaries) plus a lump sum adjustment for past service costs to ensure that the pension fund liability can be met in full.

Further details of Pension transactions can be found in Note 36 in the Notes to the Accounts.

## EXPLANATORY FOREWORD

### 10. **Impact of Economic Climate**

The original market expectation at the beginning of 2014/15 was for the first increase in Bank Rate to occur in quarter 1 2015 as the unemployment rate had fallen much faster than expected through the Bank of England's initial forward guidance target of 7%. In May, however, the Bank revised its forward guidance. A combination of very weak pay rises and inflation above the rate of pay rises meant that consumer disposable income was still being eroded and in August the Bank halved its forecast for pay inflation in 2014 from 2.5% to 1.25%. Expectations for the first increase in Bank Rate therefore started to recede as growth was still heavily dependent on buoyant consumer demand. During the second half of 2014 financial markets were caught out by a halving of the oil price and the collapse of the peg between the Swiss franc and the euro. Fears also increased considerably that the ECB was going to do too little too late to ward off the threat of deflation and recession in the Eurozone. In mid-October, financial markets had a major panic for about a week. By the end of 2014, it was clear that inflation in the UK was going to head towards zero in 2015 and possibly even turn negative. In turn, this made it clear that the MPC would have great difficulty in starting to raise Bank Rate in 2015 while inflation was around zero. Market expectations for the first increase receded back to around quarter 3 of 2016 which formed the basis of the Council's projections for its future investment income.

# STATEMENT OF RESPONSIBILITIES

## The Council's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Chief Financial Officer.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

Statement of Accounts approved at the Council meeting on 23 September 2015

Chair of the Council Meeting  
Councillor

## The Chief Financial Officer's Responsibilities

The Chief Financial Officer is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the C.I.P.F.A. / L.A.S.A.A.C. Code of Practice on Local Authority Accounting in the United Kingdom (the Code):

In preparing this Statement of Accounts, the Chief Financial Officer has:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent;
- Complied with the local authority Code.

The Chief Financial Officer has also:

- Kept proper accounting records which were up to date;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

I certify, that to the best of my knowledge and belief, the Statement of Accounts presents a true and fair view of the financial position of Warwick District Council at 31 March 2015 and its income and expenditure in the year ended 31 March 2015.

30 June 2015

Mike Snow C.P.F.A.  
Chief Financial Officer  
Warwick District Council  
P.O. Box 2180  
Riverside House  
Milverton Hill  
Royal Leamington Spa  
Warwickshire  
CV32 5QW

## MOVEMENT IN RESERVES STATEMENT

This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves. The 'Surplus or (Deficit) on the provision of Services' line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. This is different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for council tax setting and dwellings rent setting purposes. The 'Net Increase / (Decrease) before transfers to Earmarked Reserves' line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

	General Fund Balance £000	Earmarked General Fund Reserves £000	Housing Revenue Account £000	Earmarked HRA Reserves £000	Capital Receipt Reserves £000	Major Repairs Reserve £000	Capital Grants Unapplied £000	Total Usable Reserves £000	Unusable Reserves £000	Total Authority Reserves £000

## COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

## BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

## CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

2013/14 £000		Notes	2014/15 £000
(24,309)	Net (Surplus) or deficit on the provision of services		(18,869)

(13,038)	Cash and cash equivalents at the beginning of the reporting period		(18,686)
<b>(18,686)</b>	<b>Cash and cash equivalents at the end of the reporting period</b>		<b>(23,314)</b>

# NOTES TO THE ACCOUNTS

## 1. **ACCOUNTING POLICIES**

### **a. General Principles**

The Statement of Accounts summarises the Council's transactions for the 2014/15 financial year and its position at 31 March 2015. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit (England) Regulations 2011, which those regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 and the Service Reporting Code of Practice 2014/15, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

### **b. Accruals of Income and Expenditure**

Revenue and capital transactions are accounted for on an accruals basis. This means that all income is recorded when the debt has been established rather than when the money has been received. Similarly, expenditure is recorded when it is owed rather than when the payment is made.

Money owed to the Council at 31 March is included as Debtors. Money owed by the Council at 31 March is included as Creditors.

### **c. Cash and Cash Equivalents**

Cash and cash equivalents comprise cash at bank, on demand deposits and short-term investments which are readily convertible to cash.

### **d. Prior Period Adjustments and Changes in Accounting Policies**

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the period as if the new policy had always been applied.

### **e. Charges to Revenue for Non-current Assets**

Services and support services are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- Amortisation of intangible assets attributable to the service.

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisation. However, it is required to make an annual

## NOTES TO THE ACCOUNTS

contribution from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Council in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisation are therefore replaced by the contribution in the General Fund Balance minimum revenue provision (MRP), by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

### **f. Employee Benefits**

#### **Benefits Payable During Employment**

The accounts reflect an accrual for accumulating short-term absences, that is annual leave and flexi-time carry forward at 31 March. The charge is made to service accounts in the Comprehensive Income and Expenditure Statement and a short-term creditor created on the Balance Sheet.

The impact of this on the Comprehensive Income and Expenditure Statement is reversed out of the service expenditure to the Accumulated Absences Adjustment Account in the Unusable Reserves on the Balance Sheet.

#### **Termination Benefits**

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service or, where applicable, to the Non Distributed Costs line in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund Balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

#### **Post-Employment Benefits**

Employees of the Council are eligible to join the Local Government Pension Scheme, administered by Warwickshire County Council. The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Council.

#### **Local Government Pension Scheme**

The Local Government Scheme is accounted for as a defined benefits scheme – the liabilities of the scheme attributable to the Council are included in the Balance Sheet on an actuarial basis and the assets of the fund attributable to the Council are included in the Balance Sheet at their fair value.

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment and funding benefits in accordance with statutory provisions. The balance on the Pensions Reserve shows a substantial shortfall in the benefits earned by past and current employees and the resources

## NOTES TO THE ACCOUNTS

available to meet them. The statutory arrangements will ensure that funding is available by the time the benefits come to be paid.

The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. Statutory arrangements, however, require benefits earned to be financed as the Council makes employer's contributions to the Pension Fund or pays any pension for which it is directly responsible.

The Council has agreed a strategy with the Pension Fund's Actuary to achieve a funding level of 100% over the next 19 years. Funding levels are monitored on an annual basis. The last valuation took place on 31 March 2013, with new arrangements effective from 1 April 2014. The next triennial valuation is due to be completed on 31 March 2016.

The Pension Fund has changed from a final salary scheme to an average salary scheme with effect from 1 April 2014 in line with the Public Pensions Services Act 2013.

### **Discretionary Benefits**

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

### **g. Events After the Reporting Period**

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

### **h. Exceptional Items**

When items of income and expense are material, their nature and amount are disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to the understanding of the Council's financial performance.

# NOTES TO THE ACCOUNTS

## i. Financial Instruments

Financial instruments are contracts that give rise to a financial asset or financial liability and these are represented by loans and receivables, long-term debtors and creditors, and are carried in the Balance Sheet at amortised cost.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the loss over the term that was remaining on the loan against which the premium was payable when it was repaid. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

The Council took out £136.157m in PWLB fixed interest rate long term loans with varying maturities of between 41 and 50 years on the 28<sup>th</sup> March 2012 in order to fulfil its obligations under the new HRA self-financing regime. Although PWLB long term loans are carried in the balance sheet at amortised cost, the Council is required to disclose the fair value of these loans. This requires a calculation of the net present value of the cash flows that are scheduled to take place over the remaining life of each loan. The fair value of these loans will be different to the amortised cost if prevailing interest rates differ from those applicable to the loans when taken out. The fair value of these PWLB loans at 31<sup>st</sup> March is £186,540,133 as the interest rates on 31<sup>st</sup> March were lower than those in force when the loans were taken out.

Loans and receivables are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For the loans that the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

Any loans made by the Council at less than market rates are called "soft loans". When soft loans are made, a loss is recorded in the Comprehensive Income and Expenditure Statement (debited to the appropriate service) for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal. Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable from the recipient, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. Statutory provisions require that the impact of soft loans on the General Fund Balance is the interest receivable for the financial year – the reconciliation of the amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement. It has been determined that the few "soft" loans that the Council has e.g. car loans to employees or loans to private householders for disabled adaptations require no adjustment to the accounts as they are de-minimis.

## j. Foreign Currency Translation

Where the Council has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effective. Where amounts in foreign currency are outstanding at the year-end, they are reconverted at the spot exchange rate at 31 March. Resulting

## NOTES TO THE ACCOUNTS

gains or losses are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. There are no such gains or losses at 31<sup>st</sup> March 2015.

### **k. Government Grants and Contributions**

Grants and contributions relating to capital and revenue expenditure are accounted for on an accruals basis, and recognised in the Comprehensive Income and Expenditure Statement as income, except where the grantor contribution has conditions that have not been satisfied. General Grants and contributions (e.g. the Revenue Support Grant) are included in the Comprehensive Income and Expenditure Statement as Non-ring-fenced government grants. Specific grants and contributions are included as income for the relevant service area.

Where a grant or contribution has conditions outstanding at the Balance Sheet date the grant is held either as a receipt in advance, if not fulfilling the conditions would result in the return of the grant, or as an earmarked reserve. Capital grants credited to the Comprehensive Income and Expenditure Statement as capital grants and contributions are reversed out of the General Fund Balance in the Movement in Reserves Statement. Unapplied grant is posted to the Capital Grants Unapplied Reserve; applied grant is posted to the Capital Adjustment Account.

### **l. Heritage Assets**

All the Council's heritage assets are held due to their cultural, environmental or historical associations making their preservation for future generations important. The majority of these assets are held at the Art Gallery and Museum within the Royal Pump Room, Royal Leamington Spa. The Council also holds a number of other assets including art works and ceramics.

Where the Council has information on the cost or value of heritage assets, these assets are recognised on the Balance Sheet.

Except for those items of low value where an internally agreed nominal value of £50 is applied, Heritage Assets are recognised and measured at valuations made by an external valuer. The last such valuation having been carried out in September 2014 by Tim Ritchie and Associates Ltd.

### **m. Intangible Assets**

Intangible Assets refers to expenditure above the capital de-minimis limit of £20,000 on non-monetary assets that do not have physical substance but are controlled by the Council, e.g. software licences.

Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being available) and the Council will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and is restricted to that incurred during the development phase (research expenditure cannot be capitalised).

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion, and they are therefore carried at amortised cost. Where a finite life can be identified, the depreciable amount of an intangible asset is amortised over its useful life to the relevant service lines in the Comprehensive Income and Expenditure Statement. If no finite life can be identified, the asset is held on the balance sheet at its original value but is subject to an annual impairment review. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any

## NOTES TO THE ACCOUNTS

losses recognised are posted to the relevant service lines in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. The Intangible Assets with no finite lives within the Balance Sheet have been tested for impairment and no losses revealed.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

### **n. Inventories and long-term contracts**

Inventories are included in the Balance Sheet at the lower of cost and net realisable value. The cost of inventories is assigned using the FIFO costing formula.

Long term contracts are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the value of works and services received under the contract during the financial year.

### **o. Investment Property**

Investment properties are those that are used solely to earn rentals and / or for capital appreciation. The definition is not met if property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value. Properties are not depreciated but, using the latest rental values applicable to each property, are revalued regularly in accordance with the Council's revaluation policies and are tested annually for impairments in value. Revaluation gains and losses are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rental income received is credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

### **p. Jointly Controlled Operations and Jointly Controlled Assets**

Jointly controlled operations are activities undertaken by the Council in conjunction with other ventures that involve the use of assets and resources of the venturers rather than the establishment of a separate entity. The Council recognises on its Balance Sheet the assets that it controls and the liabilities that it incurs and debits and credits the Comprehensive Income and Expenditure Statement with the expenditure it incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of property, plant and equipment that are jointly controlled by the Council and other venturers, with the assets being used to obtain benefits for the venturers. The joint venture does not involve the establishment of a separate entity. The Council accounts for only its share of the jointly controlled

## NOTES TO THE ACCOUNTS

assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

### q. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets. The Council has two arrangements of this nature as a depot has been leased by a contractor specifically to carry out repairs contracts relating to the Council's housing stock and in another instance a contractor employs a number of vans specifically on a WDC heating contract. These "embedded leases" have been assessed as operating leases and accounted for accordingly.

### The Council as Lessee

#### Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

#### Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services using the leased asset. Charges are made on a straight-line basis over the life of the lease.

# NOTES TO THE ACCOUNTS

## The Council as Lessor

### Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the start of the lease, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease (long-term debtor) asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property– applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement of Reserves Statement.

It has been determined that all leases where the Council is the lessor are operating leases and are accounted for as described in the following paragraph.

### Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease. Where identifiable, initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

## r. Overheads and Support Services

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA *Service Reporting Accounting Code of Practice 2014/15* (SeRCOP). The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

## NOTES TO THE ACCOUNTS

- Corporate and Democratic Core - costs relating to the Council's status as a multi-functional, democratic organisation.
- Non Distributed Costs - the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

These two cost categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

### s. **Property, Plant and Equipment**

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment (PPE).

#### **Recognition**

In 2014/15 the Council had a de-minimis limit of £20,000 in relation to capital expenditure on land and buildings and a de-minimis limit of £5,000 on plant or equipment. Expenditure above these limits on the acquisition, creation or enhancement of PPE is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure below the de-minimis limit or that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense as it is incurred.

#### **Measurement**

Assets are initially measured at cost, comprising

- The purchase price
- Any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Operational assets have been valued on the basis of either open market value for existing use, depreciated replacement cost or in the case of equipment, vehicles and plant, historical cost. Any additions or enhancements during 2014/15 which have not been the subject of a valuation are included at historical cost.
- Non-operational assets, including investment property, have been valued at open market value. The accrued cost of work in progress for capital schemes is also included with non-operational assets. The adoption of FRS 30 "Heritage Assets" gave the Council the option to either continue to carry its Community Assets at

## NOTES TO THE ACCOUNTS

historic cost or to have them valued on the same basis as Heritage Assets. The Council continues to record its Community Assets (e.g. land and buildings purchased for the benefit of the community and with little or no prospect of ever being disposed of) and for the time being Infrastructure Assets (e.g. Flood Alleviation Works) at historical cost.

- The 2016/17 Accounting Code of Practice will require a change in accounting policy in that the basis on which Infrastructure Assets are measured will change from historic cost to depreciated replacement cost ( DRC ). The Council's infrastructure assets comprise mainly flood alleviation works, cycleways and rural streetlighting but work will be needed during 2015/16 to identify any additional assets not currently recognised in the balance sheet due to their having no historic cost . It will be necessary for all infrastructure assets to be valued on a DRC basis during 2015/16. Infrastructure Assets within the 2015/16 statement of accounts will be based on the current i.e. historic cost basis but it will then be necessary for the 1<sup>st</sup> April 2015 balance sheet and ultimately the 2015/16 statement of accounts to be restated to take account of this change and any material impact between historic cost derived depreciation and DRC based depreciation. The 2015/16 accounts will then form the comparator year for the 2016/17 accounts.
- General Fund property values in the Balance Sheet are based on 31<sup>st</sup> March 2009, 1<sup>st</sup> April 2009, 1 April 2010, 31<sup>st</sup> March 2011, 1<sup>st</sup> April 2011, 31<sup>st</sup> March 2012, 1<sup>st</sup> April 2012, 31<sup>st</sup> March 2013, 1<sup>st</sup> April 2013, 1<sup>st</sup> April 2014, 31<sup>st</sup> March 2015 04 1<sup>st</sup> April 2015 valuations with the exception of properties acquired during 2014/15 which have been valued as at the date of acquisition or the date on which they became operational. Where appropriate, the values have been updated, for capital expenditure, sales, impairments and depreciation in 2014/15 to provide the value at 31<sup>st</sup> March 2015 as shown in the Balance Sheet. The valuations were carried out by the District Valuer, a part of the Valuation Office Agency. For Housing Revenue Account properties (excluding some land which is valued at 1<sup>st</sup> April 2010) the valuation is based upon the valuation at 1st April 2015 provided by the District Valuer.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Also gains may be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of an impairment loss previously charged to a service revenue account.

Where decreases in value are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement. During 2014/15, such charges were debited to the Comprehensive Income and Expenditure in respect of various properties notably Victoria Park Bowls Pavilion (£0.260m ) and Riverside House (£0.53m).

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

### **Impairment**

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are

## NOTES TO THE ACCOUNTS

estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

The Council's housing stock is valued annually on an Existing Use – Social Housing (EUV-SH) basis which is defined as the value that a property, if sold, would sell for assuming that it continued to be used for social housing purposes. It is derived from the open market value discounted down by a regional adjustment factor, defined by DCLG, which for the West Midlands is 34% i.e. the EUV-SH value is 34% of the open market value. The adjustment factor reflects the fact that sitting tenants enjoy rents lower than open market rents and tenants' rights including Right to Buy. However, such revaluation changes are not to impact on the "bottom line" of the HRA and have been reversed out and debited to the Capital Adjustments Account.

### Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets and on Heritage Assets, where appropriate, by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

<b>Asset Type</b>	<b>Depreciation Method</b>	<b>Period of Years</b>
General Fund Buildings	Straight Line	4 to 60 years
Infrastructure	Straight Line	40 years
Community Assets	Straight Line	Up to 50 years
Heritage Assets – Buildings	Straight Line	Up to 90 years
Surplus Assets	Straight Line	3 to 23 years
Vehicles, Plant, Furniture and Equipment	Straight Line	3 to 21 years
Council Houses	Straight Line	90 years
HRA Shops, Community Centres etc.	Straight Line	27 to 60 years
HRA Garages	Straight Line	5 years

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

For this Council the de minimis threshold will be a Current Net Book Value of £500,000 or greater. Individual items of Property, Plant and Equipment below this level will not be assessed for componentisation on the grounds that the difference in depreciation will be limited.

## NOTES TO THE ACCOUNTS

The Council is required to assess its assets for components when either the asset is first acquired or when it has capital expenditure incurred upon it or when the asset has been revalued.

The Council revalues its General Fund assets on a one-fifth annual rolling basis and as each fifth comes up for valuation each asset within that tranche where the Current Net Book Value is £500,000 or greater will be assessed for component depreciation and if there is a material increase in depreciation when compared with depreciation charged on the whole asset then that asset will be accounted for and depreciated based on its separate components.

With regard to assets within the Housing Revenue Account, guidance from DCLG has been received indicating that for the first five years of the Self Financing regime, depreciation on Council Housing stock should continue on the existing basis i.e. the use of the Major Repairs Allowance allocation for the year where that is a reasonable proxy for depreciation. For the rest of the assets in the Housing Revenue Account e.g. shops, garages, offices etc. each asset should have its components separately depreciated but only where there is likely to be a significant change to the depreciation levied on the whole asset. The relevant assets have been reviewed and given that the amount of depreciation charged against each whole asset is relatively insignificant, the conclusion has been reached that there would be no significant difference in overall depreciation if each individual component were to be separately depreciated.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

### **Disposals and Non-current Assets Held for Sale**

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value i.e. market value, less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previously recognised losses in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale. In respect of the HRA, those council houses in the process of being sold at 31<sup>st</sup> March 2015 have been transferred to the HRA Assets Held For sale account.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as Held for Sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off

## NOTES TO THE ACCOUNTS

against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of the £10,000 capital receipts de-minimis limit are categorised as capital receipts. Under the Self Financing regime receipts relating to housing disposals are shared between the Council and Government. The Council is allowed to reduce the initial receipt by its transaction costs, a contribution towards the debt attributable to the property sold, an element which can be used to finance capital expenditure for any purpose including the repayment of debt and finally by an element which has to be reserved for Housing new build only. The subsequent balance is then paid over to the Government. The Council's share of the receipt is required to be credited to the Capital Receipts Reserve. Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement. Usable Capital Receipts at 31 March 2015 amounted to £5,584,300. Interest on usable capital receipts held during the year is credited to the General Fund with a share going to the Housing Revenue Account in respect of receipts reserved for new build only.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

### **t. Provisions and Contingent Liabilities**

#### **Provisions**

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income in the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

#### **Contingent Liabilities**

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

## NOTES TO THE ACCOUNTS

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

### **u. Reserves**

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The relevant amount from the reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Council.

### **v. Revenue Expenditure Funded From Capital Under Statute**

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset, e.g. Environmental Health Improvement Grants, has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

### **w. Value Added Tax**

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

### **x. Investments**

Investments are recorded at original cost including broker's commission and other attributable expenses, with the exception of an investment in 2½% Consolidated Stock which is stated at market value as at 1st April 1974 and 6 Certificate of Deposit investments which are valued on a mid-price basis at 31<sup>st</sup> March 2015.

### **y. Interest Charges**

Interest is credited to the Housing Revenue Account in respect of its revenue, capital and reserve balances during the year. This is calculated using the actual external investment rate. All remaining interest income is credited to the General Fund Revenue Account.

### **z. Agency Income and Expenditure**

Expenditure and income relating to agency services is not included in the Comprehensive Income and Expenditure Statement since it is not incurred as part of the Council's normal responsibilities. Information in respect of agency work is disclosed as a note to the accounts.

The collection of council tax and Business Rates is treated as agency work in respect of the amounts collected for the major preceptors and the government. All balances

## NOTES TO THE ACCOUNTS

of arrears, prepayments and bad debt provisions are apportioned out and only the Council's share is included in the Balance Sheet.

### **2. Accounting Standards that have been Issued but have not yet been adopted**

For 2014/15 the following accounting policy changes that need to be reported relate to:

**IFRS13 Fair Value Measurement:** This standard provides a consistent definition of fair value and enhanced disclosure requirements. It is designed to apply to assets and liabilities covered by those IFRS standards that currently permit or require measurement at fair value (with some exceptions). The adoption of this standard will require surplus assets (assets that are not being used to deliver services, but which do not meet the criteria to be classified as either investment properties or non-current assets held for sale) to be revalued to market value rather than value in existing use as at present. Operational property, plant and equipment assets are outside the scope of IFRS 13. Overall this standard is not expected to have a material impact on the Statement of Accounts, due to the low value of surplus assets held by the Council.

**IFRIC21 Levies:** This standard provides guidance on levies imposed by government in the financial statements of entities paying the levy. The IFRIC specifies the obligating event as the activity that triggers the timing of the payment of the levy. The amount payable may be based on information relating to a period before the obligation to pay arises or the levy is payable only if a threshold is reached, or both. This standard will not have a material impact on the Statement of Accounts.

**Annual Improvements to IFRSs (2011 – 2013 Cycle).** These improvements are minor, principally providing clarification and will not have a material impact on the Statement of Accounts.

The Code requires implementation from 1 April 2015 and there is therefore no impact on the 2014/15 Statement of Accounts.

### **3. Critical Judgements in Applying Accounting Policies**

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that assets of the Council might be impaired as a result of the need to close facilities and reduce levels of service provision.

### **4. Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty**

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2015 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

## NOTES TO THE ACCOUNTS

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The current economic climate makes it uncertain that the Council will be able to sustain its current spending on capital enhancements and repairs and maintenance, bringing into doubt the useful lives assigned to assets.	<p>If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls.</p> <p>It is estimated that the annual depreciation charge for buildings would increase by £342k for every year that the useful lives had to be reduced.</p>
Provisions	The Council has made provisions for insurance cover in respect of outstanding claims from the public and HRA tenants. The extent of the provisions relates to the excess on existing claims as at 31 March 2015 where such excesses have been negotiated when agreeing premiums. A provision has also been established to cover the possible refund of personal search fees in respect of local land charges. Following the introduction of the retention of business rates scheme new provisions have been created to provide for the potential successful appeals against rateable values.	An increase over the forthcoming year of 10% in settlements would have the effect of adding £247,300 to the provisions needed.
Pensions Liability	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.	The Pensions actuary will set the employer's pension contribution rates to ensure that pension liabilities are met.
Arrears	At 31 March 2015, the Council had a balance of arrears of Housing Rents, Council Tax and other sundry debtors for £3.96m. A review of the above	If collection rates were to deteriorate, a doubling of the amount of the impairment of doubtful debts would require an additional £2.15m to be set aside

## NOTES TO THE ACCOUNTS

suggested that an impairment of doubtful debts of 54.3% (£2.15m) was appropriate. However, in the current economic climate it is not certain that such an allowance would be sufficient. as an allowance.

This list does not include assets and liabilities that are carried at fair value based on a recently observed market price supported by a professional valuation.

### 5. **Events After the Reporting Period**

The Statement of Accounts was authorised for issue by the Head of Finance on 30 June 2015. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2015, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

### 6. **Adjustments Between Accounting Basis and Funding Basis Under Regulations**

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

The following sets out a description of the reserves that the adjustments are made against.

#### **General Fund Balance**

The General Fund Balance is the statutory fund into which all the receipts of the Council are required to be paid and out of which all liabilities of the Council are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year. However, the balance is not available to be applied to funding Housing Revenue Account services.

#### **Housing Revenue Account Balance**

The Housing Revenue Account Balance reflects the statutory obligation to maintain a revenue account for local authority council housing provision in accordance with Part VI of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function or (where in deficit) that is required to be recovered from tenants in future years.

#### **Major Repairs Reserve**

The Council is required to maintain a Major Repairs Reserve. Each year an amount equivalent to the depreciation charge on HRA assets is transferred into this reserve along with an adjustment to make the overall transfer for dwellings equal to the Major Repairs Allowance set out in the Self Financing determination. This reserve can be used to fund capital expenditure to help maintain or improve HRA assets, or repay HRA debt. Any

## NOTES TO THE ACCOUNTS

balance on this account shows the amount not applied by year end that is available for future years.

### **Capital Receipts Reserve**

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

### **Capital Grants Unapplied**

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and / or the financial year in which this can take place.

## NOTES TO THE ACCOUNTS

The purpose of the significant earmarked reserves are:

**Capital Investment Reserve:** Used to provide finance for the Council's General Fund capital programme not met by other resources e.g. borrowing, capital receipts, revenue contributions, external contributions and other reserves.

**ICT Replacement Reserve :** Used to finance a rolling programme of ICT equipment and software replacement and renewal.

**Equipment Renewals Reserve:** Used to finance a rolling programme of equipment and property replacement and renewal.

**Services Transformation Reserve:** Used to finance service improvements and to enable services to continue to be provided pending delivery of required savings and to finance "Fit For the Future" schemes so as to help the Council secure savings needed in its medium term financial strategy.

**HRA Capital Investment Reserve:** Used to finance significant council housing projects, including building or acquiring new council homes.

The Vehicles, Plant & Equipment Net Book Value at 31<sup>st</sup> March 2015 is split between owned assets of £2,044k and £44k Finance leased assets relating to photocopiers and a dog wardens van.

## Capital Commitments and Planned Works

At 31 March 2015, the Council has entered into a number of contracts for construction or enhancement of Property, Plant and Equipment in 2015/16 and future years and further planned works budgeted to cost £24.9m. Similar commitments at 31 March 2014 were £16.2m. The major commitments are:

# NOTES TO THE ACCOUNTS

	£000
<b>General Fund:</b>	
Crematorium Improvements	611
Fen End - City Deal	559
Bishops Tachbrook Community Centre	450
Urban and Rural Initiatives Programme	439
Play Area Improvement Programme	434

Jubilee House Phase 2	332
<b>Housing Investment Programme:</b>	
Housing New Build / Reprovision	14,446
Council House Improvements / Renewal	5,441
Private Sector Housing - Grants and Loans	764

## Revaluations

The values of the Council Dwellings and Other HRA Property (shops, offices, community centres, garages, surgery and hostel) are based on valuations at 1 April 2015. In the case of land (excluding the land element of the Council Dwellings and Other HRA Property) the valuation date is 1<sup>st</sup> April 2010. The Council Dwellings and Other HRA Property in the Housing Revenue Account are subject to an annual "desktop" review with a full revaluation based on inspection of 'beacon' homes carried out for the 1 April 2010 valuation. The 2015 valuation was undertaken by Mr. K.Shirer MRICS, a senior surveyor within the Valuation Office Agency. During 2014/15 a further one fifth of the General Fund Property Assets was valued as at 1st April 2014 in what was the final year of a five year rolling programme which will provide more up to date Balance Sheet values than would occur with a wholesale revaluation once every five years. The valuations were undertaken by Mr. P.D. Chapman MRICS & Mr. K.Shirer MRICS for the District Valuer.

The current contract for the provision of the Council's General Fund and Housing Revenue Account property valuation requirements is in the process of being tendered for and the successful valuers will be carrying out a full revaluation during 2015/16.

The values at 31<sup>st</sup> March 2015 also take account of any depreciation, impairments and in year capital expenditure which has occurred since the last valuation took place for that specific asset.

The District Valuer (Mr. K.Shirer) has also undertaken a review of a representative selection of General Fund property assets in order to ascertain whether the carrying values of the General Fund property assets represent fair value at 31<sup>st</sup> March 2015 which is confirmed to be the case. The carrying values in the Balance Sheet for those assets in the representative sample have been updated to 31<sup>st</sup> March 2015 as a result of the review

Operational Property Assets, excluding Community Assets, Infrastructure Assets and Equipment are valued at open market value for existing use or depreciated replacement cost based on modern equivalent assets (MEA). Community and Infrastructure Assets are valued at historical cost as are Equipment Assets due to the nature of their short lives. Non Operational Property Assets and Investment Properties are valued at open market value.

## NOTES TO THE ACCOUNTS

	Council Dwellings £000	Other Land and Buildings £000	Vehicles, Plant, etc. £000	Infrastructure Assets £000	Community Assets £000	Surplus Assets £000	Assets Under Construction £000	Total £000
Carried at historical cost	-	816	2,043	2,111	6,700	-	2,453	14,123
Valued at fair value as at:								
- 2014/15	262,740	40,447	-	-	-	880	-	304,067
- 2013/14	-	144	-	-	-	-	-	144
- 2012/13	-	461	-	-	-	-	-	461
- 2011/12	-	4,539	-	-	-	110	-	4,649
- 2010/11	-	5,793	-	-	-	-	-	5,793
- 2009/10	-	860	-	-	-	70	-	930
- 2008/09	-	3	-	-	-	-	-	3
<b>Total Cost or Valuation</b>	<b>262,740</b>	<b>53,063</b>	<b>2,043</b>	<b>2,111</b>	<b>6,700</b>	<b>1,060</b>	<b>2,453</b>	<b>330,170</b>

It should be noted that the total figure in the above table does not reconcile with the Property, Plant and Equipment total recorded in the Balance Sheet by £44,000. This difference relates to the balance outstanding at 31 March 2015 on the Photocopiers and Dog Wardens Van Finance leases (see note 34) which is not included in the table above.

### 12. Heritage Assets

Reconciliation of the Carrying Value of Heritage Assets Held by the Council

#### Decorative Arts & Visual Arts Collections

The majority of the Council's collections of Decorative Arts (ceramics, porcelain, glass and other artefacts of a similar nature) and Visual Arts (paintings and drawings) were revalued by Tim Ritchie & Associates in September 2014. Those items not externally valued due to their low intrinsic worth have been assigned an internal nominal value of £50. The policy is to revalue the collections every 5 years with the next valuation due in September 2019.

#### Other

This comprises the remainder of the Art Gallery and Museum's collections (Archaeology, Ethnography, Numismatics, Pictorial and Social History) and also the Abbey Fields Barn.

## NOTES TO THE ACCOUNTS

In the case of the Art Gallery and Museum's collections some articles have been valued externally as part of the September 2014 revaluation exercise referred to above but the vast majority have been given nominal values of £50 each by the Art Gallery and Museum staff. In the case of the Social History collection, new assets valued at £1,690 were acquired by donation and £250 'untraced' items in 2014/15. Also, £315 of Numismatics were donated.

The Abbey Fields Barn was valued by the District Valuer in 2011/12 at £252,000 on a depreciated replacement cost basis and depreciation has been applied to this asset from 2012/13 based on the remaining life in years determined by the District Valuer.

### Heritage Assets: Five-Year Summary of Transactions

	2010/11	2011/12	2012/13	2013/14	2014/15

### Heritage Assets: Further Information on The Art Gallery and Museum's Collection

Full details of all the artefacts in the various collections can be found by visiting the Leamington Spa Art Gallery & Museum's Collections website [www.lsgmcollections.org.uk](http://www.lsgmcollections.org.uk) and also through Windows on Warwickshire.

### Heritage Assets of Particular Importance

In the Art Collection there are 6 significant exhibits of donated assets. These paintings are, "St Peters Penitence" by P. Champaigne valued at £300,000, "The Prodigal Son" by Abraham Bloemaert valued at £200,000, "The Mission Room" by L.S. Lowry valued at £700,000, 'Tulips' by Leslie George Hunter valued at £500,000, 'Cookham Rise' by Sir Stanley Spencer valued at £250,000 and finally 'The Critics' by Henry Scott Tuke valued at £200,000. In addition, there is one other donated painting worth £110,000. In all cases, these donated assets have no conditions outstanding. Indeed, it is a condition of accepting donated assets that there are no conditions attached to the offer. Amongst the purchased exhibits there is a painting "Self Portrait By Candlelight" by Schalcken worth £200,000 and a sculpture by Catherine Long worth £270,000. Again, full details of these exhibits can be found by visiting the website referred to in the paragraph above.

### Preservation and Management

The Art Gallery and Museum has recently revised its various policies covering Collections Access, Collections Care and Conservation, Collections Documentation and Collection Development and full details of these policies can be obtained by contacting the Art Gallery & Museum at [prooms@warwickdc.gov.uk](mailto:prooms@warwickdc.gov.uk).

# NOTES TO THE ACCOUNTS

## 13. Investment Properties

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure section in the Comprehensive Income and Expenditure Statement:

	2014/15 £000	2013/14 £000
Rental income from investment property	556	569
Direct operating expenses arising from investment property	(419)	(317)
<b>Net gain / (loss)</b>	<b>137</b>	<b>252</b>

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property or repairs, maintenance or enhancement.

A significant number of the Council's investment properties were revalued during 2013/14 and the remaining properties were revalued during 2014/15.

The following table summarises the movement in the fair value of investment properties over the year:

	2014/15 £000	2013/14 £000
<b>Balance at start of the year</b>	<b>9,535</b>	<b>9,530</b>
Additions:		
- Construction	-	1,103
- Subsequent expenditure	119	54
Disposals	(247)	(450)
Net gains / losses from fair value adjustments	(465)	(1,320)
Transfers:		
- To / from Property, Plant and Equipment	-	618
<b>Balance at end of year</b>	<b>8,942</b>	<b>9,535</b>

Within the Housing Revenue Account the Council has a number of shops etc. which whilst still forming part of its Operational non-current assets are leased out on a commercial basis in order to derive rental income. These properties generated rental income of £315,800 in 2014/15. Details of these properties are disclosed in Note 34 Leases.

## 14. Intangible Assets

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. The intangible assets include purchased licences and software.

Wherever appropriate, software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Council. The remaining useful lives at 31<sup>st</sup> March 2015 assigned to the major software suites and licences used by the Council are:

## NOTES TO THE ACCOUNTS

5 years	VDI Project Software	Amount Amortised	£962
2 years	e-Consultation Software	Amount Amortised	£1,244
0 years	Infrastructure Replacement Software	Amount Amortised	£7,153

The carrying amount of intangible assets is amortised on a straight-line basis but where the intangible asset has an indefinite life then the value of that asset is left on the balance sheet and not amortised to revenue.

The movement on Intangible Asset balances during the year is as follows:

	2014/15			2013/14		
	General Fund £000	HRA £000	Total £000	General Fund £000	HRA £000	Total £000

## NOTES TO THE ACCOUNTS

### Fair Values of Assets and Liabilities

Financial liabilities, financial assets represented by loans and receivables and long-term debtors and creditors are carried in the Balance Sheet at amortised cost. Their fair value can be assessed using the following assumptions:

- No early repayment or impairment is recognised
- Where an instrument will mature in the next 12 months, carrying amount is assumed to approximate to fair value
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.

For each of the categories of Financial Assets and Liabilities an assessment of the carrying amount against fair value has been made and in all cases the carrying amount was found to be equal to fair value. For instance, in respect of trade receivables and payables this was because they are of short duration and have no stated interest rate and with respect to investments the carrying and fair values are the same due to the investments having fixed principal, interest rates and terms, or in the case of Money Market Funds, which are subject to variable daily interest rates, the investments are of such short duration that the effective interest rate and the actual interest rates are essentially the same.

### 16. Assets Held for Sale

	Current	
	2014/15	2013/14
	£000	£000
<b>Balance outstanding at start of year</b>	<b>748</b>	614
Assets newly classified as held for sale:		
- Property, Plant and Equipment	<b>242</b>	272
Revaluation gains	<b>121</b>	476
Assets sold	<b>(748)</b>	(614)
<b>Balance outstanding at year-end</b>	<b>363</b>	748

At the end of 2014/15, it was expected that 10/14 Chapel Street Warwick would be sold in 2015/16. However, it should be noted that this property is an Investment Property and as such the code does not permit its transfer to Assets Held for Sale and it continues to be accounted for as an Investment Property within the balance sheet until the actual date of its disposal.

(13)	Financial Instruments Adjustment Account	(13)
(33,651)	Pensions Reserve	(45,431)
(1,008)	Collection Fund Adjustment Account	(3,668)
(280)	Accumulated Absences Account	(282)
<b>159,137</b>	<b>TOTAL UNUSABLE RESERVES</b>	<b>162,208</b>

### Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property. It also includes the gains made when assets e.g. Heritage Assets (except donated Heritage Assets) are recognised in the balance sheet for the first time. Plant, Equipment and Intangible Assets are currently valued on a Historic Cost basis therefore the Revaluation Reserve does not contain any balances for these non-current assets. The balance is reduced when assets with accumulated gains are:

- Revalued downwards or impaired and the gains are lost
- Used in the provision of services and the gains are consumed through depreciation, or
- Disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2013/14 £000		2014/15 £000	£000
15,062	<b>Balance at 1 April</b>		<b>15,598</b>
538	Upward revaluation of assets	3,185	
(23)	Downward revaluation of assets and impairment losses not charged to the Surplus / Deficit on the Provision of Services	(1,207)	
	Surplus or deficit on revaluation of non-current assets not posted to the Surplus or Deficit on the Provision of Services		1,978
-	Recognition of Heritage Assets on Donation		1
21	Difference between fair value depreciation and historical cost depreciation	(533)	
21	Amount written off to the Capital Adjustment Account		(533)
<b>15,598</b>	<b>Balance at 31 March</b>		<b>17,044</b>

## NOTES TO THE ACCOUNTS

### Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2013/14 £000		2014/15 £000
224	<b>Balance at 1 April</b>	<b>224</b>
-	Transfer of deferred sale proceeds credited as part of the gain / loss on disposal to the Comprehensive Income and Expenditure Account	564
-	Transfer to the Capital Receipts Reserve upon receipt of cash	-
224	<b>Balance at 31 March</b>	<b>788</b>

### Available for Sale Financial Instruments Reserve

The Available for Sale Financial Instruments Reserve contains the gains made by the Council arising from increases in the value of its investments that have quoted market prices or otherwise do not have fixed determinable payments. The balance is reduced when investments with accumulated gains are:

- Revalued downwards or impaired and the gains lost
- Disposed of and the gains realised.

2013/14 £000		2014/15 £000	£000
-	<b>Balance at 1 April</b>		<b>11</b>
11	Upward revaluation of investments	76	
-	Downward revaluation of investments not charged to the Surplus / Deficit on the Provision of Services	(11)	
	Accumulated gains on assets sold and maturing assets written out to the Comprehensive Income and Expenditure Statement as part of Other Investment Income		65
11	<b>Balance at 31 March</b>		<b>76</b>

## NOTES TO THE ACCOUNTS

### **Capital Adjustment Account**

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or subsequent costs as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and subsequent costs.

The Account contains accumulated gains and losses on Investment Properties and Assets Held for Sale and in the case of Heritage Assets the gains on initial recognition of donated Heritage Assets with no outstanding conditions. The Council acquired further donated Heritage Assets in 2014/15 and the gains recognised on these assets are also held in this account.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

The Account also contains the effects of the special one-off payment to DCLG (£136,157m) made on 28 March 2012 which was required to buy out the Governments share of the Housing Stock on the creation of the HRA Self Financing Regime on 1 April 2012.

Note 6 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

## NOTES TO THE ACCOUNTS

2013/14 £000		2014/15

-	Cash receipts of short- and long-term borrowing	-
(1,291)	Other receipts from financing activities	492
31	Cash payments for the reduction of the outstanding liabilities relating to finance leases	32
-	Repayments of short- and long-term borrowing	-
1,046	Other payments for financing activities	-
<hr/>		<hr/>
(214)	<b>Net cash flows from financing activities</b>	<b>524</b>

# NOTES TO THE ACCOUNTS

## **26. Amounts Reported for Resource Allocation Decisions**

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the *Service Reporting Code of Practice*. However, decisions about resource allocation are taken by the Council's Executive on the basis of budget reports analysed across portfolio areas. These reports are prepared on the same basis as the accounting policies used in the financial statements.

The income and expenditure of the Council's portfolio areas recorded in the budget reports for the year is as follows:

## NOTES TO THE ACCOUNTS

Portfolio Income and Expenditure 2014/15	CULTURE £000	DEVELOPMENT £000	FINANCE £000	HEALTH & COMMUNITY PROTECTION £000	HOUSING & PROPERTY G. FUND £000	NEIGHBOURHOOD £000	STRATEGIC LEADERSHIP £000	HOUSING REVENUE ACCOUNT £000	TOTAL £000

### 27. Agency Income and Expenditure

In August 2007 the Decriminalisation of Parking Enforcement was introduced within the Council's area. This moved parking enforcement from the former Warwickshire Police Authority to Warwickshire County Council and saw the introduction of on-street parking charges within the Council's area. As district councils are already responsible for off-street parking arrangements it is considered good practice for them to administer on-street parking as agents for county councils.

The County Council reimburses the Council for direct costs of the service, an agreed proportion of the shared costs and a contribution towards the administrative costs. The net surplus of fee income generated less collection costs is paid to the County Council.

A summary of income and expenditure in respect of the activity, which is not included in the Comprehensive Income and Expenditure Account, is as follows:

	2014/15 £000	2013/14 £000
Direct Costs	56	96
Proportion of Shared Costs	344	687
Administrative Costs	69	136
Income	(1,147)	(2,002)
<b>Net Surplus paid to Warwickshire County Council</b>	<b>(678)</b>	<b>(1,083)</b>

This Agency Agreement was terminated at 31 October 2014.

# NOTES TO THE ACCOUNTS

## 28. Members' Allowances

In England, the Local Authorities (Members Allowances) (England) Regulations 2003 provide for the circumstances in which allowances are payable to members and the maximum amounts payable in respect of certain allowances.

The total value of allowances paid to the Council's members during 2014/15 was:

	2014/15 £000	2013/14 £000
<b>Allowances:</b>		
Basic	212	213
Special Responsibility	56	55
Chair and Vice Chair Allowances	17	18
Co-Optees	1	2
Other Allowances (Travel, Subsistence, etc.)	10	11
<b>Total Allowances</b>	<b>296</b>	<b>299</b>

Details of the amounts paid to individual members may be obtained from The Head of Finance, Warwick District Council, P.O. Box 2180, Riverside House, Milverton Hill, Royal Leamington Spa, Warwickshire CV32 5QW.

## 29. Officers' Remuneration

The remuneration paid to the Council's senior employees is as follows:

Post Title		Salary (inc Fees & Allowances) £	Pension Contribution £	Total Remuneration Inc Pension Contribution £
Chief Executive	2014/15	107,312	14,487	121,799
	2013/14	109,616	16,879	126,495
Deputy Chief Executive	2014/15	84,923	11,465	96,388
	2013/14	84,542	13,605	98,147
Deputy Chief Executive	2014/15	100,075	12,123	112,198
	2013/14	81,250	13,081	94,331
S151 Officer	2014/15	74,872	10,108	84,980
	2013/14	74,056	11,921	85,977
<b>TOTALS</b>	2014/15	367,182	48,183	415,365
<b>TOTALS</b>	2013/14	349,464	55,486	404,950

## NOTES TO THE ACCOUNTS

The Council's other employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions) were paid the following amounts:

	Number of Employees		Number of Employees	
	Total	Left	Total	Left
	2014/15	in Year	2013/14	in Year
£50,000 - £54,999	-	-	2	2
£55,000 - £59,999	1	-	-	-
£60,000 - £64,999	3	-	3	1
£65,000 - £69,999	1	1	-	-
£75,000 - £79,999	-	-	1	1
£100,000 - £104,999	-	-	1	1

The number of exit packages with total cost per band and total cost of compulsory and other redundancies are set out in the table below:

(a) Exit Package cost band (including special payments)	(b) Number of compulsory redundancies		(c) Number of other departures agreed		(d) Total number of exit packages by cost band [(b) + (c)]		(e) Total cost of exit packages in each band	
	2013/14	2014/15	2013/14	2014/15	2013/14	2014/15	2013/14	2014/15

Total cost included in bandings and in CIES	6	12	5	9	11	21	£382,491	£423,015

### 30. External Audit Costs

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the Council's external auditors Grant Thornton UK LLP:

	2014/15 £'000	2013/14 £'000
Fees payable to Grant Thornton with regard to external audit services carried out by the appointed auditor	64	74
Fees payable to Grant Thornton for the certification of grant claims and returns	12	11
<b>TOTAL PAID</b>	<b>76</b>	<b>85</b>

# NOTES TO THE ACCOUNTS

## 31. Grant Income

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2014/15:

	2014/15 £000	2013/14 £000
<b>Credited to Taxation and Non-Specific Grant Income</b>		
Revenue Support Grant	(3,515)	(4,552)
New Homes Bonus	(1,232)	(1,009)
Small Business Rate Relief Grant	(756)	(525)
Council Tax Freeze Grant	(78)	(79)
Council Tax Support Grant	(80)	(63)
Capitalisation Provision Redistribution	-	(24)
Council Tax Localising	-	(22)
Right To Challenge Grant	(8)	(9)
Right To Bid New Burdens Grant	(8)	(8)
Transparency Setup Grant	(6)	(2)
Council Tax Annex Discount Grant	(1)	-
<b><u>Capital Grants and Contributions:</u></b>		
- Flood Alleviation	(105)	(947)
- Chase Meadow Community Centre	(1)	(664)
- DCLG: Fen End - City Deal	-	(559)
- Donated Heritage Assets	(9)	(173)
- Other contributions towards Biomass Boiler, thermal improvements etc.	-	(36)
- Kenilworth Skate Park	-	(29)
- Replacement Rural Footway Street Lighting	-	(21)
- 26 Hamilton Terrace Gaming Hub	(108)	-
- S106 Contribs towards social housing & play equipment	(1,302)	(180)
<b>TOTAL</b>	<b>(7,209)</b>	<b>(8,902)</b>
<b>Credited to Services</b>		
DWP grants for Housing Benefits	(30,099)	(30,794)

Contribution towards NNDR Collection	(214)	(213)
Individual Electoral Registration	(44)	-
LA-Community Advice and Support	(10)	-
Efficiency and Transformation Grant	(13)	-
Site Delivery Fund	(50)	-
EU Inspire	-	(7)
Implementation of Homelessness Act	(30)	-
<b>TOTAL</b>	<b>(31,403)</b>	<b>(32,025)</b>
<b>TOTAL GRANTS</b>	<b>(38,612)</b>	<b>(40,927)</b>

## NOTES TO THE ACCOUNTS

The Council has received a number of grants, contributions and donations that have yet to be recognised as income as they have legally binding conditions attached to them that will require the monies or property to be returned to the giver. The balances at the year-end are as follows:

	2014/15 £000	2013/14 £000
<b>Capital Grants / Contributions Receipts in Advance</b>		
S106 Contributions towards social housing, car parking & play equipment	(374)	(915)
<b>TOTAL</b>	<b>(374)</b>	<b>(915)</b>

### 32. Related Party Transactions

The Council is required to disclose material transactions with related parties - bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

#### Central Government:

Central Government has significant influence over the general operations of the Council - it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 26. Grant receipts outstanding at 31 March 2015 are included within the figures shown in Note 31.

#### Warwickshire County Council and the Office of the Warwickshire Police and Crime Commissioner:

These authorities issue precepts on the Council and these are shown in the Collection Fund Statement. Warwickshire County Council is the administering authority for the Pension Fund and details of the employer's contributions paid by this Council are shown in Note 36.

#### Precepting Bodies:

The various Town and Parish Councils in the Council's area issue precepts on the Council. For 2014/15 the precepts issued totalled £1,207,647 (£1,122,295 2013/14). The major preceptors were:

	2014/15 £000	2013/14 £000
Warwick Town Council	306	291
Royal Leamington Spa Town Council	291	273
Kenilworth Town Council	175	173
Whitnash Town Council	103	91

#### Council Members and Chief Officers:

Council Members make disclosures of their pecuniary and non-pecuniary interests in the Members' Register, and also have to make declarations on individual committee agenda items. In addition to Council Members, the Chief Executive and two Deputy Chief Executives also make annual declarations in respect of any Related Party Transactions they may have.

## NOTES TO THE ACCOUNTS

Council Members have direct control over the Council's financial and operating policies. Grants totalling £424,600 (£345,607 2013/14) were paid to voluntary organisations in which six members had positions on the governing body. The grants were made with proper consideration of declarations of interest. The relevant members did not take part in any discussion or decision relating to the grants. The major grants awarded were:

	2014/15 £000	2013/14 £000
Citizens' Advice Bureau	151	102
Brunswick Healthy Living Centre	104	84
Warwickshire Community and Voluntary Action (CAVA)	92	65
The Chain	49	43

Details of Members' Allowances paid in 2014/15 are shown in Note 28 and Officer Salaries are disclosed in Note 29.

### Leamington Bid:

The Council acts as an agent in respect of Leamington Bid whereby it collects the levy due on the Bid's behalf (£296,000 in 2014/15).

### **33. Capital Expenditure and Capital Financing**

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed.

	2014/15 £000	2013/14 £000
<b>Opening Capital Financing Requirement</b>	<b>134,460</b>	<b>134,460</b>
<b>Capital Investment:</b>		
Property, Plant and Equipment including Finance Leases	9,095	8,824
Intangible Assets	-	8
Revenue Expenditure Funded from Capital Under Statute	1,118	1,330
Finance Leases Principal	44	76
Long Term Debtors	3	-
<b>Sources of Finance:</b>		
Capital Receipts	(1,315)	(1,599)
Government grants and other contributions	(2,261)	(1,915)
Major Repairs Account	(4,188)	(5,176)
Sums set aside from revenue	(2,452)	(1,472)
Adjustment for expenditure where MRP is being met by Asset Life or Depreciation Methods	(44)	(76)
<b>Closing Capital Financing Requirement</b>	<b>134,460</b>	<b>134,460</b>

# NOTES TO THE ACCOUNTS

## 34. Leases

### Authority as Lessee

#### Finance Leases

In 2011/12 and 2012/13 the Council acquired photocopiers under a Finance Lease and then in 2014/15 acquired a Dog Wardens van also under a Finance Lease . The liability remaining in the balance sheet at 31<sup>st</sup> March was £44,479. The minimum lease payments over the coming years are analysed below:

2015/16	£32,911
2016/17	£2,971
2017/18	£1,973
2018/19	£2,090
2019/20	£2,207
2020/21	£2,327

### Authority as Lessor

The Council, as a lessor, does not have any leases which qualify as finance leases.

#### Operating Leases

With effect from 1<sup>st</sup> April 2010, the Council entered into an operating lease with Mack Trading whereby the Council leased out the operation of the Newbold Comyn Golf Course for a term of 50 years at a rent of £20,000 per annum commencing in year 4 and subject to 5 yearly rent reviews.

Within the Housing Revenue Account the Council has a number of shops etc. which whilst still forming part of its Operational non-current assets are leased out on a commercial basis in order to derive rental income.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	31 March 2015 £000	31 March 2014 £000
Not later than one year	318	305
Later than one year and not later than five years	1,371	1,302
Later than five years	840	880
	<b>2,529</b>	<b>2,487</b>

The General Fund has a number of investment properties that it leases out which generates £569,000 rental income. Transactions relating to these properties are disclosed in Note 13 Investment Properties.

## 35. Impairment/Revaluation Losses

During 2014/15, the Council has recognised no impairment losses charged to the General Fund as a result of writing out or down physically impaired or obsolete assets.

Revaluation losses amounting to £352,737 mainly in respect of Riverside House and Victoria Park Bowls Pavilion were charged to the General Fund and then in accordance with statutory accounting requirements reversed out to the Capital Adjustments Account

## NOTES TO THE ACCOUNTS

to ensure no impact on the Council Tax. In addition, Revaluation impairments amounting to £87,512 charged to the General Fund in previous years as a result of revaluations carried out by the District Valuer were recovered.

Within the Housing Revenue Account, the Council has recognised a revaluation impairment gain amounting to £16,350,887 relating to its housing stock which has partially reversed previous revaluation impairment losses charged to the HRA.

### **36. Defined Benefit Pension Schemes**

#### **Participation in Pension Schemes**

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments for those benefits and to disclose them at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme administered locally by Warwickshire County Council. This is a funded defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pensions' liabilities with investment assets.

#### **Transactions Relating to Post-employment Benefits**

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of post-employment / retirement benefits is reversed out of the General Fund and Housing Revenue Account via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

## NOTES TO THE ACCOUNTS

	2014/15 £000	2013/14 £000
<b>Comprehensive Income and Expenditure Statement</b>		
<i>Cost of Services:</i>		
- current service cost	2,510	2,547
- past service costs	33	101
- (gain) / loss from settlements	-	-

- Return on plan assets (excluding the amount included in the net interest expense)	(8,056)	(5,652)
- Actuarial gains and losses arising on changes in demographic assumptions	-	(720)
- Actuarial gains and losses arising on changes in financial assumptions	18,954	3,303
- Other	(1,057)	(289)
<i>Total Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement</i>	<b>13,840</b>	<b>869</b>
<b>Movement in Reserves Statement</b>		
- reversal of net charges made to the Surplus or Deficit for the Provision of Services for post employment benefits in accordance with the Code	(3,999)	(4,227)
<b>Actual amount charged against the General Fund and HRA Balances for pensions in the year:</b>		
Employer's contributions payable to scheme	<b>2,060</b>	2,008

### Pensions Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the Council's obligation in respect of its defined benefit plans is as follows:

	2014/15 £000	2013/14 £000
Present value of the defined benefit obligation	148,809	127,143
Fair value of plan assets	(103,378)	(93,492)
<b>Net liability arising from defined benefit obligation</b>	<b>45,431</b>	<b>33,651</b>

## NOTES TO THE ACCOUNTS

### Reconciliation of the Movements in the Fair Value of the Scheme (Plan) Assets:

	2014/15 £000	2013/14 £000
<b>Opening fair value of scheme assets</b>	<b>93,492</b>	<b>85,498</b>
Interest income	3,972	3,812
Remeasurement gain / (loss):		
- The return on plan assets, excluding the amount included in the net interest expense	8,056	5,652
The effect of changes in foreign exchange rates		
Contributions from employer	2,060	2,008
Contributions from employees into the scheme	691	666
Benefits paid	(4,893)	(4,144)
<b>Closing fair value of scheme assets</b>	<b>103,378</b>	<b>93,492</b>

### Reconciliation of Present Value of the Scheme Liabilities (Defined Benefit Obligation):

	2014/15 £000	2013/14 £000
<b>Opening balance at 1 April</b>	<b>127,143</b>	<b>120,288</b>
Current service cost	2,510	2,547
Interest cost	5,428	5,391
Contributions from scheme participants	691	666
Remeasurement (gains) / losses:		
- Actuarial gains / losses arising from changes in demographic assumptions	-	(720)
- Actuarial gains / losses arising from changes in financial assumptions	18,954	3,303
- Other experience	(1,057)	(289)
Past service cost	33	101
Benefits paid	(4,893)	(4,144)
<b>Closing balance at 31 March</b>	<b>148,809</b>	<b>127,143</b>

### Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc.

The Warwickshire County Council Fund liabilities have been assessed by Hymans Robertson, an independent firm of actuaries, estimates for the County Council Fund being based on the latest full valuation of the scheme as at 31 March 2013.

# NOTES TO THE ACCOUNTS

The significant assumptions used by the actuary have been:

	2014/15	2013/14
Long-term expected rate of return on assets in the scheme:		
Equity investments	3.2%	4.3%
Bonds	3.2%	4.3%
Property	3.2%	4.3%
Cash	3.2%	4.3%
Mortality assumptions:		
Longevity at 65 for current pensioners:		
Men	22.4 years	22.4 years
Women	24.4 years	24.4 years
Longevity at 65 for future pensioners:		
Men	24.3 years	24.3 years
Women	26.6 years	26.6 years
Rate of inflation	2.8%	3.6%
Rate of increase in salaries	4.3%	4.6%
Rate of increase in pensions	2.4%	2.8%
Rate of discounting scheme liabilities	3.2%	4.3%

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that like expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

	Increase in Assumption £000	Decrease in Assumption £000
Longevity (increase or decrease in 1 year)	4,464	(4,464)
Rate of increase in salaries (increase or decrease by 1%)	9,234	(9,234)
Rate of increase in pensions (increase or decrease by 1%)	19,988	(19,988)
Rate for discounting scheme liabilities (increase or decrease by 1%)	29,880	(29,880)

## Impact on the Council's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The County Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 19 years. Funding levels are monitored on an annual basis. The next triennial valuation is due to be completed on 31 March 2016.

The Council anticipates paying £1,937,000 expected contributions to the scheme in 2015/16.

The weighted average duration of the defined benefit obligation for scheme members is 18 years, 2014/15 (18 years 2013/14).

## NOTES TO THE ACCOUNTS

There is an inconsistency between the total scheme assets as determined by the actuary and the total scheme assets as per the pension scheme accounts. This is because the actuary has estimated the value of assets using the actual return on assets to December 2014 and has estimated the return on assets for January to March 2015.

### **37. Contingent Liabilities**

#### Mutual Municipal Insurance Limited:

Before it stopped underwriting operations in September 1992, Mutual Municipal Insurance Limited (MMI) was the predominant insurer of public sector bodies, including local authorities, police and fire and rescue services. The implementation of a Scheme of Arrangement in 1993 means that even today many of those bodies and their successor authorities still have potentially significant exposure to MMI.

After several years of a deteriorating solvency position, and an adverse judgement in the Supreme Court, in November 2012 the Scheme was triggered. In April 2013, the Scheme Administrator announced that the "initial rate of the levy" would be 15% of the total of claims paid since 1993 (less £50,000) by the Scheme member or its successors. The levy will be applied once new claims handling procedures have been put in place.

This means that members of the Scheme face an imminent call on funds to eliminate MMI's current deficit and that in future only 85% of claim amounts will be paid out. Members also face potential future calls if the situation deteriorates further. Although the Council has provided for the bulk of this claw back there is potential for a further £100,000 to be reclaimed if the situation deteriorates further.

#### Business Rates Appeals:

The Council has included a provision for Business Rate appeals of £8.5m for businesses both submitting and being successful with an appeal, the details of which are included at note 20 on page 49. Due to the nature of the appeals process there is a potential for businesses to still appeal against their current rating. However, we have been unable to make a reliable estimate for the value of the potential liability of appeals that have not yet been submitted.

### **38. Nature and Extent of Risks Arising from Financial Instruments**

The Council's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Council
- Liquidity risk – the possibility that the Council might not have funds available to meet its commitments to make payments
- Market risk – the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates and stock market movements.

The Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. Risk management is carried out by a central treasury team, under policies approved by the Council in the Annual Treasury Management Strategy. The Council provides written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk and the investment of surplus cash.

#### **Credit Risk**

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers.

## NOTES TO THE ACCOUNTS

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, as laid down by Fitch's Ratings Services. The Council also has regard to ratings published by Standard & Poor and Moody's and credit default swap overlays supplied by its Treasury consultants. The Treasury function also takes note of market intelligence. The Annual Investment Strategy also imposes a maximum sum to be invested with each type of financial institution located within each category.

The credit criteria at 1<sup>st</sup> April 2015 in respect of financial assets held by the Council are:

Financial Asset Category	Minimum Criteria ( Fitch ratings )	Maximum Investment ( per Counterparty or Group )	Maximum Duration	Proportion of Portfolio at 31st March 2015 £'000
Deposits With Banks	Sovereign equal to UK rating Long Term A+ ( Nationalised banks A ) Short Term F1 Viability BBB minimum Support 1	£5m ( private )	Up to 2 years	10,357
		£9m ( nationalised )	Up to 2 years	18,133
Deposits With Building Societies Category A	Sovereign equal to UK rating Long Term A+ Short Term F1	£4m	Up to 2 years	2,005
Deposits with Money Market Funds	Constant Net Asset Value Funds - S & P AAAM or Moody's Aaa-mf or Fitch AAAmmf	£9m	Not defined - depends on cash flow	9,621
Deposits with Money Market Funds	Variable Net Asset Value Funds - S & P AAAS1 or Moody's Aaa- bf or Fitch AAA/V1	£6m	Not defined - depends on cash flow	6,017
Local and Police Authorities	Secured by statute on revenues of Authority	£9m	Up to 5 years	9,046
				<b>55,179</b>

The investments in force at 31 March 2015 totalling £55,179m have been reviewed and it is considered that following stabilisation of the UK banking system after the banking crisis of 2008 the Council is at a low risk of a counterparty defaulting during the remaining term of the investments as default is less likely particularly as the banks are now required to maintain much higher liquidity levels and "bail-in" regulations ensure that if default should be a possibility then shareholders of that particular institution will be required to put more funds into it in order to support it. It is also expected that the UK Government will still act as lender of last resort if the failed institution should be of sufficient size that its demise would threaten the stability of the UK banking system.

Where appropriate the Council makes use of a credit checking agency so that customers for goods and services e.g. major contracts are assessed and suitable credit limits set. At 31 March 2015, sundry debts outstanding stood at £2.376m of which £0.496m related to general debts and £1.880m to Housing and Council Tax Benefit overpayments. An assessment has taken place of the likelihood of these debts being defaulted upon and bad debts provisions of £0.035m (7.1%) and £0.821m (43.7%) have been established in respect of the general debts and Housing and Council Tax Benefit Overpayments respectively. An analysis by age of the £2.376m less £0.856m bad debts provision follows:

## NOTES TO THE ACCOUNTS

	31 March 2015 £000	31 March 2014 £000
Less than three months	583	668
Four to six months	180	91
Seven to nine months	136	101
Ten to twelve months	137	48
More than one year	484	464
<b>Total</b>	<b>1,520</b>	<b>1,372</b>

At 31 March 2015, outstanding arrears in respect of council house rents and charges stood at £1.576m; again an assessment of the default rate on these arrears has been made and a bad debts provision of £1.013m (64.3%) has been established.

### Liquidity Risk

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the Council is able to borrow, subject to the limits imposed by the relevant Prudential Indicators, from the Money Markets to make up the shortfall. The relevant Prudential Indicators in this instance are the Operational Boundary for External Debt (2014/15 revised £151.127m and 2015/16 £151.095m) which manages the day to day cash flow requirements and the Authorised Limit for External Debt which sets an absolute ceiling on the amount of borrowing allowed (2014/15 revised £163.127m and 2015/16 £185.095m). The Council did not incur any borrowing either for cash flow or long term purposes in 2014/15 and there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments in 2015/16. The Public Works Loan Board loans taken out to finance the HRA Self Financing buy out in 2011/12 mature between 2053 and 2062. The amount in the Balance Sheet includes £52,225 interest relating to 2014/15 which will be paid in 2015/16.

The Council has within its balance sheet, £0.424m in respect of external contributions paid to it by developers and other contributors to be spent on mainly capital expenditure for which there is no precise indication of when the related spend will take place. If the spend does not take place, the contributions will need to be refunded but this is not expected to be an issue in 2015/16. All of the Council's trade and other payables are due to be paid in less than one year.

### Market Risk

#### Interest Rate Risk

The Council's external borrowing is made up of PWLB Fixed Rate Maturity loans with maturities of between 41 and 50 years and the average rate of the portfolio is 3.50%. This gives certainty in terms of interest payments but the principal disadvantage to this certainty arises from movements in long term borrowing rates which are influenced by Gilt yields. Should long term borrowing rates drop below the portfolio average of 3.50% it will be difficult for the Council to take advantage without incurring considerable premiums in buying itself out of the PWLB loans. Conversely, should interest rates rise then the Council may be able to take advantage of this and restructure its PWLB loans thus generating discounts.

The main risk to its investment income comes from movements in Bank Rate and the Money Market Rates. For instance, a rise in interest rates would have the following effects:

- Investments at variable rates – the interest income credited to the Surplus or Deficit on the Provision of Services will rise
- Investments at fixed rates – the fair value of the assets will fall.

## NOTES TO THE ACCOUNTS

The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget quarterly during the year. This allows any adverse changes to be accommodated.

According to this assessment strategy, based on the 2014/15 out-turn a 0.25% movement upwards in interest rates would have produced an additional £0.154m interest. Conversely the same movement downwards would have reduced investment interest by a similar amount.

### **Price Risk**

The Council does not invest in equity shares. However it does invest in Certificates of Deposits and Corporate Bonds which are instruments where the price does fluctuate, the Council manages this risk by only purchasing investments with a relatively short term to run and by holding the investments to maturity thus nullifying the effect of price fluctuations as the investments are redeemed at par i.e. face value.

### **Foreign Exchange Risk**

The Council has no financial assets or liabilities denominated in foreign currencies and, thus, has no exposure to loss arising from movements in exchange rates.

### **39. Authorisation of Accounts for Issue**

The Chief Financial Officer authorised the Statement of Accounts for issue to the Council's members on 30 June 2015.

# HOUSING REVENUE ACCOUNT INCOME & EXPENDITURE STATEMENT

The Housing Revenue Account (HRA) Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Authorities charge rents to cover expenditure in accordance with regulations; this may be different from the accounting cost. The increase or decrease in the year, on the basis on which rents are raised, is shown in the Movement on the Housing Revenue Account Statement.

2013/14 £'000		Notes	2014/15 £'000	2014/15 £'000
<b>EXPENDITURE</b>				
4,988	Repairs and Maintenance		5,548

## MOVEMENT ON THE HRA BALANCE STATEMENT

The 'Surplus or (Deficit) for the year on HRA services' line shows the true economic cost of providing the authority's services, more details of which are shown in the HRA Income and Expenditure Statement. These are different from statutory amounts required to be charged to the Housing Revenue Account for dwellings rent setting purposes. The 'Net Increase / (Decrease) before transfers to earmarked reserves' line shows the change in the statutory Housing Revenue Account Balance before any discretionary transfers to or from reserves undertaken by the Council.

2013/14 £000		Notes	2014/15 £000	£000

# NOTES TO THE HOUSING REVENUE ACCOUNT

## 1. Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Housing Revenue Account Income and Expenditure Statement is that specified by the *Service Reporting Code of Practice*. However, decisions about resource allocation are taken by the Council's Executive on the basis of budget reports analysed across portfolio areas. These reports are prepared on the same basis as the accounting policies used in the financial statements.

The income and expenditure of the Council's Housing Revenue Account portfolio area recorded in the budget reports for the year is as follows:

	2014/15 £000	2013/14 £000
Other Grants and Contributions	(502)	(11)
Fees and Charges	(193)	(705)
Rents	(802)	(25,256)
Other Income	(26,036)	(296)
Recharges	(172)	(3,184)
<b>Total Income</b>	<b>(27,705)</b>	<b>(29,452)</b>
Employees	2,310	2,374
Premises	6,248	6,181
Transport	92	100
Supplies and Services	811	577
Third Party Payments	667	776
Support Services	1,854	3,586
Capital Financing Charges	(13,320)	(14,467)
<b>Total Operating Expenses</b>	<b>(1,338)</b>	<b>(873)</b>
<b>Net Cost of HRA Services</b>	<b>(29,043)</b>	<b>(30,325)</b>

## NOTES TO THE HOUSING REVENUE ACCOUNT

### 2. Housing Stock

The Council was responsible for managing the following Council dwellings included in the Housing Revenue Account:

	<b>31 March 2015 Nos.</b>	<b>31 March 2014 Nos.</b>
Houses	2,446	2,461
Flats	2,380	2,422
Bungalows	669	669
	<b>5,495</b>	<b>5,552</b>

The change in housing stock can be summarised as follows:

	<b>2014/15 Nos.</b>	<b>2013/14 Nos.</b>
Housing Stock at 1 April	5,552	5,591
Purchases	1	-
Right to Buy Sales	(27)	(39)
Demolition for redevelopment	(31)	-
	<b>5,495</b>	<b>5,552</b>
Housing Stock at 31 March	<b>5,495</b>	<b>5,552</b>

### 3. Housing Revenue Account Non-Current Assets and Assets Held For Sale

The total Housing Revenue Account non-current assets and assets held for sale can be analysed as follows:

	<b>31 March 2015 £'000</b>	<b>1 April 2014 £'000</b>
Council Dwellings	262,740	245,791
Other Properties	6,194	6,162
Land	179	179
Equipment	79	100
Assets Under Construction	1,829	151
Surplus Assets	780	2,103
Assets Held for Sale	363	748
	<b>272,164</b>	<b>255,234</b>
<b>Total Balance Sheet Items</b>	<b>272,164</b>	<b>255,234</b>

## NOTES TO THE HOUSING REVENUE ACCOUNT

### 4. Valuation of Dwellings

The 'vacant possession' value of dwellings represents the open market value of the housing stock, whilst the Balance Sheet value represents the reduced valuation owing to the stock being used for social housing. The difference between the two valuations (a reduction to 34% of the market valuation) is the 'Economic Cost' of providing council housing at less than open market rents.

	1 April 2014 £'000	1 April 2013 £'000
Vacant Possession Value of Dwellings	719,732	671,312
Balance Sheet Value of Dwellings	245,791	229,001
<b>Economic Cost to Government</b>	<b>473,941</b>	<b>442,311</b>

### 5. Summary of Capital Expenditure Funding Sources

	2014/15 £'000	2013/14 £'000
Usable Capital Receipts	764	13
Revenue and Other Contributions	2,220	542
Major Repairs Reserve	4,188	5,175
<b>TOTAL CAPITAL EXPENDITURE FUNDING</b>	<b>7,172</b>	<b>5,730</b>

### 6. Intangible Assets / Revenue Expenditure Funded from Capital under Statute

During 2014/15 the Housing Revenue Account incurred expenditure amounting to £80,525 on Revenue Expenditure Funded from Capital under Statute (£55,627 in 2013/14), which is capital expenditure incurred by the Council on non-physical assets. All of the £80,525 was spent on Transfer Incentive Scheme Payments, assisting tenants whose home is too large for their needs to downsize to more suitable accommodation, freeing up larger housing stock for families. The entire cost was amortised to revenue in 2014/15. No expenditure was incurred on Intangible Assets.

### 7. Revaluations Impairment

The 1<sup>st</sup> April 2015 valuation by the District Valuer, calculated by reference to indices, shows that the value of the Council's housing stock has increased by £16.351m which has been credited to the HRA to partially reverse previous years revaluation impairments made to that account.

The housing stock is valued on an "Existing Use – Social Housing" (EUV-SH) basis, derived from the Open Market Value (OMV), discounted by a Regional Adjustment Factor, which is determined by the Department for Communities and Local Government (DCLG). Currently, this is just 34% of the Open Market Value. A full valuation of the stock including physical inspection of beacon houses will be undertaken for 1<sup>st</sup> April 2016.

# NOTES TO THE HOUSING REVENUE ACCOUNT

## 8. Summary of Capital Receipts

	2014/15 £'000	2013/14 £'000
Sale of Council Houses	1,989	2,998
Sale of Council Houses Advances Repaid	-	6
<b>TOTAL CAPITAL RECEIPTS</b>	<b>1,989</b>	<b>3,004</b>

## 9. Depreciation of Fixed Assets

	2014/15 £'000	2013/14 £'000
Council Dwellings	2,432	2,160
Other Buildings	494	403
Land	25	-
Equipment	-	28
<b>TOTAL DEPRECIATION</b>	<b>2,951</b>	<b>2,591</b>

## 10. Arrears and Provision for Bad or Doubtful Debts

	2014/15 £'000	2013/14 £'000
<b><u>HRA Rent &amp; Charges Arrears</u></b>		
Current Tenant Rent Arrears	997	883
Former Tenant Rent Arrears	201	536
<b>Dwelling Rent Arrears</b>	<b>1,198</b>	<b>1,419</b>
Garage Rent Arrears	11	7
Supporting People Charge Arrears	37	29
Court Cost Arrears	105	110
Overpayment of Benefit Arrears	211	231
Other Arrears	14	-
<b>Total Arrears</b>	<b>1,562</b>	<b>1,796</b>
<b><u>HRA Bad Debt Provisions</u></b>		
Rent Bad Debt Provision	(914)	(1,095)
Court Cost Bad Debt Provision	(100)	(104)
<b>Total Bad Debt Provisions</b>	<b>(1,014)</b>	<b>(1,199)</b>

# NOTES TO THE HOUSING REVENUE ACCOUNT

## 11. HRA – Accounting for Pensions under IAS19

The following transactions have been made in the HRA Income and Expenditure Account and Statement of Movement in the HRA Balance during the year:

	2014/15 £000	2013/14 £000
<b>Comprehensive Income and Expenditure Statement</b>		
<i>Cost of Services:</i>		
- current service cost	194	256
<i>Financing and Investment Income and Expenditure:</i>		
- net interest expense	131	135
<i>Total Post Employment Benefit Charged to the Surplus or Deficit on the Provision of Services</i>	<b>325</b>	<b>391</b>
<b>Other Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement</b>		
Remeasurement of the net defined benefit liability	-	-
<i>Total Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement</i>	<b>325</b>	<b>391</b>
<b>Movement in Reserves Statement</b>		
- reversal of net charges made to the Surplus or Deficit for the Provision of Services for post employment benefits in accordance with the Code	(325)	(391)
<b>Actual amount charged against the Housing Revenue Account Balance for pensions in the year:</b>		
- employer's contributions payable to scheme	150	201

## HOUSING MAJOR REPAIRS RESERVE ACCOUNT

Under the Resource Accounting regime there is a statutory requirement to keep a Major Repairs Reserve (MRR) Account. An amount equivalent to the depreciation charge on HRA assets is transferred into this account. HRA 'Self Financing' was introduced on 1<sup>st</sup> April 2012; for a five year transitional period an adjustment is made to adjust the amount transferred into the MRR for dwellings to the 'Major Repairs Allowance' value set out in the Self Financing determination.

This reserve can be used for capital expenditure to help maintain or improve HRA assets. It can also be used to repay the principal of HRA debt; it cannot, however, be used to pay for debt servicing costs i.e. payment of interest due.

Actual 2013/14 £000		Notes	Actual 2014/15 £000
	<b>INCOME</b>		
(2,160)	Depreciation on HRA Dwellings		(2,530)
(431)	Depreciation on Other Non-Current HRA Assets		(421)
(3,348)	Appropriation Adjustment	1	(3,072)
<b>(5,939)</b>	<b>TOTAL INCOME</b>		<b>(6,023)</b>
	<b>EXPENDITURE</b>		
5,175	Capital Expenditure Funded from MRR	2	4,188
<b>5,175</b>	<b>TOTAL EXPENDITURE</b>		<b>4,188</b>
(764)	<b>Net (Surplus) / Deficit to Balances</b>		<b>(1,835)</b>
-	Balance Brought Forward		(764)
<b>(764)</b>	<b>Balance carried forward</b>	3	<b>(2,599)</b>

### 1. Appropriation Adjustment

This reflects the difference between the Transitional Major Repairs Allowance (MRA) from the Self Financing settlement and depreciation on HRA dwellings.

### 2. Capital Expenditure Funded from Major Repairs Reserve

This is a contribution to fund capital repairs and maintenance of the housing stock.

### 3. Balance on Account

After financing capital expenditure on maintaining and improving homes in 2014/15 there is a balance of £2,598,818 to be carried forward to 2015/16.

# COLLECTION FUND

This statement details the transactions relating to the collection of council tax and business rates. The Council acts as an agent to collect council tax and business rates on behalf of Warwickshire County Council and the Office of the Warwickshire Police and Crime Commissioner and business rates on behalf of the Government.

2013/14			2014/15

# NOTES TO THE COLLECTION FUND

## 1. General

The Collection Fund is a statutory account which shows the transactions of the billing authority (Warwick District Council) in terms of Council Tax and Business Rates, and demonstrates how income from these sources is distributed to precepting bodies and the General Fund. The surplus or deficit on the Collection Fund at the yearend is distributed to, or recovered from, the billing authority and the precepting bodies on the basis of fund outturn balance estimates made in the January before the year end.

## 2. Council Tax

Council Tax income is derived from charges according to the value of residential properties that have been classified into 8 valuation bands. These numbers are adjusted for various items. The number of properties for each band is then converted into a Band D equivalent by applying a designated ratio to arrive at the Council Tax Base. Individual charges are determined by dividing the demands and precepts of the Council, Warwickshire County Council and The Office of the Warwickshire Police and Crime Commissioner by the Council Tax base. The Council Tax base for 2014/15 was calculated as follows:

Band	Dwellings in Banding List	Disabled Persons Adjustments No of Cases	Less Exemptions Properties Affected	Less Discounts	Adjusted Amount for Council Tax Band	Ratio	Band D Equivalent Dwellings
@	0	15	0	(3.00)	12.00	5 / 9	6.67
A	4,717	23	(213)	(720.25)	3,806.75	6 / 9	2,537.83
B	11,364	46	(619)	(1,348.25)	9,442.75	7 / 9	7,344.36
C	16,377	1	(477)	(1,427.00)	14,474.00	8 / 9	12,865.78
D	12,240	(23)	(305)	(843.00)	11,069.00	9 / 9	11,069.00
E	6,945	(12)	(325)	(378.25)	6,229.75	11 / 9	7,614.14
F	4,794	(17)	(100)	(200.25)	4,476.75	13 / 9	6,466.42
G	3,840	(14)	(34)	(144.25)	3,647.75	15 / 9	6,079.58
H	412	(19)	(9)	(11.25)	372.75	18 / 9	745.50
	<b>60,689</b>	<b>0</b>	<b>(2,082)</b>	<b>(5,075.50)</b>	<b>53,531.50</b>		<b>54,729.28</b>

Adjustment for new properties, collection rates, changes during the year for successful appeals against valuation banding, demolitions, disabled persons relief and exempt properties (169.09)

Less Council Tax Support Scheme (4,723.31)

**COUNCIL TAX BASE 2014/15 49,836.88**

The Council Tax demands and precepts on the Collection Fund for 2014/15 totalled £76.442m (£73.095m in 2013/14) which, when divided by the Council Tax base, gave an average Band D equivalent of 1,533.84 (1,506.20 in 2013/14). The actual income credited to the Fund was £77.07m which is made up as follows:

	£'000
Income from Council Tax	(77,280)
Write-offs	273
<b>INCOME FROM COUNCIL TAX 2014/15</b>	<b>(77,007)</b>

Prior to 2014/15 certain eligible taxpayers had some, or all, of their charge met by Council Tax Benefits. The amount of the benefit was credited to the Collection Fund and appeared as a charge in the billing authority's Central Services to the Public line in the Comprehensive Income and Expenditure Statement. This expenditure was financed by

# NOTES TO THE COLLECTION FUND

way of a Government grant. From 2014/15 Council Tax Benefits has been replaced by a Council Tax Reduction Scheme which is applied directly to the Council Tax base.

## 3. **Income from Business Ratepayers**

Under the arrangements for uniform business rates, the Council collects non-domestic rates for its area which are based on local rateable values multiplied by a uniform rate of 48.2p.

Prior to 2014/15 the total amount, less certain reliefs and other deductions, was paid to a central pool (the NNDR Pool) managed by Central Government, which in turn paid back to authorities their share of the pool based on a standard amount per head of resident population.

From 2014/15 Councils will be able to keep a proportion of the business rates revenue as well as growth that is generated in their area. This will provide a direct link between business rates growth and the amount of money councils have to spend on local people and local services.

The total rateable value of properties in the Warwick District area was £163,662,499 at 31 March 2015.

## 4. **Names of Significant Preceptors on the Collection Fund**

### **Council Tax:**

The following authorities made significant demand on the Collection Fund during 2014/15:

Warwickshire County Council	£58,717,313.65
The Office of the Warwickshire Police and Crime Commissioner	£9,197,952.00
Warwick District Council	£8,526,691.00

### **Business Rates:**

The following organisations made significant demand on the Collection Fund during 2014/15:

Government	£34,417,248
Warwickshire County Council	£6,883,450
Warwick District Council	£27,533,798

The Council subsequently makes a tariff payment to the Government of £22,456,934.

## NOTES TO THE COLLECTION FUND

### 5. Accounting for the Collection Fund

The Code requires the collection of council tax and NNDR to be treated as agency work in respect of the amounts collected for the major preceptors and the government. All balances of arrears, prepayments and bad debt provisions are apportioned out and only the Council's elements are included in the Balance Sheet in their respective groups. The net amounts attributable to the other major preceptors and central government are included as either debtors or creditors depending on the net position for each.

## GLOSSARY

This section explains complicated terms that have been used in this document.

### Accruals

Cost of goods and services received in the year but not yet paid for.

### Actuarial gain (loss)

The changes in the pension fund's deficits or surpluses that arise because of:

- a) Events have not coincided with the assumption used by the actuary when carrying out the previous triennial valuation of the fund; or
- b) The actuary changing the assumptions used in the current triennial valuation exercise from those used previously.

### Agency

Where one Authority (the main Authority) pays another Authority (the agent) to do work for them.

### Amortisation

The drop in value of intangible assets as they become out of date.

### Asset

An item which is intended to be used for several years such as a building or a vehicle.

### Band D Equivalent

Council Tax is a tax on domestic properties. Each domestic property is placed in a 'band' from A to H based on the capital value of that property in April 1991. Band D is the middle band and the other bands are weighted in relation to Band D. (e.g. Band A is weighted 5/9ths of Band D and Band H is 18/9ths of Band D). Using the weighted number of the domestic properties in the area produced the Band D Equivalent number of properties.

### Best Value

Under the Local Government Act 1999, Local Authorities must constantly aim to improve their services. Best Value was the approach introduced that gives Local Authorities a duty to provide local people with high-quality and efficient services.

### Billing Authority

This is the Local Authority which collects the Council Tax for its area. In shire counties the District or Borough Council is the billing Authority.

### Budget

A statement of our spending plans for a financial year, which starts on 1 April and ends on 31 March.

### Business rates (National Non-Domestic Rates – NNDR)

Businesses pay these rates instead of Council Tax. Each year, the Government sets the rate in the pound and business rates are collected by the billing authority. The amount charged is based on multiplying the rateable value of each business property by the national rate in the pound. From 1 April 2013 Government reforms have amended this process by allowing some degree of Business Rate retention.

### Business Rate Retention Scheme

From 1 April 2013 councils will be able to keep a proportion of the business rates revenue as well as growth on the revenue that is generated in their area. It will provide a direct link between business rates growth and the amount of money councils will have to spend on local people and local services.

### Capital Adjustment Account

Resources set aside to meet past capital expenditure.

## GLOSSARY

### Capital programme

Our plan of future spending on capital projects such as buying land, buildings, vehicles and equipment.

### Capital receipt

Income from selling assets that have a long-term value. Capital receipts can be used to finance new capital expenditure within rules set by central government, but they cannot be used to finance day-to-day spending.

### Capital spending

Spending on assets that have a lasting value, for example, land, buildings and large items of equipment such as vehicles.

### Capital spending charged to revenue

Paying for capital spending direct from the Council's revenue monies.

### Cash-flow statement

Summarises cash paid to and received from other organisations and individuals for capital and revenue purposes.

### CIPFA

Chartered Institute of Public Finance and Accountancy. One of the major accountancy institutes which specialises in the public sector.

### Collection Fund

A fund managed by the billing Authority (this Council) to receive Business Rates income and Council Tax income. It is also used to make payments to the national business rates pool and to pay a share of Council Tax collected to the County Council, Police Authority, this Council and the town and parish councils.

### Contingent liability

A possible liability which may arise when we know the outcome of outstanding claims made against us.

### Corporate and democratic core

Spending relating to the need to co-ordinate and account for the many services we provide to the public including the cost of member representation and activities associated with public accountability.

### Council Tax

A tax charged on domestic householders based on which of eight Council Tax Bands their property falls into. There is a reduction for empty properties or if you live on your own. From 1 April 2013 councils must have a Council Tax Reduction Scheme which allows for Council Tax reductions of people, or classes of people, that are considered to be in financial need. In Warwickshire, the District or Borough Council issues Council Tax bills and collects the Council Tax.

### Council Tax Base

An assessment by each billing Authority of the number of converted to Band D equivalents (the average band) properties, after allowing for non-collection and new properties, on which a tax can be charged.

### Creditors

People or organisations we owe money to for work, goods or services which have not been paid for by the end of the financial year.

### Current assets

Short-term assets that constantly change in value such as stocks, debtors and bank balances.

## GLOSSARY

### Current liabilities

Monies that are due to be paid in less than one year such as bank overdrafts and money owed to suppliers.

### Current service cost

The current service cost is the increase in the value of the pension scheme's future pension liabilities arising from the employee's on-going membership of the pension scheme.

### Current spending

The yearly running costs of Local Authorities, not including specific grants and the cost of buying our assets.

### Curtailment costs

Curtailment costs are the amounts of money that are paid to a new pension scheme when a defined group of staff transfer from one pension scheme to another. The costs represent the value of the pension rights accrued by the transferring staff.

### Debtors

People who owe us money that is not paid by the end of the financial year.

### Depreciation

The drop in the value of assets such as buildings and vehicles which reflects wear and tear, age and the asset becoming out of date.

### Earmarked reserves

Money set aside for a specific purpose.

### Fair Value

The amount for which an asset could be exchanged or a liability settled, assuming that the transaction was negotiated between parties knowledgeable about the market in which they are dealing and willing to buy or sell at an appropriate price, with no other motive in their negotiations other than to secure a fair price.

### Financial Reporting Standard (FRS)

Recommendations on the way we need to treat certain items in our accounts.

### General reserves

Money set aside to be used in the future to meet unforeseen eventualities.

### Government grants

Payment by the Government towards the cost of local authority services. These are either for particular purposes or services (specific grants) or to fund local services generally (revenue support grant).

### Gross spending

The cost of providing our services before allowing for government grants or other income.

### International Financial Reporting Standards (IFRS)

Accounting standards/ practices on the way we need to treat certain items in our accounts.

### Inventories

Goods bought which have not yet been used.

### Leasing

A method of renting the use of vehicles, machinery and equipment. The items do not belong to us, but are the property of the leasing company to whom we pay rentals.

### Liabilities

Money we will have to pay to people or organisations in the future.

## GLOSSARY

### Loss

The amount left over when expenses are higher than all income received.

### Material related-party transactions

Two or more organisations are 'related parties' if, during the year, one of them has some form of control over the other. By 'material' we mean of 'significant value'.

### Minimum revenue provision (MRP)

The statutory minimum amount by which the Council must set aside each year to repay loans.

### Net book value

The value of an asset after depreciation.

### Net spending

The cost of providing a service after allowing for specific grants and other income from fees and charges (i.e. not including Council Tax and money from the Government).

### Non-distributed costs

Past service pension costs including settlements and curtailments which are not to be included in total individual service costs.

### Notional

An accounting entry where there is no actual cash transfer.

### Operating leases

When we lease goods using this type of lease, ownership of the goods and any profits or losses remain with the company (the lessor) leasing the goods to us.

### Overheads

Spending on items not directly related to the supply of our services, for example, office cleaning costs.

### Past service costs

The past service cost is the extra liability that arises when we grant extra retirement benefits that did not exist before, such as when we agree early retirement or extra years of service.

### Pensions interest cost and expected return on assets

All members of the scheme are one year older. The pensions interest cost is the increase in the value of the liabilities that arise because those liabilities are one year closer to being paid. The return on assets is the value of the return expected to be achieved on the fund's investments in the long term.

### Petty Cash

Small sums of cash kept by departments to pay minor expenses.

### Precept

The amount each non-billing Authority, (County Council, Police Authority) asks a billing Authority (this Council) to collect every year to meet their spending.

### Property, Plant and Equipment

An item that is intended to be used for several years such as a building or a vehicle.

### Provisions

Money set aside to meet specific service liabilities, and to meet spending.

### Prudential Code

A statutory code of practice that sets out the framework for Local Authority capital finance that ensures:

- Capital expenditure plans are affordable;

## GLOSSARY

- All external borrowing and other long term liabilities are within prudent and sustainable levels; and
- Treasury management decisions are taken in accordance with professional good practice.

### Rateable Value (RV)

A value placed on all non-domestic properties (businesses) on which rates have to be paid, broadly based on the rent that the property might earn, after deducting the cost of repairs and insurance. The rateable value is determined by the Inland Revenue's Valuation Office Agency.

### Reconciliation

A reconciliation explains how figures are worked out, and shows how they are used in different statements in our accounts.

### Reimbursements

Payments we receive for work we do for other public organisations, for example, the Government.

### Reserves and funds

Savings we have built up from surpluses.

### Revaluation Reserve

Store of gains on the revaluation of fixed assets.

### Revenue spending

Spending on the day-to-day running of services - mainly wages, running expenses of buildings and equipment, and debt charges. These costs are met from Council Tax, government grants, fees and charges.

### Revenue Support Grant

The main government grant to support local authority services.

### Soft Loans

Loans made at less than the market rate of interest.

### Specific grants

Payments from the Government to cover Local Authority spending on a particular service or project. Specific grants are usually a fixed percentage of the costs of a service or project.

### Surplus

The remainder after taking away all expenses from income.

# **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WARWICK DISTRICT COUNCIL**

To follow after audit

# ANNUAL GOVERNANCE STATEMENT

## 1. SCOPE OF RESPONSIBILITY

- 1.1 Warwick District Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for. Warwick District Council also has a duty under the Local Government Act 1999 to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
- 1.2 In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions and arrangements for the management of risk.
- 1.3 Warwick District Council has approved and adopted a Code of Corporate Governance, which is consistent with the principles of the CIPFA/SOLACE Framework, Delivering Good Governance in Local Government. A copy of the Code is on our website at [www.warwickdc.gov.uk](http://www.warwickdc.gov.uk) or can be obtained in hard copy form on request from the Audit and Risk Manager.
- 1.4 This statement explains how Warwick District Council has complied with the Code and meets the requirements of regulation 4(3) of the Accounts and Audit (England) Regulations 2011.

## 2. THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 2.1 The governance framework comprises the systems, processes, culture and values by which the Authority is directed and controlled and the activities through which it accounts to, engages with and leads the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Warwick District Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
- 2.3 The governance framework has been in place at Warwick District Council for the year ended 31st March 2015 and up to the date of approval of the statement of accounts.

## 3. THE GOVERNANCE FRAMEWORK

The key elements of the systems, processes and activities that comprise the Authority's governance arrangements are as follows:

### 3.1 Identifying and communicating the Authority's vision of its purpose and intended outcomes for citizens and service users

- 3.1.1 In October 2010 the Council adopted Fit for the Future (FFF), its strategic response to dealing with the challenges of reduced income, rising customer expectations and demand. FFF provides a framework to help the Council make progress towards its organisational purpose "To make Warwick District a great place to live, work and visit". It sets out a range of activities, interventions and projects falling into two broad areas:

# ANNUAL GOVERNANCE STATEMENT

- a) Activities that are designed to improve community outcomes. These are developed by the Council's Service Areas or jointly with partners and relate to one or more of the priority or cross cutting themes of the Sustainable Community Strategy (SCS). A review of the SCS was undertaken during 2013 that led to a refreshed Strategy focusing on five priority themes with the first among equals being Prosperity.
- b) Activities that are designed to improve our organisation and the services provided by the Council. These activities aim to bring about the following improvements:
  - i) Money - delivering a balanced budget; whilst
  - ii) Service - maintaining or if possible improving the services we provide to customers; and
  - iii) People - helping develop our organisation and culture so that we are better able to improve continuously.

3.1.2 FFF was formulated following an extensive period of consideration and consultation which took account of:

- Warwick District Council's values;
- The political ambitions of the Council's ruling Administration;
- The Warwick Partnership Sustainable Community Strategy (for Warwick District);
- A Systems Thinking approach to service design;
- An organisational design focusing on People and Place;
- The state of public finances;
- Information on the quality of life in Warwick District;
- Information from the most recent Citizens' Panel Survey;
- Strategy rationalisation;
- Views of Members, staff, unions and various stakeholders and partners.

3.1.3 A performance management system is in place to manage the progress of FFF. A wide range of measures are used to track the Council's progress and results are reported quarterly to Senior Management Team.

3.1.4 FFF has three strands covering the financial challenge, service quality and cultural change (money, services and people). A 2013 review of the Council's governance arrangements reported that, whilst robust plans are in place to address the first two, the organisation needed to make progress in addressing the third. Cultural change was regarded as essential in achieving the first two strands and in achieving the Council's objectives overall.

3.1.5 Consequently, a plan of action to drive cultural change has been developed with the Senior Management Team (SMT) and was rolled out as part of the Chief Executive's annual presentation to employees in March 2013. Following on from this a consultant was engaged to kick start work on staff engagement in October 2013. This has resulted in a staff engagement action plan being created and implementation is underway. Activities within 2014/15 have included:

- Communication of FFF reviewed and refreshed to ensure it is meaningful to all staff.

# ANNUAL GOVERNANCE STATEMENT

- A Staff Council has been created, Staff Voice with 25 staff representatives from all service areas covering all sites.
- Core Brief has been revamped with a focus on ensuring articles are engaging and relevant to the audience, including highlights from management team meetings.
- Senior Officer Meetings are planned in more detail, with a focus on what the presenter wants Senior Officers to know and take back to their teams. They are interesting, lively and interactive.
- Jabber has been rolled out to all staff. It is a tool enabling staff to check others' availability instantly, to send quick messages without using e-mail, enables group conversations and desk top sharing to encourage collaborative working.
- Rumour Mill was launched in February 2014. It is an anonymous communication tool, giving all staff the opportunity to ask questions, or make comments directly to the leadership without anyone knowing who asked the question.
- 'How we do it here' – An audit tool to allow the organisation to verify that staff have read and agreed to comply with corporate policies. Where relevant this is linked with E-Learning to ensure learning has also been achieved.
- CX Talk has a more informal approach to encourage interaction and engagement.

A review of the Engagement plan took place in Dec 14 with clear support from both Senior Management and Members regarding the approach we are taking to ensure we are in line with the People strand of FFF.

The People Strategy Action Plan is now being reviewed for 2015-2018 to include actions from the Investors in People Review and Peer review of 2014/15.

- 3.1.6 The Council's Portfolio Holders each publish an annual Service Area Plan identifying and communicating the Council's priorities for the year. The statements are approved by Executive and published on the Council's website.
- 3.1.7 Progress in achieving the Council's objectives is communicated to the local community via a variety of media including the Council's website and local newspapers.

## **3.2 Reviewing the Authority's vision and its implications for the Authority's governance arrangements**

- 3.2.1 The SCS has a vision of improving the quality of life for all the residents of Warwick district by making the district a great place to live, work and visit. The review of the SCS in 2014/15 fed into the development of the Service Area Plans for 2014/15. It is possible that the Strategy will need revisiting once again following the elections in May 2015.
- 3.2.2 The 2013 review did not touch on the Council's constitutional governance arrangements. These can be summarised as follows:
  - Council is the ultimate decision making body for those matters that have not been delegated to Executive, specific officers or are required to be taken at Council level by law.
  - Executive will make decisions in respect of the majority of Council matters or make recommendations to the Council.
  - Overview and Scrutiny Committee will have oversight responsibility for policy development and performance monitoring whilst Finance and Audit Scrutiny

## ANNUAL GOVERNANCE STATEMENT

Committee will oversee the adequacy of the Council's risk management and control frameworks, especially that of financial control.

- 3.2.3 A great deal of progress has been made in engaging the Scrutiny Committees in a new approach to scrutiny, particularly in the area of Partnerships, Service Area Plans and, most especially, Risk Registers (service and corporate) and Contract Registers.
- 3.2.4 The Group Leaders, with assistance from the Overview & Scrutiny Committee, review annually the terms of reference and work of Members appointed to outside bodies. This helps ensure the Council is focused on its key role within the community and helps to reduce potential conflicts of interests for Councillors. This has seen a reduction in the numbers appointed and will likely lead to further reductions in 2015.

### **3.3 Measuring the quality of service for users, for ensuring they are delivered in accordance with the Authority's objectives and for ensuring that they represent the best use of resources**

- 3.3.1 Performance monitoring and reporting mechanisms ensure performance management is embedded into the core management structures of the organisation. The Council has moved away from performance targets as it is considered that these act as a barrier to the ethos of continuous improvement. In their place the Council is using key performance measures to track service delivery progress. Key customer performance measures are identified in the Service Plans.
- 3.3.2 The Council is committed to actively consulting and involving the public in improving services. It measures regularly the experience of users of its services and gathers citizens' opinions on a variety of subjects. To this end, it employs various devices including an annual Housing Services survey, Customer Service surveys, Community Forums, online polls and online consultations.
- 3.3.3 The Council has adopted an approach that does not use targets as a basis for monitoring. We measure things to learn about how well we are delivering our purpose and what matters to customers and to enable us to understand what we need to do to improve continuously. To this end, service areas gather data against measures identified during the Service Area Planning process.
- 3.3.4 Where service falls below customer expectations it often manifests itself in complaints. The Complaints Policy has been reviewed and is due to be formally approved and introduced in the next 12 months. There will also be consideration of the resources given to supporting this as part of the current support services review. The trends for complaints are monitored through the corporate measures process.
- 3.3.5 Benchmarking is seen as a key tool for managing performance through comparing process and cost with others. Finance services such as accountancy, internal audit, treasury management, payroll and debtors are periodically benchmarked against other local authorities in terms of price and performance.

### **3.4 Defining and documenting the roles and responsibilities of the executive, non-executive, scrutiny and other functions, with clear delegation arrangements and protocols for effective communication.**

- 3.4.1 The Constitution sets out the respective responsibilities of Members and Officers through Codes and Protocols. It sets out the terms of reference for the Council and all of the Council's Committees. The Executive reviews the Constitution on an ongoing basis and ensures the levels of delegation are appropriate. The review of the Council's Constitution is well underway. The Code of Conduct for Members, the Code of Conduct for Employees, the Member/Officer protocol, the Council Procedure Rules, the

# ANNUAL GOVERNANCE STATEMENT

Responsibilities of Housing Appeal Review Panels and the Code of Procurement Practice have all been reviewed and adopted by Council. The Code of Financial Practice, Officer Scheme of Delegation, Public Speaking at Council and the Call-in procedure are due to be completed by the end of the Municipal year. This will leave just a few Constitution-related documents to be updated, the majority of which will be to ensure they reflect the other decisions taken on the Constitution. These will be completed by early winter 2015. (Action 1)

- 3.4.2 A management matrix shows the relationship between Portfolio Area and Service Area. This has been communicated to all service managers and is used as part of the induction programme for new staff.

## **3.5 Developing, communicating and embedding codes of conduct, defining the standards of behaviour for members and staff**

- 3.5.1 The Constitution contains a Member/Officer Protocol and Codes of Conduct for Members and Officers. All new Members and Officers receive a copy of their respective Codes and reference is often made to them in reports that are submitted to Committees.
- 3.5.2 There is a regular review of Member interests (detailed on the Council's website) by the Standards Committee and a six-monthly review by SMT of officer interests and declarations of gifts and hospitality. Staff are reminded annually through their payslip of the need to make declarations for conflicts of interest.
- 3.5.3 There is an Anti-Fraud and Corruption Policy that is reviewed annually by Finance & Audit Scrutiny Committee. All new staff receive training on the Policy as part of the induction process and it is brought to the attention of all staff annually through the Council's Intranet.
- 3.5.4 The Council's Information Security & Conduct Policy (ISCP) defines the Council's standards of behaviour when using ICT equipment or managing information. In addition, the ISCP also includes 'acceptable use' policies. The ISCP is communicated to staff during the induction process and when a major revision has occurred. Individual aspects of the policy are also highlighted to staff via the 'Core Brief' or the Council's Intranet.
- 3.5.5 The Authority agreed Organisational Values in 2007. These are now reflected in the revised Appraisal and Competency Framework where the emphasis on 'How's work' forms part of a more flexible and tailored approach to the importance of the appraisal conversation. The Organisational Values have been a key element in the development of FFF.
- 3.5.6 There is significant concern that during the year yet more confidential information has been disclosed to third parties. It has been very difficult to identify the source of the "leak" but the damage is done as soon as the disclosure occurs. Both the Chief Executive and the Council's Leader have brought the matter to Council's attention on a number of occasions and the Monitoring Officer has written to Councillors advising of the legal implications of disclosure.

## **3.6 Reviewing and updating standing orders, standing financial instructions, a scheme of delegation and supporting procedure notes/manuals, which define clearly how decisions are taken and the processes and controls required managing risks**

- 3.6.1 The Code of Financial Practice and the Code of Procurement Practice form part of the Council's Constitution.

## ANNUAL GOVERNANCE STATEMENT

- 3.6.2 Following thorough reviews, the updated Code of Procurement Practice was agreed by Council in January 2015, and the updated Code of Financial Practice was reviewed by Executive in March 2015 for agreement by Council in April. "e-Training" has been provided on the code of Financial Practice to all officers during 2014/15. Training on the Code of Procurement Practice has started to be rolled out to staff since January as part of broader Procurement workshop training. This training will continue to be provided during 2015 and will be supplemented by a further workshop that considers specifications and contract management. (Action 2)
- 3.6.3 Training on the Code of Procurement Practice was offered two years ago to Members but take-up was not as comprehensive as required. Discussion with Members on this issue highlighted a need for Member training to be organised in a proactive, planned fashion. A Procurement training session is planned for members as part of the Member Training Programme being developed for after the 2015 elections. (Action 3)
- 3.6.4 A Procurement Strategy has been agreed by the Council and an annual Procurement Action Plan is monitored by Finance & Audit Scrutiny Committee. The Plan is overseen by the Procurement Manager who champions procurement issues across the Council.
- 3.6.5 Finance & Audit Scrutiny Committee has taken a keen interest in procurement, forming a Procurement Working Party of three members that has helped raise the profile of the function throughout the organisation. Finance & Audit Scrutiny Committee is reviewing all the Services' contract registers as part of a rolling programme.
- 3.6.6 A uniform report template sets out the standard information required for a Committee decision to be taken, and a protocol is in place for officer attendance at Committees. There are guidance notes for officers on writing reports. The template and associated guidance were updated during 2014.
- 3.6.7 A system has been set-up to monitor the implementation of Executive decisions. The Deputy Chief Executive now reviews the decisions on a three-month rolling basis.
- 3.6.8 The Council's Risk Management Policy Statement and Strategy is updated annually and reported to Finance & Audit Scrutiny Committee. This explains the methodology that provides a comprehensive framework for the management of risk throughout the Council. A cross-departmental Risk Management Group meets quarterly to help embed risk management across the Authority.
- 3.6.9 High level corporate risks are set out in the Significant Business Risk Register (SBRR) which is reviewed quarterly by SMT and then by Executive via Finance & Audit Scrutiny Committee. Risks relating to the FFF programme are incorporated within the SBRR.
- 3.6.10 Concerns had developed that some aspects of maintaining the SBRR may not be robust. Consequently, a review of the process for producing and monitoring the SBRR has been undertaken leading to much fuller engagement by SMT and ongoing oversight by the Council's Leader.
- 3.6.11 Operational risks are recorded on service risk registers. Services are required to review their risk registers on a regular (at least quarterly) basis with their portfolio holders. It is recognised that not all services adhere to this. (Action 4)
- 3.6.12 A programme of review of service risk registers by Finance & Audit Scrutiny Committee is in place that has helped greatly to raise awareness of good risk management.

## ANNUAL GOVERNANCE STATEMENT

- 3.6.13 Business continuity plans are in place across the council to help services react to emergency events. It is recognised, however, that several plans are in need of updating. (Action 5)

### **3.7 Undertaking the core functions of an audit committee, as identified in CIPFA's *Audit Committees – Practice for Local Authorities***

- 3.7.1 The core functions of an audit committee are delivered by the Authority's Finance & Audit Scrutiny Committee. These are set out in its terms of reference approved by the Executive.
- 3.7.2 The main purposes of the Finance & Audit Scrutiny Committee are to provide independent assurance of the adequacy of the risk management framework and the associated control environment; independent scrutiny of the Authority's financial and non-financial performance to the extent that it affects the Authority's exposure to risk and weakens the control environment; and to oversee the financial reporting process.
- 3.7.3 In addition to the main purposes of the Finance & Audit Scrutiny Committee it also:
- Approves (but not directs) Internal Audit's strategy and annual plan and reviews its performance;
  - Reviews summary Internal Audit reports and the main issues arising and seeks assurance that action has been taken where necessary;
  - Considers the reports of external audit and inspection agencies;
  - Considers the effectiveness of the Authority's risk management arrangements, the control environment and associated anti-fraud and anti-corruption arrangements;
  - Seeks assurances that action is being taken on risk related-issues identified by auditors and inspectors;
  - Satisfies itself that the Authority's assurance statements, including the Annual Governance Statement, properly reflect the risk environment and any actions required to improve it;
  - Ensures that there are effective relationships between external and internal audit, inspection agencies and other relevant bodies, and that the value of the audit process is actively promoted;
  - Reviews the financial statements, external auditor's opinion and reports to members and monitors management action in response to the issues raised by external audit. Review the robustness of business cases
  - Promote value for money and good procurement practice
  - Make recommendation on good financial management practices
  - Keep the treasury management performance under review
  - Make recommendation to the Council regarding the approval of the Statement of Accounts in accordance with regulation 10 of the Accounts and Audit Regulations 2003.
  - Review specific Executive items and past decisions.

### **3.8 Ensuring compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful**

- 3.8.1 Compliance with law and regulation is assisted by recruiting suitably qualified staff and having job descriptions and personal specifications for all posts. All senior managers receive a local government briefing to alert them to changes in the external regulatory framework and major changes are identified for reports to the Executive or

## ANNUAL GOVERNANCE STATEMENT

Council as appropriate. As part of the service planning process the impact of new laws is addressed.

- 3.8.2 SMT will monitor compliance with internal policies from time to time. Examples include: the annual review of appraisals undertaken; compliance with health and safety policy; monitoring of our Equality and Diversity annual report. Internal Audit will identify any key policies that might need to be tested as part of any audit.
- 3.8.3 To ensure expenditure is lawful the Council agrees detailed budgets. Managers responsible for the budgets are required to sign acceptance of them. The Code of Financial Practice and Code of Procurement Practice set out procedures to ensure lawful expenditure. Both Finance staff and the Chief Financial Officer are required to sign off Committee reports to ensure relevant financial issues have been addressed. Where appropriate, reports are considered by the Council's shared Legal Service. All Executive reports are considered by the Council's Monitoring Officer.
- 3.8.4 Budget monitoring takes place across the Council throughout the year, with regular reports being considered by SMT (monthly) and Executive (quarterly), with intelligence from across the authority informing the process. The budget monitoring process has continued to be reviewed, with specific consideration during 2014/15 of the capital budget and slippage of revenue and capital schemes, resulting in much greater scrutiny of these aspects. Services recognise, however, that there is still some scope for improvement in budget monitoring, including how the Property Management system ('ActiveH') and main financial system ('Total') are used together for budget monitoring. (Action 6)
- 3.8.5 There have been a limited number of projects in the last couple of years where the original project budget has proved to be insufficient. This has resulted in reports to members to seek additional funding. The reasons for the need for additional funding vary for each project. In view of this the Executive agreed that for all new building projects and professional services contracts from 1 April 2015, the Council adopts the RIBA staged process and for all other projects the Prince2 approach. By adopting this approach, it is intended that members should be able to have greater confidence in any estimates being presented for new schemes.
- 3.8.6 Establishing a shared Legal Service with the County Council has meant that arrangements have been put in place whereby there is a responsibility for the relevant Head of Service to satisfy themselves as to the legality of any recommendation and if there is any doubt seek advice.
- 3.8.7 The Council publishes a Forward Plan on a monthly basis that contains details of all decisions to be made by the Executive.
- 3.8.8 Following the report to members in March 2014 highlighting failing in procurement processes in parts of the organisation, the authority's approach to procurement has been reviewed. A more centralised approach is now adopted, requiring the Council's procurement team to be central to all procurement opportunities and providing instructions to officers. Alongside this, a comprehensive set of actions was identified, with these actions being monitored and reported to members during 2014/15.

### **3.9 Whistle-blowing and arrangements for receiving and investigating complaints from the public**

- 3.9.1 An Anti-Fraud and Corruption Strategy and a Whistle-blowing Policy and Procedure are in place. Both documents are reviewed annually by Finance & Audit Committee and publicised widely, including on the Council's website.

## ANNUAL GOVERNANCE STATEMENT

3.9.2 The Anti-Fraud and Corruption Strategy comprises a series of measures and procedures that are designed to frustrate any attempted fraudulent or corrupt acts. This includes:

- Establishing the appropriate culture
- Appointing statutory officers
- Maintaining a Council committee structure which reviews decisions, examines specific issues and promotes high standards, as well as investigating alleged breaches of the code of conduct
- Recruiting and retaining high calibre staff
- Establishing relevant procedures and codes that form the Council's overall control framework
- Exchanging information with other bodies
- Undertaking a comprehensive approach to the preparation of the Annual Governance Statement.

3.9.3 The Strategy also describes the arrangements for investigating allegations of wrongdoing.

3.9.4 The Whistle-blowing Policy provides a channel for those that have serious concerns about any aspect of the Council's work to come forward and express those concerns anonymously and safely.

3.9.5 The policy aims to:

- Encourage employees to feel confident in raising serious concerns and to question and act upon concerns about practice
- Provide avenues for employees to raise those concerns and receive feedback on any action taken
- Ensure that employees receive a response to their concerns and that they are aware of how to pursue them if they are not satisfied
- Reassure employees that they will be protected from possible reprisals or victimisation if they have reported their concerns in good faith.

3.9.6 The policy gives examples of the possible concerns that may exist, how these should be raised and how the Council will respond. In the event of dissatisfaction, other avenues for raising concerns are also set out within the policy.

3.9.7 This includes the Council's confidential telephone helpline 'In Touch'.

3.9.8 The Council has a Complaints Policy that describes how members of the public can make a complaint. All investigating officers have attended the LGO training course on effective complaint handling. If a complainant is dissatisfied with the outcome of the initial investigation they can request that the complaint be investigated again. This will be by an officer outside of the service to which the complaint relates. If the complainant is still dissatisfied they have the right to have the complaint referred to the Local Government Ombudsman for investigation and resolution.

### **3.10 Identifying the development needs of members and senior officers in relation to their strategic roles, supported by appropriate training**

3.10.1 There is a Members' Development Programme agreed by the Members' Development Group and Employment Committee.

## ANNUAL GOVERNANCE STATEMENT

- 3.10.2 Training for senior officers is identified through the induction programme and on an ongoing basis through the competency and personal development framework process that requires a review of development needs.
- 3.10.3 CMT attends appropriate training courses organised by the Society of Local Authority Chief Executives (SOLACE), West Midlands Employers (WME) and the Local Government Association (LGA) whilst all senior managers are encouraged to attend relevant professional seminars and conferences.
- 3.10.4 As identified earlier, training for senior officers and members is required in the areas of contract and financial management.
- 3.10.5 The review of governance arrangements two years ago confirmed a need to provide training for Portfolio Holders and Shadow Portfolio Holders to help them fulfil their role effectively. A short remit for these roles has been agreed and training on this is included within the member induction programme for 2015. (Action 7)

### **3.11 Establishing clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation**

- 3.11.1 Locality Working, which has extended the remit of the local neighbourhood policing forums to cover the totality of local government working (District, County and Parish/Town) along with the Primary Care Trust and Voluntary and Community Sector, is now active in all parts of the District through the operation of 7 Community Forums. Forum attendees identify community priorities and allocate resources provided by the District and County Councils to specific projects.
- 3.11.2 The Community Engagement Strategy was developed on behalf of the Warwick Partnership Group as a means of enabling a dialogue between communities and public sector organisations. The Warwick Partnership led on the Community Engagement Strategy for Warwick District. As a result of the changes in the partnership landscape, however, the Community Engagement Strategy is no longer required. The focus is now on the adoption of a set of principles and values that will govern the community engagement work. In addition, the link with the Engaging Communities Co-ordination Project overseen by Warwickshire Community and Voluntary Action (WCAVA) provides a means for the Council to engage with communities of interest.
- 3.11.3 A Channel Strategy based on understanding customer behaviour and their needs was adopted in April 2012. The channels our customers use vary from more traditional ones like face-to-face and telephone to newer channels like social media and mobile web access. The strategy ensures we are focusing our resources on the channels and services that are important to our customers. The associated action plan is now largely complete.
- 3.11.4 A programme of work to improve service requests through the Council's website will commence during 2015. The programme, Digital by Default, will enable high-volume requests to be delivered fully electronically to ensure the customer receives an improved and efficient service.
- 3.11.5 An overarching Communications Strategy, containing an action plan with proposed improvements, was adopted in June 2013. This identifies the different ways the Council will deliver messages to its audiences in an organised and targeted way. Progress in implementing the action plan is reported quarterly to the Senior Management Team.

# ANNUAL GOVERNANCE STATEMENT

## **3.12 Incorporating good governance arrangements in respect of partnerships and other group working as identified by the Audit Commission's report on the governance of partnerships, and reflecting these in the Authority's overall governance arrangements**

- 3.12.1 The Council has updated its policy for managing its partnership arrangements. The governance arrangements for all partnerships have been reviewed with all lead officers being required to complete a Partnership Checklist to identify any governance weaknesses. All new partnerships must be approved by Executive with a partnership checklist accompanying the report presented to the Executive.
- 3.12.2 The Scrutiny Committees also have a role for reviewing the effectiveness of partnerships. This work has enabled Scrutiny Committees to play a valuable role in ensuring that the Council's partnerships remain effective and are value for money.
- 3.12.3 Last year's review of governance arrangements found that formal agreements such as a memorandum of understanding or service level agreement are not applied consistently to all shared service arrangements. No new shared service arrangements have been created in recent years although current agreements are kept under review.

## **4. REVIEW OF EFFECTIVENESS**

- 4.1 Warwick District Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by:
- the work of senior managers within the Authority who have responsibility for the development and maintenance of the governance environment;
  - the Audit & Risk Manager's annual report; and
  - comments made by the external auditors and other review agencies and inspectorates.
- 4.2 The process that has been applied in maintaining and reviewing the effectiveness of the governance framework is as follows:
- ### **4.3 The Council**
- 4.3.1 The Council is responsible for agreeing the changes to the Constitution that have been developed during the year. This Annual Governance Statement is also reported to the Council when it approves the financial statements.
- ### **4.4 The Executive**
- 4.4.1 The Code of Corporate Governance brings together in one document all the governance and accountability arrangements which the Council currently has in place and highlights areas where more work is required. The Executive last agreed the Code of Corporate Governance in March 2008. Although it is endorsed by Standards Committee each year it is never-the-less due for a thorough review. (Action 8)
- ### **4.5 The Finance & Audit Scrutiny Committee and the Overview and Scrutiny Committee**
- 4.5.1 The Council has delegated to Finance & Audit Scrutiny Committee responsibility for discharging the functions of an audit committee. Its main purposes are to provide independent assurance of the adequacy of the risk management framework and the

## ANNUAL GOVERNANCE STATEMENT

associated control environment; independent scrutiny of the authority's financial and non-financial performance; and oversee the financial reporting process.

- 4.5.2 Each quarter the committee reviews the findings from Internal Audit assignments completed during those periods, whilst annually it receives a report on the effectiveness of Internal Audit. It also considers reports from external audit and other review agencies as and when they are issued.
- 4.5.3 The rigour applied by these Committees in carrying out their scrutiny role has contributed to an effective governance framework and to the Council achieving its objectives. For example, the ongoing review by Finance & Audit Scrutiny Committee of service risk registers has improved risk management throughout the organisation and member championing of effective procurement has resulted in major improvements in procurement practice and the attainment of significant savings from the commissioning of goods and services.

### **4.6 The Standards Committee**

- 4.6.1 Following a review of the remit of the Standards Committee, responsibility for approving the Annual Governance Statement has moved to the Finance & Audit Scrutiny Committee operating, in effect, as the Council's Audit Committee.

### **4.7 Internal Audit**

- 4.7.1 Internal Audit is responsible for monitoring the quality and effectiveness of systems of internal control. A risk model is used to formulate a three-year plan which is approved by Finance & Audit Scrutiny Committee and from which the audit assignments are identified.
- 4.7.2 A report of each audit is submitted to the relevant Service Area Manager. The report includes an action plan comprising recommendations for improvements in control and management responses.
- 4.7.3 During the year Internal Audit gave moderate levels of assurance in respect of three key areas: Corporate Procurement, Shared Legal Services and Section 106 Agreements. It is important that recommendations relating to these reviews are acted upon in accordance with the required timescales. (Action 9)
- 4.7.4 Quarterly reports are issued to Members on progress in achieving the annual plan. The reports also contain copies of all action plans issued to managers in the quarter, details of any outstanding responses and, where the level of assurance given is less than substantial, copies of the audit reports.
- 4.7.5 The Internal Audit Section complies with the Public Sector Internal Audit Standards that came into force on 1 April 2013 and is subject to regular inspection by the Council's external auditors who place reliance on the work that the Section carries out.

### **4.8 Chief Financial Officer**

- 4.8.1 To comply with the CIPFA Code of Practice on Local Authority Accounting, a specific statement is required to be reported in the Annual Governance Statement on whether the authority's financial management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer (CFO) in Local Government (2010) to ensure an effective system of internal control is maintained and operated in connection with the resources concerned.

## ANNUAL GOVERNANCE STATEMENT

- 4.8.2 The governance requirements in the Statement are that the CFO should be professionally qualified, report directly to the Chief Executive and be a member of the Leadership Team, with a status at least equivalent to other members. The Statement requires that if different organisational arrangements are adopted the reasons should be explained publicly in the authority's Annual Governance Report, together with how these deliver the same impact.
- 4.8.3 The Head of Finance has confirmed that the Council's financial management arrangements conform to the CIPFA Statement other than in 3 specific matters:
- Head of Finance reporting directly to Chief Executive.
  - Head of Finance being a member of Leadership Team
  - Head of Finance having responsibility for Asset Management.
- 4.8.4 The Council's view is that the way it operates – the Head of Finance's regular attendance at CMT/Exec meetings, budget planning meetings, and numerous ad-hoc meetings – enables the officer to have unhindered access to the most senior officer as well as senior members. The Head of Finance reports to the Deputy Chief Executive/Monitoring Officer. This way of operating has subsisted for several years without any apparent problems; consequently, the Council considers that the risk of there being a detriment to the authority is low.
- 4.8.5 With regard to asset management, responsibility for this comes under the Head of Housing & Property Services and the Council considers this is the appropriate place for it to be as that is where the expertise lies.
- 4.8.6 Naturally the Council will need to keep all reporting and responsibility arrangements under review and would be prepared readily to discuss any perceived shortcomings with the Council's external auditors if and when they arise.
- 4.9 **Other review/assurance mechanisms**
- 4.9.1 The Scrutiny Committees, the Standards Committee and External Audit contribute to the review of the Authority's compliance with policies, procedures, laws and regulations. Occasional use has been made of other review agencies such as peer assessors from the West Midlands Local Government Association, this latterly being in 2012, with a review update planned for summer 2014.
- 4.9.2 The Council is audited annually to ensure it meets a set of mandatory information assurance requirements set by central government called the Code of Connection (CoCo). CoCo requires local authorities to provide a compliance statement that documents how their information technology meets baseline requirements that are adopted from ISO 27001. The effective use of ICT Resources is critical in the efficient delivery of Council services to its citizens. ICT Governance is undertaken by the Council's ICT Steering Group and this group is responsible for ensuring that ICT resource allocation is directly aligned to Council priorities and appropriate reporting and monitoring arrangements have been put in place.
- 4.9.3 The Council has been Investors in People accredited since 1998 and received Bronze accreditation in 2011. A further review is planned for March 2015 in conjunction with a staff survey co-ordinated by the Staff Voice. A number of services are externally accredited against specific standards. Food Safety's ISO9000 quality management system was re-accredited during the year. In addition, Housing & Property Services achieved the Telecare Services Association's Platinum Standard and Cultural Services' leisure centres continue to be Approved Training Centres for the Institute of Qualified Lifeguards. The Plain English Campaign awarded the Council website its Internet Crystal Mark standard. The Council also received during the year the 'Positive about

# ANNUAL GOVERNANCE STATEMENT

Disability' Award for its employee recruitment and selection processes. The Council's website was also awarded Digital Accessibility Centre Accreditation.

## 5. SIGNIFICANT GOVERNANCE ISSUES

- 5.1 Governance issues that are identified for improvement are set out below. The actions have been identified from the processes involved in producing the statement (e.g. meeting with committee chairs) and from the sources of evidence supporting it (e.g. service assurance statements).
1. All constitution-related documents that have not been reviewed in the previous twelve months to be reviewed. (para. 3.4.1 above)
  2. Service-specific contract management training to be delivered to relevant managers. (para. 3.6.2)
  3. Procurement training to be provided to new Members. (para. 3.6.3)
  4. Service risk registers to be reviewed by service management teams and portfolio holders on at least a quarterly basis. (para. 3.6.11)
  5. Business Continuity Plans for services to be updated. (para. 3.6.13)
  6. Budget monitoring systems to continue to be improved. (para. 3.8.4)
  7. Training to be provided to Portfolio Holders and Shadow Portfolio Holders to help them fulfil their role effectively. (para. 3.10.5)
  8. The Code of Corporate Governance to be reviewed and updated. (Brought forward from last year.) (para. 4.4.1)
  9. To ensure that the necessary management actions emanating from the internal audit reviews of Corporate Procurement, Shared Legal Services and Section 106 Agreements (which all received moderate assurance opinions) are acted upon in accordance with the required timescales. (para 4.7.3)
- 5.2 We propose over the coming year to take steps to address the above matters to enhance further our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.
