Certification work report 2011/12

December 2012

Contents

1	Executive Summary	1
2	Results of our certification work	3

Appendices

A	Approach and context to certification	5
B	Details of claims and returns certified for 2011-12	7

1 Executive Summary

Introduction

- 1.1 Grant Thornton, as the Council's auditors and acting as agents of the Audit Commission, is required to certify the claims submitted by the Council. This certification typically takes place some 6-12 months after the claim period and represents a final but important part of the process to confirm the Council's entitlement to funding.
- 1.2 Four claims and returns for the financial year 2011/12 have been certified, relating to expenditure of £109.3 million.
- 1.3 This report summarises our overall assessment of the Council's management arrangements in respect of the certification process and draws attention to significant matters in relation to individual claims.

Approach and context to certification

- 1.4 We provide a certificate on the accuracy of grant claims and returns to various government departments and other agencies. Arrangements for certification are prescribed by the Audit Commission, which agrees the scope of the work with each relevant government department or agency, and issues auditors with a Certification Instruction (CI) for each specific claim or return.
- 1.5 Appendix A sets out an overview of the approach to certification work, the roles and responsibilities of the various parties involved and the scope of the work we perform.

Key messages

- 1.6 It should be noted that all work reported in this certification report, except for the Housing and Council Tax Benefit claim, was completed by the Audit Commission prior to our appointment as the Council's auditors. The findings set out in this report therefore largely represent the results of your previous auditor's work.
- 1.7 A summary of all claims and returns subject to certification and details of the certification fee is provided at Appendix B. The key messages from our review are summarised in Exhibit One, and set out in detail in the next section of the report.

Arrangements for certification for claims and returns:

- below £125,000 - no certification
- above £125,000 and below £500,000 - agreement to underlying records
- over £500,000 - agreement to underlying records and assessment of control environment. Where full reliance cannot be placed, detailed testing.

Exhibit One: Summary of Council performance

Aspect of certification arrangements	Key Message
Submission and certification	All claims were submitted on time to audit and all claims were certified within the required deadline.
Accuracy of claim forms submitted to the auditor Amendments and qualifications	Overall the Council is performing well and there are no significant matters arising from our certification of claims and returns.
Supporting working papers	Supporting working papers for all claims and returns were good, which enabled certification within the deadlines.

Acknowledgements

- 1.10 We would like to take this opportunity to thank Council officers for their assistance and co-operation during the course of the certification process.

Grant Thornton UK LLP

December 2012

2 Results of our certification work

Key messages

- 2.1 Four claims and returns for the financial year 2011/12 have been certified, relating to expenditure of £109.3 million.
- 2.2 The Council's performance in preparing claims and returns is summarised in Exhibit Two.

Exhibit Two: Performance against key certification targets

Performance measure	Target	Achievement in 2011-12		Achievement in 2010-11		Direction of travel
		No.	%	No.	%	
Total claims/returns		4		9		
Number of claims submitted on time	100%	4	100	9	100	→
Number of claims certified on time	100%	4	100	9	100	→
Number of claims certified with amendment	0%	1	25	2	22	↓
Number of claims certified with qualification	0%	1	25	0	0	↓

- 2.3 This analysis of performance shows that five claims did not require certification in 2011/12. The Housing Finance Base Data return was not required following the move to Housing Revenue Account self-financing, the three Advantage West Midlands (AWM) claims did not require certification following the disbanding of AWM, and the Disabled Facilities Grant no longer requires certification.
- 2.4 Minor issues were identified on the Housing and Council Tax Benefit Claim. These required additional testing to allow some of the entries on the claim to be restated. Further, one case was identified where earned income was incorrectly entered, resulting in benefit being underpaid. To comply with the certification requirements, this necessitated the claim being qualified. These issues are consistent with findings at other councils.
- 2.5 Details on the certification of all claims and returns are included at Appendix B.
- 2.6 The total fee charged for certification work of £23,938 against an indicative budget of £30,000 for the certification of claims and returns in 2011-12. Details of fees charged for specific claims and returns are included at Appendix B.

Significant findings

- 2.7 No significant findings were identified in relation to the management arrangements and certification of individual grant claims and returns.

A Approach and context to certification

Introduction

In addition to our responsibilities under the Code of Audit Practice, we also act as agents for the Audit Commission in reviewing and providing a certificate on the accuracy of grant claims and returns to various government departments and other agencies.

The Audit Commission agrees with the relevant grant paying body the work and level of testing which should be completed for each grant claim and return, and set this out in a grant Certification Instruction (CI). Each programme of work is split into two parts, firstly an assessment of the control environment relating to the claim or return and secondly, a series of detailed tests.

In summary the arrangements are:

- for amounts claimed below £125,000 - no certification required
- for amounts claimed above £125,000 but below £500,000 - work is limited to certifying that the claim agrees to underlying records of the Council
- for amounts claimed over £500,000 - an assessment of the control environment and certifying that the claim agrees to underlying records of the Council. Where reliance is not placed on the control environment, detailed testing is performed.

Our certificate

Following our work on each claim or return, we issue our certificate. The wording of this depends on the level of work performed as set out above, stating either the claim or return is in accordance with the underlying records, or the claim or return is fairly stated and in accordance with the relevant terms and conditions. Our certificate also states that the claim has been certified:

- without qualification;
- without qualification but with agreed amendments incorporated by the authority; or
- with a qualification letter (with or without agreed amendments incorporated by the authority).

Where a claim is qualified because the authority has not complied with the strict requirements set out in the certification instruction, there is a risk that grant-paying bodies will retain funding claimed by the authority or, claw back funding which has already been provided or has not been returned. In addition, where claims or returns require amendment or are qualified, this increases the time taken to undertake this work, which impacts on the certification fee.

Certification fees

Each year the Audit Commission sets a schedule of hourly rates for different levels of staff, for work relating to the certification of grant claims and returns. When billing the Council for this work, we are required to use these rates. They are shown in the table below.

Role	2011/12	2010/11
Engagement lead	£325	£325
Manager	£180	£180
Senior auditor	£115	£115
Other staff	£85	£85

B Details of claims and returns certified for 2011-12

Claim or return	Value (£000)	Amended?	Amendment Amount (£)	Qualified?	Fee 2010/11 (£)	Fee 2011/12 (£)	Comments
Housing and council tax benefit scheme	39,684	Yes	28,626	Yes	16,130	19,795	Errors identified this year led to additional work and a qualification.
National non-domestic rates return	60,467	No	0	No	1,197	2,128	Cyclical Part B (Full) testing required in 2011/12.
Pooling of housing capital receipts	836	No	0	No	730	775	<10% change.
Housing subsidy	8,333	No	0	No	1,333	1,240	<10% change.
Total	109,320		28,626		19,390	23,938	

The amendments to the housing and council tax benefit claim are shown gross. The net effect was to increase the amount the Council owed to DWP by £13,827.
