## 1. **Summary**

- 1.1 This report sets out the process for the review by Finance & Audit Scrutiny Committee of the Neighbourhood Services Contracts Register, and highlights any issues which need to be addressed in the next 12 months.

## 2. **Recommendation**

- 2.1 That Finance & Audit Scrutiny Committee should review the Neighbourhood Services Contracts Register attached at Appendix 1 and make observations on it as appropriate.

## 3. **Reasons for the Recommendation**

- 3.1 The review of Neighbourhood Services Contract Register allows members of the Finance and Audit Scrutiny Committee the opportunity to consider the robustness of the register, make appropriate suggestions on how the register could be improved, and consider the document within the context of promoting sound procurement practice across the Council.

## 4. **Policy Framework**

- 4.1 **Policy Framework** – Under the Council’s Code of Procurement Practice, details of all contracts for the supply of goods, services and supplies should be held on the Council’s central Contracts Register. The Code also states the tender process to be used by officers when procuring goods and services.
- 4.2 **Fit for the Future** – By following the Council’s Code of Procurement Practice in procuring goods, services and supplies, officers will be contributing to the Council’s vision, and key policy priorities included within the Sustainable Community Strategy. The following specific benefits should arise:-
- The Council will be sure it is obtaining value for money from its expenditure, in the provision of all its services for local council tax payers.
  - Opportunities will be given to local employers to tender for Council contracts, thus contributing to the Prosperity Agenda.
  - It will be demonstrable that the Council, and officers, are operating fairly, in an open and transparent manner.

## 5. **Budgetary Framework**

- 5.1 There are no direct budgetary implications arising from this report. All of the Council’s expenditure should be made in accordance with the requirements of the Council’s Code of Procurement Practice. This should help the Council to ensure that it achieves value for money from its expenditure through the correct tendering of contracts, and the subsequent management of those contracts.

## 6. **Risks**

- 6.1 It is important that all procurement across the Council complies with the relevant procurement regulations and directives and also the Council’s Code of Procurement Practice. By following this approach the Council will reduce the risk of challenge.

- 6.2 Contract Management is an important element of procurement. Contracts need to be properly managed to ensure compliance with the contract, whilst considering all relevant aspect that may affect the performance of the contract. Also, it is important that contract managers pro-actively plan ahead to ensure the procurement of future contracts is properly managed.

## **7. Alternative Option(s) considered**

- 7.1 This report is not concerned with recommending a particular option in preference to others so this section is not applicable.

## **8. Background**

- 8.1 The Terms of Reference for the Finance and Audit Scrutiny include "Promote value for money and good procurement practice". This is a role that the Committee has actively pursued. In carrying out this role the Committee appointed three of its members to act as Procurement Champions to assist and advise the Procurement Manager. Partly as a result of these actions, the status and knowledge of procurement has increased substantially across the organisation in recent years.
- 8.2 In March 2014 the Finance and Audit Scrutiny Committee requested that it review each departmental Contract Register in turn. These reviews were intended to follow the approach used to review the Risk Register, whereby the relevant Portfolio Holder and Head of Service are available to answer the Committee's questions.

## **9. Neighbourhood Services Contract Register**

- 9.1 The latest version of the Neighbourhood Services elements of the Corporate Contracts Register is set out as Appendix 1.
