An addendum circulated prior to the meeting clarified that while the paragraph on living conditions in the report stated that the small window in the gable wall of no. 12 was a cloakroom, it was in fact an obscure glazed secondary window to a solicitor's office. The primary window was the bay window to the front. The addendum also stated that Warwickshire Highways Authority had responded to say that it had no objection to the application, subject to conditions and notes. Finally, the addendum also set out changes to conditions 8 and 2, following legal advice and the receipt of an amended ground floor layout plan.

It was the officer's opinion that this would be an appropriate site for new residential development, and that the proposals would have an acceptable impact on the living conditions of neighbouring dwellings and on the character and appearance of the Conservation Area. Furthermore, the proposals were considered to be acceptable in terms of car parking and highway safety. Therefore it was recommended that planning permission be granted subject to conditions.

Mr Brown addressed the Committee in objection to the application, representing both his own views and those of a number of neighbours. Mr Simmons spoke next, in support of the application. Councillor Illingworth then addressed the Committee in objection to the application as both a Ward Councillor and a Town Councillor.

Following consideration of the report, presentation and addendum, and the representations made at the meeting, the Committee resolved that the application be granted in accordance with the officer's recommendations, subject to the amendments to conditions 2 and 8 as set out in the addendum.

RESOLVED that W14/0163 be GRANTED subject to the following conditions:

An addendum circulated at the meeting set out comments received following publication of the agenda, a revision of condition 2 in order to tally with amended floor plans which had been received, an amended condition 12 and a note that condition 15 had been deleted.

It was the officer's opinion that this would be an appropriate site for new residential development. The proposals would have an acceptable impact on the living conditions of neighbouring dwellings and on the character and appearance of the Conservation Area. PLANNING COMMITTEE MINUTES (Continued)

An addendum circulated prior to the meeting set out further comments made by Old Milverton and Blackdown Joint Parish Council following publication of the agenda.

The application site was within the Green Belt where policies of restraint applied. The application proposed substantial extensions that would increase the overall prominence of built development. The development proposed would therefore be harmful to the Green Belt as it was inappropriate; diminished openness and conflicted with the purpose of including land in the Green Belt by encroaching upon the countryside. However, it was the officer's opinion that very special circumstances had been demonstrated sufficient to outweigh the harm caused to the Green Belt. The existing building was not particularly attractive and had expanded in a piecemeal way, whereas this development was more aesthetically pleasing and consistent. Furthermore, there were no other objections to the scheme so as to justify the refusal of the proposed scheme.

Following consideration of the report, presentation and addendum, the Committee resolved that the application be granted in accordance with the officer's recommendations.

RESOLVED that W13/1793 be GRANTED subject to the following conditions:

- (1) the development hereby permitted shall begin not later than three years from the date of this permission. **REASON:** To comply with Section 91 of the Town and Country Planning Act 1990 (as amended);
- (2) the development hereby permitted shall be carried out strictly in accordance with the details shown on the site location plan and approved drawings No. 1414-011; 1414-013B; 1414-014A, 1414-015A, 1414-016A, 1414-017A, 1414-018A, 1414-019B, 1414-020B and specification contained therein, submitted on 27th December 2013. **REASON:** For the avoidance of doubt and to secure a satisfactory form of development in accordance with Policies DP1 and DP2 of the Warwick District Local Plan 1996-2011;
- (3) the development hereby permitted shall not be commenced unless and until a scheme showing how 10% of the predicted energy requirement of this development will be produced on or near to the site, from renewable energy resources, has been submitted to and approved in writing by the District Planning Authority. The development shall not be first occupied until all the works within this scheme have been completed and thereafter the works shall be retained at all times and shall be

maintained strictly in accordance with manufacturers specifications. Microgeneration equipment no longer needed for microgeneration shall be removed as soon as reasonably practicable. **REASON:** To ensure that adequate provision is made for the generation of energy from renewable energy resources in accordance with the provisions of Policy DP13 in the Warwick District Local Plan 1996-2011; and

- (4) the development shall be carried out only in full accordance with sample details of the facing and roofing materials and treatment which have been submitted to and approved in writing by the local planning authority. **REASON:** To ensure that the proposed development has a satisfactory external appearance in the interests of the visual amenities of the locality in accordance with Policy DP1 of the Warwick District Local Plan 1996-2011.

187. W13/1787 – 12 AUGUSTA PLACE, ROYAL LEAMINGTON SPA

At its meeting of 18 March 2014, the Planning Committee refused an application in respect of 12 Augusta Place and requested that officers present a report to the Committee at the next meeting on enforcement matters to be agreed.

Further to that decision, officers reported that since the 18 March meeting they had consulted with the applicant to see what enforcement action the applicant thought would be reasonable. The applicant put forward a proposal which the Council's Building Inspector had verified was a reasonable expectation.

Officers clarified a number of points in response to Members' questions and then the Committee voted to authorise enforcement action.

RESOLVED that enforcement action be authorised in respect of W13/1787.

(The meeting ended at 7.37 pm)
