Homelessness

The prevention of homelessness is a strategic priority for Warwick District Council. To do this, the Council:

- Provides an increased choice of affordable, secure housing by introducing a programme to build new Council-owned housing
- Gives quicker access to vacant Council owned homes by speeding up the time they are repaired and made ready for letting
- Increases access to housing association owned homes through the Council's Housing register and Allocations Policy
- Helps people rent accommodation from private landlords with a Rent Deposit Scheme
- Uses general housing stock for temporary accommodation
- Helps people living in temporary accommodation move into a more secure home by supporting a Resettlement Officer
- Supports a wide availability of advice, assistance and supported housing through continued close liaison with statutory and voluntary agencies
- Provides a Sanctuary scheme for people suffering from domestic violence

The Council has a statutory duty under the Housing Act 1996 and Homelessness Act 2002 to make sure that advice and information about homelessness and preventing homelessness, is available to everyone in the district, free of charge. The legislation also requires the Council to assist individuals and families who are homeless or threatened with homelessness or in housing need, who apply for help. The Council has a duty to make sure that accommodation is secured for people to whom it has, or may have, either a temporary, interim or full duty to accommodate. The Council only uses 'Bed and Breakfast' accommodation in these emergency situations when no other alternative accommodation, such as using available general needs housing, is available.

Allocations

By advertising affordable housing provided by both the Council and housing associations the Council's 'HomeChoice' scheme allows people to express preferences about where they would most like to live. Final allocation of homes is completed by assessing with reference to the Council's Allocations Policy the comparative needs of all those who have bid for a particular property. The Policy is fully compliant with all current legislation relating to how a local authority can allocate tenancies for affordable housing. It has been designed to:

- Help create and maintain mixed, balanced and sustainable communities
- Offer as wide a choice as possible of affordable housing, both to rent and to buy
- Match people to homes that are best suited to their needs
- Help those who most need affordable housing find a place to live
- Help prevent homelessness
- Give people the information they need to make informed choices over where they want to live
- Support affordable housing providers manage their vacancies effectively and efficiently.

The cost of providing services to help people who are already or who are threatened with homelessness and to prevent homelessness.

The Council's **Housing Strategy Service** provides the strategic, policy and enabling role for all aspects of housing provision within the District.

The work of the Housing Strategy Service includes:

- Deciding where investment should be made in affordable housing through understanding housing needs and markets
- Making sure that new affordable housing is built and managed to a high standard by guiding and overseeing providers and developers, including managing the use of planning powers and financial incentives where necessary to secure the best outcomes for the district
- Securing housing for people with special needs by working with and understanding the needs of different communities in the district and bringing them together with specialist housing providers
- Bringing investment into the district's housing by identifying and attracting funding from other agencies, such as the Government
- Preparing and monitoring budgets
- Improving the quality of housing services by monitoring, analysing and driving forward performance management across the Housing & Property service
- Preparation of strategic housing analysis and reports
- Submission of statistical returns to the Department for Communities and Local Government

The costs incurred by the Council are to cover the work to administer and deliver the above activity, which includes selecting, monitoring and processing the payment of grants, negotiating affordable housing agreements with developers, gathering and analysing data and information and influencing external investors.

Supporting People Grant was paid into the General Fund initially, as it came from a source external to the HRA. It was then transferred in full to the HRA to fund the housing related support services received by eligible HRA tenants.

The grant was received from Warwickshire County Council which is the Administering Authority, acting as distributing agents on behalf of the Department for Communities and Local Government.

Funding for Supporting People was reviewed by Warwickshire County Council and ceased on 31 July 2016 to reflect changes in their priorities and resources available.

The **Housing Standards Service** is designed to make sure that the standard of all housing in the district is habitable and does not present a risk to the health and safety of either the occupiers or those in the local community. To do this, it works closely with private property owners and housing associations. The responsibilities of this service are wide and far ranging and include:

- Encouraging responsible property management by private landlords by providing help and assistance in cases of harassment and illegal eviction and poor property conditions, including when necessary taking rigorous enforcement action through the Courts
- Raising the standard of accommodation by inspecting and where necessary licensing Houses in Multiple Occupation and inspecting mobile homes, caravan and gypsy and traveller sites
- Inspecting and taking action to put right houses in disrepair and which are unsuitable for human habitation
- Resolving the most acute problems of poor conditions for those who are most unable to pay for repairs by identifying and managing grant assistance
- Improving the quality of life for people with disabilities by overseeing aids and adaptations, funded by the Better Care Fund's Disabled Facilities Grants programme
- Increasing quality of life and reducing the cost of living by promoting energy efficiency measures and investment
- Increasing the number of homes available for people to live in by helping property owners bring empty homes back into use

The provision of a Disabled Facilities Grants service is mandatory. However, the provision of other grants is discretionary, allowing the Council greater discretion on how money is invested. All grants are subject to a test of the financial resources of the applicant. Consequently, even eligibility for a grant may not result in the applicant receiving financial assistance.

HOUSING REVENUE ACCOUNT

The **Housing Revenue Account (HRA)** is a statutory account which identifies the income and expenditure associated with the provision of housing for Council tenants. The main function of the account is to isolate, or 'ring fence', all transactions relating to Council housing from the rest of the Council's functions, which are funded by Council Tax, Revenue Support Grant from the Government and other sources of incomes, such as charges made for Council services.

The major sources of income to the HRA are from rents, service charges and supporting people grant, whilst the main areas of expenditure are management and maintenance of the stock and servicing the £136.2m debt taken on as part of the implementation of Housing Self Financing in April 2012.

Rent Restructuring and Rent Calculation

Rent is the main source of income to the HRA. For four years, with effect from 2016/17, in line with national policy, rents are to be reduced by 1% per year for four years.

Housing Revenue Account Self Financing

From 1st April 2012, Housing Revenue Account Self Financing replaced the previous national Housing Subsidy regime. The Council had to borrow £136.2m to make a one-off 'buy out' payment from the Housing Subsidy system. This debt is serviced from HRA funds. Any money not needed for servicing the debt are retained by the Council to spend on managing, maintaining and developing its own stock and covering the cost of any levies or charges that may be imposed on the Council as a result of national housing policy. Compliance with national policy to reduce rents by 1% per year for four years with effect from 2016/17, plus the potential introduction by the Government of levies to cover the cost of compensation housing associations for the extension of the Right-to-Buy to their tenants mean long term income is likely to be lower than the Government modelled when determining the £136.2m 'buy out' payment.

Housing Related Support

A supporting people grant was paid since April 2003, to cover the 'Housing Related Support' service charge, for eligible tenants. It was paid into the General Fund initially, as it was received from a source external to the HRA and then transferred across, in full, to the HRA. Supporting People Grants have been reviewed by Warwickshire County Council, the Administering Authority, and was terminated from 31 July 2016. It has been agreed that the HRA will fund the provision of this service until a review of the service has been completed in 2017.

Service Charges

This is mainly income from Council leaseholders, owner/occupiers who have purchased flats under the 'Right to Buy' scheme, as their contribution towards management and maintenance of their property. Heating and Water Service Charges are recharges to tenants of Sheltered Housing Schemes, who benefit from the provision of communal heating and communal water supply. The 'Housing Related Support' Service Charge covers the Housing Support elements included in the provision of the warden service and alarm system for the elderly and is paid by those tenants not in receipt of housing benefit.

Supervision & Management

This covers the general management of the housing stock, plus special services which include the provision of a warden service and alarm system for the elderly.

Bad Debts Provision

The Council has made provision for 'Bad Debts' in respect of Council tenants' arrears. This represents an assessment, in accordance with directions previously issued by the Secretary of State, of the most likely value of rent arrears that will never be recovered.

Housing Stock

The Council's estimated Housing Stock at 1 April 2018 is:

- Houses and Bungalows	3,061
- Flats and maisonettes	2,422
Total Dwellings	5,483
Garages	1,899

Housing Revenue Account Services

The Housing Revenue Account is managed by the Housing and Property Services unit. The teams within Housing Services are responsible for the Council's housing stock and its tenants. The main services provided are:

Lettings

This service deals with the letting of empty Council homes to new tenants following an advert under the HomeChoice scheme. It covers the assessment and management of priority transfers for existing tenants and delegated lettings for new applicants, which fall outside of the HomeChoice scheme, the management of incentive schemes to tackle low demand and under-occupation and garage lettings.

Tenancy Management

This service covers the management of tenant's rights, responsibilities and obligations as legislated in the introductory or secure tenancy agreement, taking enforcement action and court action, where appropriate.

Rents and Charges

This service covers the control of rent and charge debits, the management of rent collection, processing of housing benefit transactions to tenant's rent accounts and the recovery of rent and charge arrears for both current and former tenants, including the commencement of court action where appropriate. Other functions include the notification and recovery of the annual service charge levied on leasehold properties and the administration of sales of HRA properties, predominantly under the Right to Buy.

Engagement

This service covers formal and informal structures for tenant and leaseholder involvement, community initiatives, tenant and leaseholder consultation and satisfaction surveys.

Site Based Services

This service encompasses the work of the Neighbourhood and Estates Services team, responsible for caretaking functions in areas with a high density of flats, the Housing Support team who support tenants in sheltered and supported housing, and the Lifeline Services team. Lifeline Services provides a cross tenure community alarm service to older and vulnerable tenants and other residents in Warwick district.
