Concession Parking

There is an ongoing assessment into the feasibility for charging Blue Badges, this will be submitted to members separately as part of the Fees and Charges proposals for car parks next year.

The Guide Dogs for the Blind are allowed free parking in WDC car parks, although no permits issued as their vans are liveried and easily recognisable by Enforcement Officers. Should this exemption still apply?

Various school related activities such as mobile libraries and classrooms in several car parks, all around the district, are not currently charged for as they are usually an educational or charity request.
