

**Item 10(a) - Setting of the Council Tax
Liberal Democrat Budget Amendment**

Proposed by Cllr Alan Boad
Seconded by Cllr Bill Gifford

The proposed charges for waste bins to be replaced with funding from the additional £107k 'windfall' received by this Council due to the late decision of the Government to allow an increase in Council Tax above the original cap of 1.99% (£2.92) to £5, as recommended by the Executive.

The remaining balance to be added to the Service Transformation Reserve.
