4 South Warwickshire Local Plan – Settlement Analysis Evidence Report

The Overview & Scrutiny Committee:

- (1) was keen that we stayed close to housing demand numbers and interrogated them when they were published along with the requirements for infrastructure within the areas;
- (2) wished to know when the budget shortfall would be addressed; and
- (3) requested that information should be added to the report up front to provide clarity on:
 - a. how the greenbelt is impacted (or not) by this report and when that will be addressed.
 - b. the definition of a twenty-minute neighbourhood, with examples provided, for people to better understand the concept;
 - c. densities and the impact these might have on future issues and options; and
 - d. the distinction/difference between the Scoping and Call for Sites consultation results and the analysis done in this report and at what stage the results from both would come together.

The Overview & Scrutiny Committee recommended that the District Councils should engage with Town and Parish Councils earlier in the process to validate the findings for particular settlements.

The Joint Cabinet/Executive Committee is required to vote on this because it forms a recommendation to it.
