Following our original proposal, I believe we have managed to come to an agreement regarding your opening hours and the provision of SIA registered door supervisors. - 3. If the system is not capable of achieving this requirement the Licence holder or a nominated person must ensure that a manual facility is available to carry out this update as an alternative.
- 4. Recordings must be kept for a minimum of 31 days.
- 5. Recordings of incidents at the premises must be made secure for inspection by the Police and or Licensing Officers.
- 6. Copies of recordings will be made available to officers of the responsible authorities on reasonable request.
