

# **SCHEDULE OF CHANGES AND EXTRACTS FROM LOCAL PLAN POLICIES MAP**

## **Warwick District Local Plan: Schedule of Changes to Policies Map - March 2017**

The table below shows the modifications to the Policies map arising from the Main Modifications 2017 and other minor changes agreed through the Local Plan examination.

The table should be read in conjunction with the Schedule of Main Modifications and the Policies Map Extracts. Changes to the various maps are not of themselves main modifications and the Inspector has not be treated them as such.

The table sets out all the map changes that required to support the main modifications, showing the difference between the Submission Draft Local Plan (encompassing the 2014 Publication Draft and the 2014 Focused Changes) and the Plan as proposed for adoption (incorporating Main Modifications and minor modifications).

The map extracts referred to in the “2017 Modifications maps” column only show the elements that have changed along with other related information. Where map extracts are not referred to in the schedule, this is because they have not been amended since the 2015 Submission Draft.

Amendments to the HS2 Safeguarding Direction appear on a number of maps. To avoid repetition, these are not specifically referenced in the schedule below
