<b>Civic support for the Council</b>	To provide dedicated support to the Chairman of the Council to enable them to fulfil their role as First Citizen of the District.
<b>Corporate Support</b>	To provide: post room service for the Council at Riverside House (including advice on mailing standards and bulk mailing); Document and archive scanning service, general administrative support for CMT & Democratic Services, to manage the processing of requests for information and complaints about the Council.
<b>Performance Management</b>	To centrally collate performance data collected by Service Areas and to present and report on it to Senior Management and other relevant parties. To undertake research into other Council strategies and policies to better inform WDC how others work. To track the progress of key Council projects at the request of management, liaising with project sponsors.
<b>Information Governance</b>	To provide Information Governance for the Council, ensuring an appropriate Framework and Policies are in place to enable the Council to comply with legislative requirements and confidence within our services for the general public.

## 2.2 Measures

The following measures are reported to SMT/ (Management Information) on a quarterly basis and are used for strategic monitoring purposes. For corporate reporting purposes, the measures are summarised to show adverse, neutral or favourable variance from the performance target. Measures that fall outside of the 'Reporting Tolerance' are highlighted in **Red** and are accompanied by an explanatory narrative in the reported management information.

Operational measures are contained within the respective Team Operational Plan (TOP).

Service Indicator						
	Performance Target	Reporting Tolerance	Quarter 1	Quarter 2	Quarter 3	Quarter 4
Percentage of Stage 1 Complaints responded to within 20 working days	80%	>=-5%				
Percentage of Stage 2 Complaints responded to within 20 working days	80%	>=-5%				
Percentage of Freedom of Information Requests responded to on time	80%	>=-5%				
Percentage of subject access requests responded to on time	100%	0%				
Percentage of ICO case upheld	0%	0%				
Percentage of Complaints to Ombudsman upheld	0%	0%				

## 2.3 Managing Risk

The Chief Executive's Office has adopted a layered approach to risk management which ensures risks are managed at an appropriated level.

- The **Significant Business Risk Register** contains the CXO risks which have the potential to have a **significant** adverse impact on the Council. It is the responsibility of CXO team managers to advise SMT, through their Head of Service, of these risks so that SMT can decide whether to update the corporate risk register as appropriate.
- The **CXO Risk Register** identifies the high level Service Area risks that have the potential to adversely impact multiple Service Areas. The document uses the corporate formatting standard and uses language that is more understandable to the business. The format also supports political scrutiny.
- **Thematic Risk Registers** are used to identify risks associated with particular aspects of the CXO's service that requires additional focus and risk management. For example, ICT has a specific risk register that relates to malware.
- **Project Risk Registers** are created, when appropriate, to manage the risks associated with the introduction of new technology.
- **Individual Risks Assessments** are created when a Request for Services requires a deviation from an agreed policy.
- The **Team Operational Plan** contains the key operational service risks for the period of the plan.
