1. RECOMMENDATION

- 1.1 That members note the performance figures for this quarter

The Department for Communities and Local Government regularly publish performance statistics for development control which are reported to committee every quarter. The statistics for January- March 2008 are now available on the CLG Website.

CLG advice is that the planning statistics should be reported regularly to committee so as to provide feedback on performance against government targets

The statistics relate to national best value performance indicators BV 109 (a), (b), and (c).

The relevant government targets for these indicators are:-

BV109(a) - % of major planning applications decided in 13 weeks – 60%

BV109(b) - % of minor planning applications decided in 8 weeks – 65%

BV109(c) - % of other planning applications decided in 8 weeks – 80%
