

## **Planning Committee: 18<sup>th</sup> May 2021**

### **Observations received following the publication of the agenda**

#### **Item 6: W20 1464 - Shires Gate Trade Park, Unit 1, Tachbrook Park Drive, Warwick**

This item has been withdrawn from the agenda.

#### **Item 7: W20 1947 – Firs Cottage, Firs Lane, Haseley**

The applicant has written a letter of support to all members of Planning Committee.

This sets out that the proposal is for two stables and a storage barn for feed, bedding, tack and the equipment necessary to maintain the land on which the horses graze. Without the barn, there is no storage for these vital elements of equine management. The letter sets out how the proposals are in accordance with Green Belt policy and preserve the openness of the Green Belt. The need for secure storage is highlighted and recent nearby incidents of theft are noted. Reference is also made to the design of the building which is considered to be in keeping with the rural area. Finally comments are made about the size not being disproportionate in relation to the existing building and attention is drawn to the comments in support that have been submitted.
