18. **Declarations of Interest**

There were no declarations of interest made.

19. **Minutes**

The minutes of the meeting held on 17 February 2022 were taken as read and signed by the Chairman as a correct record.

20. **Pay Policy Statement**

The Committee considered a report from People and Communications that presented the Council's Pay Policy Statement for 2022-2023 as required under the Localism Act 2011, Chapter 20, Part 1 Local Government, Chapter 8 Pay Accountability.

It was positive to note that the measures that Warwick District Council had undertaken to combat low pay resulted in an incrementally decreasing ratio of highest to lowest earnings that was well within the tolerances recommended by the Hutton report (20x).

Agreeing and publishing the Pay Policy was a legal requirement. It set out the authority's policies for the financial year relating to the remuneration of chief officers, the remuneration of the lowest paid employees and the relationship between the remuneration of its chief officers and its employees that were not chief officers. The statement had to be published once it was approved, this would be on the Council's website.

The report gave a definition of chief officers and lowest paid employees. It covered different elements of remuneration and outlined the guidelines and policies that governed remuneration.

The Pay Policy Statement had to be prepared on an annual basis beginning with 2012-2013 financial year and each subsequent year as set out in the Localism Act 2011.

The statement had to contain details of the authority's policies in relation to remuneration for its chief officers.

It had to also include a definition of its lowest paid workers and the policy in relation to their remuneration.

It had to include the relationship in remuneration between chief officers and lowest paid workers; this was illustrated by ratios.

The statement also included levels and elements of remuneration for chief officers, remuneration for the recruitment of chief officers, increases and additions to chief officers, performance related or other bonuses for chief officers, the approach to chief officer remuneration if they ceased to hold office or ceased employment and the publication of and access to information relating to chief officer remuneration.

In terms of alternative options, there were none considered as it was required by law.

In response to questions from Members, the Head of People and Communications stated that the honorarium at Head of Service level was to reflect the workload of the role. However, it was not intended to be permanent and would be reviewed next year.

It was proposed by Councillor Hales and seconded by Councillor Bartlett, and it was

Recommended to Council that

- (1) the Pay Policy Statement, as set out at Appendix 1 to minutes, and its publication for the 2022-23 financial year, be agreed; and
- (2) the publication of the approved Pay Policy Statement on an annual basis with reviews and amendments (in-year if required subject to agreement at Council), be agreed.

21. **Gender and Ethnicity Pay Gap Report**

The Committee considered a report from People and Communications that presented the mandatory gender pay gap information that had to be reported to central government and published on the Warwick District Council website. It also presented the Ethnicity Pay Gap reporting and recommended its publication by the Council.

In accordance with the Equality Act 2010, with effect from 30 March 2018, it was a requirement to report and publish specific gender pay gap information; this was the fourth annual statement.

A Task & Finish group was agreed at the Overview and Scrutiny Committee meeting in July 2020 with the remit to consider 'The Council's approach to equality and diversity, especially with regard to race'. Although this was not a legal requirement, Council decided on 24 June 2020 that "in order to support its consideration of the report and the monitoring of the action plan, the Council requires the publication of relevant annual data, including an Ethnicity Pay Gap report alongside the current Gender Pay Gap report".

Gender Pay Gap legislation (developed by the Government Equalities Office) introduced in April 2017 required all employers of 250 or more employees to publish their gender pay gap for workers in scope as of 31 March of each year.

Unlike the gender pay gap, there was no legal requirement for companies to publish their ethnicity pay gap. A recent report by the Commission for Race and Ethnic Disparities recommended that the practice should remain voluntary due to a lack of diversity in some parts of the country. A coalition of workers' groups called for ethnicity pay gap reporting to be made mandatory so employers could better address pay disparities. Warwick District Council decided to voluntarily publish its ethnicity pay gap data because it believed that it was an important step towards ensuring its workforce was diverse, inclusive, and fair for everyone.

The WDC gender pay gap reporting figures and the ethnicity pay gap reporting figures were calculated using the standard methodologies used in the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017. The data included the following types of staff: Employees with a contract of employment (part time, full time, permanent and fixed term), Casuals/Workers. A glossary of terms and basis of calculations was included in Appendix 3 to the report.

Warwick District Council was committed to the principle of equal opportunities and equal treatment for all employees, regardless of sex, race, religion or belief, age, marriage or civil partnership, pregnancy/maternity, sexual orientation, gender reassignment or disability. It had a clear policy of paying employees equally for the same or equivalent work, regardless of their sex (or any other characteristic set out above).

As such it:

- operated job evaluation methodology to grade all jobs, using the Hay Job Evaluation Scheme to ensure that jobs were paid fairly;
- ensured that allowances were awarded fairly and consistently across the Council; and
- re-evaluated job roles and pay grades as necessary to ensure a fair structure.

Warwick District Council was confident that its pay gap did not stem from paying employees differently for the same or equivalent work.

Transparency was a vital step towards harnessing the power of a diverse workforce. Reporting pay gap information provided employers with an essential foundation on which to identify, and then tackle, any barriers to creating a truly diverse workforce.

In terms of alternative options, there were none considered as it was required by law.

The Head of People and Communications explained that this report was a "snapshot in time" of data that was collected on 31 March 2021, and that the quality of the report was reliant on the quality of the data provided. For example, with the new payroll system that was introduced in 2021, only around 60-80 staff members had declared their ethnic background information. There was a need for people to understand the benefits of providing this information.

In response to questions from Members, the Head of People and Communications stated that Diversity and Inclusion should be in

everything that the Council did. Warwick District Council aimed to embed Diversity and Inclusion principles in every document produced, and it was everyone's responsibility to ensure this. She noted that the work done by the Task and Finish Group had pushed WDC to raise the bar and required more resources to tackle the issue of pay gaps.

It was proposed by Councillor Hales and seconded by Councillor Kennedy, and it was

Recommended to Council that

- (1) the publication of the Gender Pay Gap reporting as of 31 March 2021 as set out at Appendix 1 to the minutes be agreed, prior to its publication on 1 April 2022; and
- (2) the publication of the Ethnicity Pay Gap reporting as of 31 March 2021 presented in Appendix 2 to the report, be agreed.

(The meeting ended at 6.40pm)

CHAIRMAN
28 June 2022

PAY POLICY STATEMENT 2022/23

Introduction and Purpose

Warwick District Council aims to have a comprehensive remuneration package that is appropriate and fair for all levels of role and responsibility; ensuring that transparency and equality underpins any rewards.

Under section 112 of the Local Government Act 1972, the Council has the "power to appoint officers on such reasonable terms and conditions as authority thinks fit".

This Pay Policy Statement sets out the Council's approach to pay policy in accordance with the requirements of Section 38 of the Localism Act 2011. The purpose of the statement is to provide transparency with regard to the setting of pay for its employees.

The Pay Policy must set out the authority's policies relating to:

- The remuneration of its key chief officers (this includes Chief Executive, Deputy Chief Executive, Heads of Service, Section 151 Officer and Monitoring Officer)
- The remuneration of its lowest paid employees
- The relationship between
 - (i) the remuneration of its chief officers, and
 - (ii) the remuneration of its employees who are not chief officers.

The Pay Policy Statement must include:

- The definition of 'lowest paid employees' for the purposes of this statement
- The Authority's reason for adopting this definition

The Pay Policy Statement must also include the Council's Policy in relation to each of the following:

- Remuneration on recruitment
- Increases and additions to remuneration
- The use of performance related pay
- The use of bonuses
- The approach of payment on their ceasing to be employed by the authority
- The publication of and access to information relation to their remuneration

Once approved by Full Council, this policy statement will come into immediate effect and will be subject to review on a minimum of an annual basis in accordance with the relevant legislation prevailing at that time

In support of improvements in transparency, and mindful of additional requirements of the Local Government Transparency Code 2015, the Pay Policy Statement signposts to the central point of information on the Warwick District Council website for Data Transparency.

REMUNERATION PROVISIONS

Definition of Chief Officers

For the purposes of this Pay Policy Statement, all references to Chief Officer include Statutory Officers, Chief Officer and Deputy Chief Officers, as defined within Section 43 of the 2011 Localism Act, apart from clerical and administrative posts. In accordance with the Council's Constitution these include:

- Chief Executive
- Deputy Chief Executive
- Heads of Service
- Section 151 Officer
- Monitoring Officer

The Council's Chief Officer Structure is set out within Article 12 of the Constitution of the Council and published in accordance with the Transparency Code.

Chief Officer grades and salaries are determined using the Hay Evaluation criteria.

For the purposes of the Pay Policy Statement, the Council is required to define and set out the relationship and definition of the lowest paid employee.

Definition of Lowest Paid Employees

For the purpose of this pay policy statement, the definition of the lowest-paid employees adopted by the Council for the purposes of this statement is as follows:

'The lowest paid worker is defined as those on the lowest spinal column point of Grade J, which is the Council's lowest pay grade (excluding apprentices)'. Warwick District Council does not have any employees on the lowest spinal column point and from 1st April 2021 the annual salary of the lowest paid employee is £18,562 (£9.62 per hour).

This places a ratio between the lowest paid and highest paid employee at 6.22:1 from 1st April 2021.

The Council considers this to be the most appropriate definition as this is the lowest contractual pay point and pay level on its substantive pay structure and which normally applies to new entrants to the lowest graded jobs within the organisation.

The exception is employees who are employed on a Government sponsored apprenticeship programme that allows for them to be paid at nationally agreed apprenticeship rates. The recommended pay rates for apprentices should not be lower than the National Minimum Wage and the District Council has adopted a pay range for apprentices that exceeds National Rates for apprentices.

A copy of the Council's pay scales can be found at the end of this statement.

Section 1- POLICY ON REMUNERATION OF CHIEF OFFICERS

1. Levels of Pay for Chief Officers

The Chief Executive as head of the paid service is employed on the JNC terms and conditions of service and paid a salary that is a spot payment, commensurate with the role.

The Deputy Chief Executives, Heads of Service (which include the Monitoring Officer and the Section 151 Officer) are paid within the Warwick Senior Management Grades (WSMG) on a salary which is considered a market rate within the local government sector. There are 3 salary scale incremental levels; the current levels of pay for each Chief Officer are set out in Appendix 1.

Employer contributions for LGPS for 2021/22 is 19.9% and Employee contributions can be found at

<https://www.lgpsmember.org/toj/thinking-joining-how.php#:~:text=Contributions%20table%202021,guaranteed%20by%20law.>

These elements of remuneration for 2020/21 are set out below. As at this time the Chief Executive and Chief Officer pay award for 2021/22 has not been agreed by the JNC.

2. Elements of Remuneration for Chief Officers

In addition to the basic salary outlined above, Chief Officers may claim business mileage as HRMC guidelines.

The Chief Executive is the Council's Returning Officer and receives an Election Allowance. This allowance is set by central government and it varies each year depending on the number and type of elections held in each year.

The Council's Monitoring Officer role is carried out by the Joint Head of Law and Governance, an additional payment for Monitoring Officer duties is not made.

For an exceptional piece of work or an exceptional achievement, a Chief Officer may be awarded an honorarium. The Chief Executive can approve this for any employee and this is either paid as a one off payment or can be a monthly allowance for a temporary period.

3. Pay Levels on Recruitment

The pay level offered on recruitment is typically the bottom point of the salary grade for all roles including Chief Officers. In situations, however, where the individual recruited has a high level of knowledge or skills, and/or previous relevant experience, a higher salary up to the maximum salary for that post, may be authorised by the Chief Executive.

Chief Officers are appointed by the Joint Appointments Committee (which reflects all political parties) exercising their delegated powers as outlined in the officer employment procedures.

This excludes the appointment to the role of Head of Paid Service (Chief Executive) and any other posts where the salary is greater than £100,000 where

the Employment Committee recommends the appointment to Full Council for approval.

4. Increases to Pay

Any cost of living increases agreed through JNC are applied to Chief Officers pay. This is typically on 1st April each year and incremental increase to their pay will be applied 12 months after the date of appointment.

There are 3 levels of increment; the first is the recruiting salary, the second level is automatic but the final level is subject to a satisfactory performance as signed off by their line manager. It may be withheld if the Chief Officer is deemed to not have a satisfactory performance appraisal or has a live formal written warning for conduct or performance issues.

Where a Chief Officer has given exceptional performance then they may be awarded additional increments outside of the normal incremental timescale as detailed above - subject to their pay not exceeding the maximum salary for their post. This would be authorised by the Chief Executive.

Chief Officers' pay will be benchmarked when required against the market to ensure consistency is maintained both in the peer local authorities and nationally if relevant. Where there are significant changes in market rates then a pay benchmarking assessment will be carried out for Chief Officers.

Where a Chief Officer is temporarily working in a higher level role, (duration of 3 months or more) this may be recognised by payment of an honorarium or the higher salary relevant to that role on a temporary basis.

5. Impact of Shared Service Working for Chief Executive, Deputy Chief Executive and Heads of Service

The Council has agreed to pursue a merger with Warwick District Council to form a South Warwickshire District Council in 2024

Any such proposal under this

Strategy should lead to:

- Maintained/improved service performance
- Increased resilience to the service
- Reduction in cost to the Council

The Council has agreed to the sharing of senior posts, via a Section 113 Agreement, with Stratford District Council as opportunities arise. All costs relating to shared posts will be split equally between the two Councils.

In recognition of the additional duties being undertaken, during the transitional stage an interim honorarium of 5% is being applied to all Head of Service posts which are undertaking a joint Head of Service role, for both authorities, with effect from the date the S113 Agreement became active.

6. Market Forces Supplement

The Council updated their Market Forces Supplement Scheme in 2017. It is the Council's policy to pay temporary and reviewable 'market forces supplement' to posts where there is clear and demonstrable evidence that the salary level attached to the post creates substantial recruitment and retention difficulties.

Any supplement will be automatically withdrawn at the end of two years unless an application for extension is agreed.

7. Performance Related Pay or Bonuses

Exceptional performance of Chief Officers is recognised by either accelerated increments or an honorarium as detailed previously. Poor performance may result in an increment being withheld.

8. Termination Payments

In the case of redundancy, a severance payment would be made to a Chief Officer in line with the current the Discretionary Compensation Policy and as per the Redundancy Calculator. Pension benefits, on termination of employment, prior to reaching normal retirement age, would be calculated in accordance with the Local Government Pension Scheme regulations

Employees who wish to apply for Early Retirement or Flexible Retirement may do so in accordance with the associated policies for early retirement and flexible retirement.

In the case of termination due to Ill-health, a termination payment would not be applicable but an early pension benefit may be awarded by the pension scheme. The pension benefit may include a lump sum in addition to an on-going pension payment.

On termination of employment, if it is not possible or desirable for the Chief Officer to serve their contractual or statutory notice period, then a payment may be made in lieu of the notice period.

Any contractual payments such as outstanding annual leave are usually included in payments on termination of employment. Similarly, any monies owing to the Council would be deducted from payments made on termination.

In exceptional circumstances the Council may choose to make a payment under a Settlement Agreement. Such circumstances could include minimising the risk of uncertainty or disruption to the authority. Such payments are subject to a formal decision by the Chief Executive, in consultation with the relevant Deputy Chief Executive, relevant Head(s) of Service and Group Leaders. Approval will be sought by the Cabinet at its next meeting.

Any severance package that exceeds £100,000 should be approved by full Council. The components of which may include pay in lieu of notice, redundancy compensation, payment made in accordance with a Settlement Agreement, pension entitlements, holiday pay and any fees or allowances paid.

It is not the Council's policy to re-employ or to contract with senior managers who have been made redundant from the council unless there are exceptional circumstances where their specialist knowledge and expertise is required.

Section 2 - POLICY ON REMUNERATION OF ALL EMPLOYEES AND IDENTIFICATION OF OUR LOWEST PAID EMPLOYEES

In 2021/22 the lowest paid persons employed under a contract of employment with the Council were employed on new spinal column point 3 of the NJC Pay. The full time equivalent salary for this point is £18,562. This is the evaluated

rate for the job in accordance with the Hay job evaluation scheme and the Council's agreed grading structure.

Using the Hay Job Evaluation process, the Councils use the nationally negotiated pay spine (further details can be found at www.LGE.gov.uk) as the basis for its local grading structure. This determines the salaries of the large majority of the workforce – apart from Chief Officers - together with the use of other nationally defined rates where relevant. The Council is committed to adherence to the national pay bargaining in respect of the national pay spine and any annual cost of living increases negotiated in the pay spine. The 2021/22 award has yet to be agreed.

All other pay related allowances are the subject of either nationally or locally negotiated rates, having been determined from time to time in accordance with collective bargaining machinery and/or as determined by the Council. In determining its grading structure and setting remuneration levels for all posts, the Council takes account of the need to ensure value for money in respect of the use of public expenditure, balanced against the need to recruit and retain employees who are able to meet the requirements of providing high quality services to the community, delivered effectively and efficiently and at times at which those services are required.

New appointments will normally be made at the minimum of the relevant grade, although this can be varied within the grade where necessary to secure the best candidate. From time to time it may be necessary to take account of the external pay market in order to attract and retain employees with particular experience, skills and capacity and this would be done in accordance with the Market Forces Supplement Scheme. Where necessary, the Council will ensure the requirement for such is objectively justified by reference to clear and transparent evidence of relevant market comparators, using appropriate data sources available from within and outside the local government sector.

Section 3 - THE RELATIONSHIP BETWEEN REMUNERATION OF CHIEF OFFICERS AND OTHER EMPLOYEES

The statutory guidance under the Localism Act recommends the use of pay multiples as a means of measuring the relationship between pay rates across the workforce and that of senior managers (as included within the Hutton 'Review of Fair Pay in the Public Sector' 2010). The Hutton report was asked by Government to explore the case for a fixed limit on dispersion of pay – in that a public sector manager cannot earn more than 20 times the lowest paid person in the organisation. The report concluded that the relationship to median earnings was a more relevant measure and the Government's 'Code of Recommended Practice on Data Transparency' recommends the publication of the ratio between highest paid salary and the median average salary of the whole of the Council's workforce.

Salary Information 2021/22	
	£
Highest Chief Officer Salary	115,469
Median Chief Officers Salary	66,652
Median Officers Salary	25,481
Lowest Officer Salary	18,562

	2020/21
Comparison of the Chief Officers Mean / Officer Mean	2.65
Highest earning Chief Officer/ Pay scale Officer Mean	4.13
Highest earning Chief Officer/ Lowest Pay scale Officer	6.22
Median Chief Officer/ Median Pay scale Officer	2.62
Highest Chief Officer/ Median Pay scale Officer	4.53

These figures are accurate as of January 2022 data and exclude any other payments or allowances. The tolerances are well within the limits recommended by the Hutton report.

As part of its overall and ongoing monitoring of alignment with external pay markets, both within and outside the sector, the Council will use available benchmark information as appropriate.

At Warwick District Council the gender pay gap for the mean hourly rate decreased by 0.39%.

The median hourly rate for females increased by 0.89p and the median hourly rate for males grew by 1.05p. This is largely attributable to the higher number of females in the lower graded roles compared to males.

The lowest pay rate increased from £4.35 to £4.55 due to an increase in the apprenticeship pay rate.

ETHNICITY PAY GAP REPORTING 2021/22
DATA AS AT 31.3.21

1. Background Information

- 1.1 The ethnicity pay gap report for Warwick District Council sets out the ethnicity pay gap information relating to employees and is calculated in line with the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017.
- 1.2 Unlike the gender pay gap, there is no legal requirement for companies to publish their ethnicity pay gap. A recent report by the Commission for Race and Ethnic Disparities recommended that the practice remain voluntary due to a lack of diversity in some parts of the country. A coalition of workers' groups have called for ethnicity pay gap reporting to be made mandatory so employers can better address pay disparities. Warwick District Council has decided to voluntarily publish its ethnicity pay gap data because we believe it's an important step towards ensuring our workforce is diverse, inclusive, and fair for everyone.
- 1.3 This report identifies the Council's ethnicity pay gap data using pay data on the snapshot date of 31st March 2021, and in relation to 'bonuses' paid between 1st April 2020 and 31st March 2021.
- 1.4 The WDC ethnicity pay reporting figures have been calculated using the standard methodologies used in the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017. Advice received from the WCC's Equality, Diversity and Inclusion Practitioner is that for the purposes of the calculation 'Not declared' should be included in the White British category.
- 1.5 The acronym BAME (Black, Asian and minority ethnic) is used throughout this report however, we recognise its limitations as a term that combines and therefore dilutes the experiences of Black, Asian, and other ethnic groups.
- 1.6 The data includes the following types of staff:
 - Employees with a contract of employment (part time, full time, permanent and fixed term)
 - Casuals/Workers
 - Apprentices
- 1.7 The data does not include temporary staff employed through an agency.

2 Ethnicity Profile

- 2.1 As at 31.3.21 Warwick District Council employed 574 people (contracted and casual staff).
- 2.2 Since 2018 the percentage of employees who are BAME has increased by 1.4% to 10.1%.
- 2.3 The BAME profile at the Council, comparing the percentage of White British and Not declared, shows a slightly lower representation of BAME employees (10.1%) compared with the general Warwickshire population (11.8%).

4. **Proportion by pay band quartiles**

4.1 2020 – 2021 hourly rates within Warwick District Council range from £4.55 (apprentice rate) to £53.25.

4.2 Similarly to last year's figures the concentration of BAME employees is higher, however, in the bottom two pay quartiles, than the top two pay quartiles. The highest concentration of BAME employees is in the lower middle quartile at 16.67%.

4.4 As a consequence the 'middle' BAME employee is in the lower middle quartile and the 'middle' White British/Not declared employee is in the upper middle quartile, which explains the reason for the median ethnicity pay gap. When dividing groups of employees into 4 quartiles the pay rates are shown below:
