

# IMPROVING AIR QUALITY IN WARWICK DISTRICT

These are just some of the ways we are working to improve air quality in Warwick district.

## IMPROVING CYCLE LANES

to provide dedicated cycle routes.

20

## 20MPH ZONES

to improve traffic flow

## LOW EMISSION BUSES

We've applied to the government to make the 67 bus route fully electric

## PARK & RIDE

A 500 space park and ride will soon be available at Europa Way

## WARWICK WHEELS

Exploring bike hire schemes in the district

## GREEN STREET FURNITURE

is being explored in some of our hotspot areas

## ELECTRIC VEHICLES

We have 5 electric vehicles and we have plans to install EV charging points in our car parks

## IMPROVING NEW DEVELOPMENTS

to ensure they reduce their impact on the local area

**TACKLING AIR QUALITY IS  
EVERYONE'S RESPONSIBILITY**

A full range of options for more active travel are available on the Choose How You Move website
