Final Decision? Yes

Suggested next steps (if not final decision please set out below)

1 Summary

1.1 Report advises on progress in achieving the Internal Audit Plan 2017/18, summarises the audit work completed in the second quarter and provides assurance that action has been taken by managers in respect of the issues raised by Internal Audit.

2 **Recommendations**

2.1 That the report be noted and its contents be accepted or, where appropriate, acted upon.

3 Reason for the Recommendations

3.1 Members have responsibility for corporate governance, of which internal audit forms a key part.

4 **Policy Framework**

4.1 Fit for the Future (FFF)

The Council's FFF Strategy is designed to deliver the District's Vision of making it a Great Place to Live, Work and Visit. With those objectives the FFF Strategy contains several Key projects.

The FFF Strategy has 3 strands – People, Services and Money and each has an external and internal element to it. The table below illustrates the impact of this proposal if any in relation to the Council's FFF Strategy.

FFF Strands

Impacts of Proposal		

Although there are no direct policy implications, internal audit is an essential part of corporate governance and will be a major factor in shaping the Policy Framework and Council policies.

4.2 **Supporting Strategies**

Each strand of the FFF Strategy has several supporting strategies but description of these is not relevant for the purposes of this report.

4.3 **Changes to Existing Policies**

This section is not applicable.

4.4 Impact Assessments

This section is not applicable.

5 Budgetary Framework

5.1 Although there are no direct budgetary implications arising from this report, Internal Audit provides a view on all aspects of governance including that of the Budgetary Framework. An effective control framework ensures that the Authority manages its resources and achieves its objectives economically, efficiently and effectively.

6 **Policy Framework**

6.1 Although there are no direct policy implications, Internal Audit provides a view on all aspects of governance and will take into account the Council's policies.

7 Risks

- 7.1 Internal Audit provides a view on all aspects of governance, including corporate and service arrangements for managing risks.
- 7.2 It is impractical to provide a commentary on risks as the report is concerned with the outcome of reviews by Internal Audit on other services. Having said that, there are clear risks to the Council in not dealing with the issues raised within the Internal Audit reports (these risks were highlighted within the reports). There is also an overarching risk associated with the Finance & Audit Scrutiny Committee not fulfilling its role properly e.g. not scrutinising this report robustly.

8 Alternative Options Considered

8.1 This section is not applicable.

9 Role and Responsibilities of Audit Committees

- 9.1 Finance and Audit Scrutiny Committee is operating, in effect, as an audit committee in the context of receiving and acting upon this report. Guidance on the role and responsibilities of audit committees is available from a number of sources. That which relates to audit committees' relationship with internal audit and in particular the type and content of reports they should receive from internal audit is summarised in Appendix 1.
- 9.2 Essentially, the purpose of an audit committee is:

To provide independent assurance of the associated control environment.

To provide independent scrutiny of the authority's financial and nonfinancial performance to the extent that it affects the authority's exposure to risk and weakens the control environment.

- 9.3 To help fulfil these responsibilities audit committees should review summary internal audit reports and the main issues arising, and seek assurance that action has been taken where necessary.
- 9.4 The following sections provide information to satisfy these requirements.

10 **Progress against Plan**

10.1 At the start of each year Members approve the Audit Plan setting out the audit assignments to be undertaken. An analysis of progress in completing the Audit Plan for 2017/18 is set out as Appendix 2.

11 Assurance

- 11.1 Management is responsible for the system of internal control and should set in place policies and procedures to help ensure that the system is functioning correctly. On behalf of the Authority, Internal Audit review, appraise and report on the efficiency, effectiveness and economy of financial and other management controls.
- 11.2 Each audit report gives an overall opinion on the level of assurance provided by the controls within the area audited. The assurance bands are shown below:

Assurance Levels

Level of Assurance	Definition
Substantial Assurance	There is a sound system of control in place and compliance with the key controls.
Moderate Assurance	Whilst the system of control is broadly satisfactory, some controls are weak or non-existent and there is non-compliance with several controls.

Limited Assurance	The system of control is generally weak and there
	is non-compliance with the controls that do exist.

These definitions have been developed following extensive investigation of other organisations' practices (including commercial operations).

12 Internal Audit Assignments Completed During Quarter

- 12.1 Eight audits were completed in the second quarter of 2017/18. Copies of all the reports issued during the quarter are available for viewing on the following hyper-link: Reports
- 12.2 The action plans accompanying all Internal Audit reports issued in the quarter are set out as Appendix 3. These detail the recommendations arising from the audits together with the management responses, including target implementation dates.
- 12.3 As can be seen, responses have been received from managers to all recommendations contained in audit reports issued during the quarter in question.
- 12.4 No audit completed during the quarter was awarded a lower than substantial assurance opinion.

13 Implementation of Recommendations Issued Previously

- 13.1 Managers are required to implement recommendations within the following timescales:
 - (a) Recommendations involving controls assessed as high risk to be implemented within three months.
 - (b) Recommendations involving controls assessed as low or medium risk to be implemented within nine months.
- 13.2 The state of implementation of **low and medium risk** recommendations made in the **third quarter of 2016/17** is set out in Appendix 4 to this report. There were no **high risk** recommendations issued in the **first quarter of 2017/18** so none is included in this appendix.
- 13.3 As can be seen, responses have been received from all managers in order to provide the state of implementation of recommendations issued in this earlier quarter.

14 Review

14.1 Members are reminded that they can see any files produced by Internal Audit that may help to confirm the level of internal control of a service, function or activity that has been audited or that help to verify the performance of Internal Audit.
