Work handled by Overview & Scrutiny Committee 2017/18

Chair's Introduction

This year, I took over the Chair from Councillor Boad, who this year has undertaken the role of the Council's Chairman.

The Overview & Scrutiny Committee is now in its third year and this year the Committee has consolidated on some of the work done in the previous year. Last year, the Committee authorised work to go ahead by two Task & Finish Groups. A working party of officers was tasked with reviewing and implementing the recommendations from the Task & Finish Group, HMOs and the Committee has received regular updates from this officer working party giving updates on the actions they have set themselves in respect of HMOs.

The Task and Finish Group to review off-street car park charges submitted its report to the Executive back in June 2017 and the Executive agreed that the recommendations in this report would be reviewed in line with the draft car parking strategy report. However, this report is still awaited and the Committee will have to wait until 2018/19 before it can review how the Task & Finish Group's recommendations have been encompassed into the car parking strategy.

This year, the Committee has agreed to start a Task & Finish Group to review the role of the Council's Chairman. This work will start in earnest in the next municipal year.

The Committee has been kept busy with various reports that Members have called in from the Executive and there have been opportunities to pre-scrutinise reports before they have been published on the Executive agenda; an example is the "Update on Progress in respect of revisions to the Delegation Agreement particularly in relation to the determination of planning applications" that the Committee pre-scrutinised at the end of November 2017 prior to the report being considered by the Executive in January 2018.

The Health Scrutiny Sub-Committee has struggled to find its role, but at its meeting in January 2018, the Sub-Committee received a report on the Council's Health and Wellbeing Approach and the Action Plan to implement this. This gave the Sub-Committee the opportunity to see what work was planned by the Council and when this work would be happening. The Sub-Committee decided that it would focus its efforts on helping with two themes; mental health and housing. It was deemed impractical to cover all of the work in all areas on the Action Plan, and a better approach would be to focus on two areas. Work is now scheduled to start on this in 2018/19.

I have enjoyed this year as Chair and at times debate has been robust with some weighty and crucial reports being considered, not least the Local Plan finally being agreed. All Councillors have contributed to the debates and recommendations to the Executive and this has made it a very interesting and productive year.

Councillor Judy Falp

The date of the draft car parking strategy has been delayed from April 2018 to a date yet to be confirmed.

25 July 2017

Reports considered on the Overview & Scrutiny Work Programme:

Item 4 – Fire Safety in High-Rise Buildings

“That Council delegates authority to the Deputy Chief Executive (BH) in consultation with the Housing Portfolio Holder, to agree additional expenditure in 2017/18 for fire safety works to Housing Revenue Account (HRA) properties, utilising the unallocated balances on the Major Repairs Reserve.”

Item 7 – Environment Enforcement Service Delivery Options

The Committee supported Option 2 in the report recommendations and strongly recommended that enforcement through the Courts should be looked at. It was also stressed that enforcement should not focus solely on South Leamington, but was required across the whole District.

The Executive approved the recommendations in the report, along with the recommendation from Overview & Scrutiny Committee that:

- (i) enforcement through the Courts be looked at; and
- (ii) enforcement should relate to the whole of the District.

30 August 2017

Reports considered on the Overview & Scrutiny Work Programme:

Portfolio Holder Update – Cultural Services

The Portfolio Holder, Councillor Coker, answered questions on a report he had provided giving an update on the ongoing work and issues in Cultural Services. Councillor Coker explained the work being done with the upgrading of the facilities at the Leisure Centres and the main problem that had been encountered was with connection of water supply at Newbold Comyn, which had caused a delay to the works. He also explained the change in the location of the Spa Centre box office to the Pump Rooms.

Events Review 2017

The Committee considered the Terms of Reference for the Events Review 2017 and an update on progress, which also identified some of the issues the Events Review was expected to address. Members were informed that the Events Review had started as an internal exercise to collect data on events happening in the District. With the reduction in budgets covering the support the council could lend to events around the District, it was necessary to build a picture of these to allow prioritisation.

Reports considered on the Executive Agenda:

Item 8 – 12 Month Waste Container Charging Update

The Committee supported the recommendations in the report and the Executive approved the recommendations in the report.

Item 10 – Disposal of WDC land off The Holt / Cubbington Road, Lillington, Leamington Spa

The Committee accepted the recommendations in principle but formally recommended that these were subject to a public consultation if it transpired that this was a legal requirement when disposing of open space public land.

The Executive approved the recommendations in the report subject to recommendation 2.1 being amended so that agreement of the ultimate sale of the land was delegated to the Deputy Chief Executive (AJ), in consultation with the Portfolio Holder for Neighbourhood Services. They would ensure that Section 123 of the Local Government Act 1972 was adhered to.

Item 12 – Delivery of the proposed Hotel forming part of the St Mary's Lands Masterplan, Warwick

The Committee supported the recommendations in the report.

The Executive approved the recommendations in the report subject to an amendment "that the proposal at Appendix 1 is agreed as the way to bring the hotel forward and that further reports be brought back to Executive at the end of stages 1-2 and 3".

Item 6 – Shared Environmental Enforcement with Rugby Borough Council

The Committee supported the recommendations in the report and requested that the Communication Strategy included consultation with letting agents, local businesses, Town and Parish Councils (possibly via Warwickshire Association of Local Government), and residents in social housing.

The Committee also sought assurance that in practice officers, in consultation with Legal, would ensure that the most appropriate individual/organisation would be served with any notice.

The Executive thanked the Scrutiny Committee for its considered comments and debate on the previous evening. It recognised that the communications strategy should be amended as proposed.

31 October 2017

Reports considered on the Overview & Scrutiny Work Programme:

Portfolio Holder Update – Finance

The Portfolio Holder, Councillor Whiting, answered questions on a report he had provided giving an update on the ongoing work and issues in Finance. He explained his concerns that the revenue budget excluded depreciation and amounts required for capital works. This would cause significant issues when funding was required for projects such as the rebuilding of multi-storey car parks. He talked about the work being done to improve services the Council offered for benefit support and how the section was coping with call handling.

Leamington Car Park User Survey

Members were informed of the outcome of the Leamington Car Park User Survey which had been undertaken to inform how the temporary impact of the Covent Garden car parks could affect car park user habits. The survey addressed where people would park when the car park was closed to provide information for the displacement plan.

Reports considered on the Executive Agenda:

Item 4 – Severe Weather Emergency Protocol

The Committee welcomed that this report had come forward so soon after the motion to Council and that there would be a further report to Executive in January 2018.

The Committee welcomed that, as a result of the debate, officers agreed to undertake discussions/consultation with our partners both statutory and non-statutory to ensure a co-ordinated approach within the District ahead of the report in January 2018.

The Executive approved the recommendations in the report.

13 November 2017 – Joint F&A and O&S Committees

Events Review Update

Members were given an update on the key findings from the data collection exercise following analysis of the events that had taken place in the summer of 2017. It was recognised that without financial support from the Council, some events might have to close, but a balance had to be found with reduced budgets.

Summary of the role, responsibilities and the work of the South Warwickshire Community Safety Partnership

This was an annual report that the Committee considered to comply with the requirements of the Police and Justice Act 2006, which required all local authorities to undertake annual scrutiny of local Community Safety Partnerships.

Progress on the Action Plan for Recommendations made on HMOs

The Deputy Chief Executive (AJ) gave an update on the HMO Officer Working Group's Action Plan. This would be a regular report to the Committee until the work was completed.

Annual Feedback on Outside Appointments

Members considered reports from Councillors who represented the Council on Outside Bodies. Members had asked for the annual report at the end of each municipal year on which outside bodies the Council would continue to support in readiness for the appointment of Councillors to those bodies, be changed so that they could see how the Deputy Chief Executive (AJ) arrived at his decisions on which outside bodies would continue to be supported and which would not.

Update on Progress in respect of revisions to the Delegation Agreement particularly in relation to the determination of planning applications

Members considered a update on a report that would be going to the Executive in January but there were concerns that some of the proposals might impact on the power Ward Councillors had to request that applications be considered by Planning Committee.

Role of the Warwick District Council Chairman

The Committee agreed the Scoping Document for a Task & Finish Group to review the role of the Council's Chairman. At the meeting in January 2018, membership of the Task & Finish Group was agreed as Councillors Ashford, Mrs Knight and Margrave. The Group has had to delay the start of the work because of staff availability, but work should commence in earnest during March 2018.

Reports considered on the Executive Agenda:

Item 5 – Civil Penalties Policy – Private Sector Housing

The Committee fully supported the recommendations in the report, including a suggested amendment to recommendation 2.1d that would be proposed at Executive on the following evening that delegated authority be given to the Head of Housing Services in consultation with the Housing Portfolio Holder to make decisions about imposing civil penalties in individual cases.

The Executive approved the recommendations in the report with the amendment to recommendation 2.1d that delegated authority to the Head of Housing Services, in consultation with the Housing Portfolio Holder to make decisions about imposing civil penalties in individual cases.

3 January 2018

Reports considered on the Overview & Scrutiny Work Programme:

Portfolio Holder Update – Health & Community Protection

The Portfolio Holder, Councillor Thompson, answered questions on a report he had provided giving an update on the ongoing work and issues in Health & Community Protection. He explained what could and could not be controlled in respect of Uber and agreed that the issues needed to be raised with local MPs because a change in legislation was required.

Reports considered on the Executive Agenda:

Item 3 – Revisions to the Scheme of Delegation and Council Procedure Rules

The Committee supported the report with the following exceptions.

The Committee had concerns about the revision to include the need for the five objections to be from different addresses, this was because the Committee felt this was removing the rights of individuals. It was agreed the Development Manager and the Democratic Services Manager would look at this with the Portfolio Holder and Chairman of Planning Committee and bring an amendment to either Executive or Council ahead of the final decision.

The Committee welcomed, after discussion and agreement with Officers, that the proposal to delegation DS(70) (iv) should remain within the scheme of delegation and therefore the current proposal to remove this should be withdrawn.

The Committee had concerns about delegation DS(70) (iii)(b) and the potential for this to imply that Parish/Town Councils may lose the right for their objection to bring the matter to Planning Committee. The Development Manager and the Democratic Services Manager would look at this with the Portfolio Holder and Chairman of Planning Committee and bring an amendment to either Executive or Council ahead of the final decision.

The Executive approved the recommendations in the report subject to the changes to DS(70) not being taken forward at this stage and officers were asked to consider these in the light of the comments made by O & S.

Item 4 – Housing Allocations Policy Review

The Committee supported the recommendations in the report.

The Committee welcomed the agreement from the Portfolio Holder to widen the criteria to address the situation where the property allocation quotas might mean it could be better to be in a lower priority band compared to higher bands e.g. regarding the balance between band 2's and band 3's demand and available properties. The Committee supported the following revision to the section on the imbalance of the housing register to remove this potential issue within paragraph 2 on Item 4/ page 12;

"It is proposed that this should be monitored and if the situation does not improve the Head of Housing, in consultation with the Portfolio Holder, should have delegated authority to re-balance the quotas to secure that a greater proportion of the out-of-balance properties would be advertised to the higher priority band to redress the balance.

The Committee welcomed that the 4th paragraph on Item 4, page 14 of the report would be amended to read "For applicants in this situation that cannot be considered under homelessness legislation....".

The Committee was mindful of the proposed delegation to the Head of Housing in consultation with the Portfolio Holder to make minor changes to the Policy (Item 4 Page 15). It noted that the intention to this would be to accommodate any amendments by statute, government guidance or to enable clarity on policy and its intentions. Therefore the Committee welcomed that the Portfolio Holder would incorporate details of these changes as part of his annual report to the Committee.

The Executive agreed the recommendations in the report were agreed subject to an implementation date of no later than 1 August 2018 and the amendments made by O&S.

Item 6 – Homelessness Initiatives and the New Legislation

The Committee noted the report and welcomed the work being undertaken in homelessness initiatives and strongly encouraged the continued dialogue between Housing Associations and this Council to help tackle this problem.

The Executive thanked the Committee for its comments.

6 February 2018

The Committee welcomed Anne Banks from Stratford upon Avon District Council, who had stepped in at short notice to take minutes of the meeting due to illness of the regular Committee Clerk.

Reports considered on the Overview & Scrutiny Work Programme:

HEART project Progress Report

The Committee received a report from Housing that informed the Committee of current operational and financial performance with the countrywide Home Environment Assessment and Response Team (HEART). Members were informed that South HEART would be fully staffed by the end of March.

Welfare Reforms

The Committee were given an update from Finance on welfare reform. A further delay in the roll-out of Universal Credit until October 2018, meant that housing benefits would remain in-house, following which, it would move to the full service introduction. This had not caused any delay to residents receiving their benefits.

Reports considered on the Executive Agenda:

Item 8 – Recommendations for the Commissioning of Voluntary and Community Sector services for 2018-2021

The Committee noted the report but raised concerns regarding the reduction in allocation for the community forums.

The Executive agreed the recommendations in the report.

6 March 2018

Reports considered on the Overview & Scrutiny Work Programme:

Members were pleased to note that the arrangement with Rugby Borough Council for shared Environmental Enforcement had got off to a good start. The Committee supported the recommendations in the report, which were agreed by the Executive.

Item 10 – Residential Design Guide – Supplementary Planning Document (SPD) & Parking Standards SPD

The Committee supported the recommendations in the report, which were agreed by the Executive.

Item 11 – Local Development Scheme (LDS)

The Overview & Scrutiny Committee noted the recommendations but expressed concern that Gipsies and Travellers, sustainable buildings and health impacts were not being addressed in the next three years, although the Committee recognised the limitations due to staffing issues.

The Executive agreed the recommendations in the report.
