Integration and working together

Outcome	Output/measure	Achievements made/projects delivered/ongoing	Work/activity Coming up
14 - Support people to remain healthy and independent, in their own homes for longer	Developed the care coordinator model based on clusters of GPs coordinating services to minimise acute sector usage	<u>Warwick District Council</u> <ul style="list-style-type: none"> • Workplace wellbeing Charter assessments undertaken • Priority families • Voluntary Contract commissioning activities • Contributor to the Joint Healthy South Warwickshire • Active member of the food for health group • Breathing Space project • Wildlife trust volunteer activities 	Regeneration projects including GPs Development of Sports and Community Hubs
	An emergency response team that will reduce admissions to acute and residential care		
	Delivered the reablement strategy and options appraisal for wrap around support		
	Reduction in emergency admissions and an increase in more appropriate use of primary care (8,39,40,41, 68,70,72,78,82)		
	Reduced the amount of time people unnecessarily stay in hospital (11,68,70,72,78,82)		
15 - Improve accessibility and visibility of 'front doors' to support people, to make the right choice, the easiest choice, informed by customer journey examples	Redesigned services appropriately, having considered integration options	<u>Warwick District Council</u> <ul style="list-style-type: none"> • H&WB in council strategies, plans and projects. • Voluntary Contract commissioning activities (as above) • Contributor to the Joint Healthy South Warwickshire (as above) • Wildlife trust volunteer activities (as above) • Warwickshire big day out project • Breathing Space project 	Regeneration projects including GPs
	Undertaken customer journey mapping of experiences at front door services		
	Scoped the IT and infrastructure requirements needed to facilitate delivery		
16 - Improve care coordination in the community for high risk/cost patients	Used appropriate engagement methods and worked with individuals, their carers and families to assist in the redesign of services	<u>Warwick District Council</u> <ul style="list-style-type: none"> • Priority families (as above) • Voluntary Contract commissioning activities (as above) • Contributor to the Joint Healthy South Warwickshire (as above) • Active member of the food for health group (as above) • Warwickshire big day out project (as 	Development of Sports and community hubs
	Establish multi agency project groups to identify models that best fit the local areas, based around an integrated team approach. Using case management, linked to GP clustered practices		
	Incorporated the requirement to align processes for accessing personal budgets		

		above)	
17 - Improve data sharing, IT infrastructure and health and social care governance	Establish compatible systems to enable sharing of data	Warwick District Council <ul style="list-style-type: none"> Continuing development of systems 	
	Enable the use of NHS numbers to be used as unique identifiers to share data and business intelligence, using a 'hub' where key data on individuals can be collated in a joint summary care record		
	Developed a solution for the ability to send information confidentially and safely between organisations without compromising information governance		
18 - Improve partnerships across the wider social determinants of health	Improved working with housing, planning and licensing to create healthy environments for individuals, families and communities to live	Warwick District Council <ul style="list-style-type: none"> H&WB part of the local plan Creation of overview and scrutiny health committee, south Warwickshire health partnership, Workplace wellbeing Charter assessments undertaken (as above) Engagement and involvement in a range of partnerships. Priority Families (as above) Voluntary Contract commissioning activities (as above) Contributor to the Joint Healthy South Warwickshire (as above) Warwickshire big day out project (as above) Breathing Space Project (as above) 	Regeneration projects including GPs Development of Sports and community hubs
	A continued focus to support families affected by crime, unemployment and poor educational attainment		
	Successful integrated work to tackle crime, reduce reoffending and excessive alcohol intake		
	Created safer communities through the reduction of crime and the promotion of safety
