Internal and external works associated with a conversion into 8 no. apartments.

FOR Sammi Developments Ltd and Bethany Guild Ltd.

-----

This application is being presented to Committee due to the number of objections received in relation to the associated planning application.

**RECOMMENDATION**

Planning Committee are recommended to GRANT listed building consent, subject to conditions.

**DETAILS OF THE DEVELOPMENT**

The application proposes various internal and external works associated with a conversion into 8 no. apartments.

The following amendments have been made to the application:

- proposed lobby to apartment 2 omitted from the main front room and relocated to less significant / less intact adjacent room;
- confirmation that new partitions to create bathrooms and lobbies within existing rooms will be set well down below the original ceiling height;
- confirmation that the barrel-vaulted ceilings in the basement will be retained;
- revised design for reinstated portico; and
- design and position of rooflights amended.

**THE SITE AND ITS LOCATION**

The application relates to a 3 storey grade II listed building situated on the western side of Clarendon Place. The building is currently vacant and was last used as a care home. The site is situated within the Leamington Spa Conservation Area and within a part of Leamington Town Centre that the Local Plan designates as an area to be primarily in residential use.

The site occupies a corner plot at the junction of Clarendon Place and Beauchamp Hill. Beauchamp Hill runs along the northern boundary of the site, while the rear boundary of the site adjoins Upper Grove Street. The frontage of the site is laid out as a car park, accessed from Clarendon Place. There is also a block of 3 garages at the rear of the site, accessed off Upper Grove Street. There are a number of trees on the site and within the pavement to the front of the site.

**PLANNING HISTORY**

In 2011 planning permission was granted for "Demolition of existing garages and erection of a two bedroom mews house" (Ref. W11/1069).

There have been a number of other previous applications relation to the application site but none of these are relevant to the consideration of the current proposals.

## **SUMMARY OF REPRESENTATIONS**

**Town Council:** No objection.

## **ASSESSMENT**

The main issue relevant to the consideration of this application is the impact on the character and appearance of the listed building and the conservation area.

Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 imposes a duty when exercising planning functions to pay special attention to the desirability of preserving or enhancing the character of a conservation area. Section 66 of the same Act imposes a duty to have special regard to the desirability of preserving a listed building or its setting when considering whether to grant a planning permission which affects a listed building or its setting.

Paragraph 132 of the NPPF states that when considering the impact of a proposed development on the significance of a designated heritage asset, great weight should be given to the asset's conservation. Paragraph 134 of the NPPF states that where a development proposal will lead to less than substantial harm to the significance of a designated heritage assets, the harm should be weighed against the public benefits of the proposal, including securing its optimum viable use.

Internally there have been a number of previous alterations associated with the former care home use that have detracted from the character of the building. Many of these previous interventions will be taken out by the proposed

conversion scheme. The alterations proposed will ensure that all remaining historic features of note are retained and will reinstate many of the rooms to their historic proportions. Where bathrooms or lobbies are required within historic rooms, these will be set well down below the historic ceiling so that the full proportions of the rooms and any historic features remain apparent. The scheme also reinstates the original main entrance to the listed building from Beauchamp Hill, including a new portico to match what is likely to have been there originally. The other external alterations would not impact on any historic features and comprise relatively discrete changes to the exterior of the building. Therefore, considering the conversion scheme as a whole, it has been concluded that the proposals would preserve the historic character of the listed building and the conservation area.

### **SUMMARY/CONCLUSION**

The proposals would preserve the character and appearance of the listed building and the conservation area. Therefore it is recommended that listed building consent is granted.
