

REGULATORY COMMITTEE

Minutes of the meeting held on Thursday 27 September 2007, in the Town Hall, Royal Leamington Spa at 2.30 pm.

PRESENT: Councillors; Mrs Mellor (Chairman); Councillors Barrott, Crowther, Gallagher, Mrs Goode, Grainger, Harris and Mobbs.

(Councillor Barrott acted as substitute for Councillor Gill).

Apologies for absence were received from Councillor Mrs Falp.

473. DECLARATIONS OF INTEREST

There were no declarations of interest.

474. MINUTES

The minutes of the meeting held on 30 July 2007 were taken as read and signed by the Chairman as a correct record.

475. ELECTION PILOT 3 MAY 2007

The Committee considered a report from Members' Services on an evaluation of the elections pilot held on 3 May 2007.

Elections for the District, Town and Parish Councils were held on Thursday 3 May 2007. After close of nominations on 4 April, 2007, 46 District Seats had been contested, plus four Parishes (Barford, Bishops Tachbrook, Budbrooke and Weston-under-Wetherley) and all seats on the four Town Councils.

In 2006, Warwick District Council approached Stratford District Council to run a joint pilot in May 2007. The original application submitted in November 2006 was to have early internet voting, early vote anywhere (ie the elector was able to vote at any polling station), vote anywhere on polling day and to have all votes electronically counted. The former Department of Constitutional Affairs (DCA), now known as the Ministry of Justice (MoJ) agreed that both Councils could run a joint pilot but with an electronic count over two joint counting centres, with the centralisation of the management of postal votes.

The Secretary of State announced to Parliament in January 2007 that the Councils would be running a joint pilot with Warwick as the lead authority. This announcement was made much later than the original date which was due to be early December and the Order for the election was finally signed on 26 March 2007.

The Order allowed the councils to use two count centres. The majority of WDC wards would be counted in the Town Hall, Leamington Spa apart from the Lapworth and Leek Wootton wards being counted in Stratford. The Stratford wards of Fenny Compton, Southam and Stockton and Napton would be counted in Leamington Spa. The Order also allowed all postal votes to be opened in one place to save on costs and it was decided this would be carried out in the Town Hall, Leamington Spa.

REGULATORY COMMITTEE MINUTES (Continued)

At the request of the former DCA, Software AG (with their Canadian subcontractors, Dominion Voting Systems) were chosen by the MoJ to run the electronic counting process and Opt2Vote to print the specialised ballots and run the managed service for signature and date of birth checking for postal votes at the joint postal vote openings.

The Electoral Services Manager also gave details of the evaluation undertaken by the MoJ, which included Planning, Publicity, Staffing and Training, Political Agents, Poll Cards, Absent Voting, Fraud Investigation, Royal Mail, Collection of ballot boxes, Polling day, Counts, Feedback comments received and the Election Turnouts.

On consideration of the report the Committee made some minor amendments to the recommendations that were set out in the report.

RESOLVED that the Ministry of Justice be informed of the Council's views that

- (1) in future, Election Pilot Orders be drawn up much earlier and with more consultation with pilot authorities and contractors;
- (2) authorities involved in submitting a joint bid for an elections pilot do so with their chosen supplier;
- (3) time be allowed to run a 'test' election so that issues such as the adjudication of doubtful ballots be resolved before live data is used;
- (4) contractors be able to prove that they can deliver a pilot and have not overstretched themselves;
- (5) the Ministry of Justice (MoJ) specify in advance as to what auditing procedures they required from authorities;
- (6) contractors would be required to attend all project board meetings;
- (7) when employing contractors from outside the UK, the MoJ ensure that they are aware of the pressure of the legislative timetable and be knowledgeable about how elections are conducted in the UK;
- (8) when piloting electronic counting the correct quality of paper be used and thoroughly tested; and
- (9) the closing date for applications for inclusion on the electoral register and for postal votes be separated.

REGULATORY COMMITTEE MINUTES (Continued)

476. POLLING STATION REVIEW

The Committee considered a report from Members' Services on a review of the Polling District, Polling Places and Polling Stations, in connection with parliamentary elections.

In accordance with the requirements of section 18C(1) of the Representation of the People Act 1983, the Electoral Services Manager had undertaken a review of polling districts and polling places for use in connection with parliamentary elections held within the Warwick and Leamington and Rugby and Kenilworth (where applicable) parliamentary constituencies.

Any recommendations made in the review would be completed in time to enable the Electoral Registration Officer to make any alterations necessary to the register of electors when it was next fully revised by 1 December 2007.

Representations had been sought by the Returning Officers for the two parliamentary constituencies and from persons who were considered to have particular expertise in relation to access to premises or facilities for persons who have different forms of disability.

In addition, electors registered in the Warwick District Council area had been invited to make representations to the Electoral Services Office.

Details of the existing electoral arrangements were made available for inspection at Riverside House, and representations of changes had been requested by 14 September 2007.

RECOMMENDED that the schedule of polling districts and polling places, as detailed in Appendix B to the Minutes, be approved, for use in connection with parliamentary elections held within the Warwick and Leamington and Rugby and Kenilworth (where applicable) parliamentary constituencies.

477. PUBLIC AND PRESS

RESOLVED that under Section 100A of the Local Government Act 1972 the public and press be excluded from the meeting for the following items by reason of the likely disclosure of exempt information within the paragraph 1 of Schedule 12A of the Local Government Act 1972, following the Local Government (Access to Information) (Variation) Order 2006.

478. HACKNEY CARRIAGE/PRIVATE HIRE LICENCE APPLICATION

The applicant, ARP, had informed Members' Services the day before the meeting that he could not now attend the meeting and therefore this item was withdrawn from the agenda, for consideration at a future meeting.

REGULATORY COMMITTEE MINUTES (Continued)

479. HACKNEY CARRIAGE/PRIVATE HIRE LICENCE APPLICATION

The Committee considered a report from Members' Services on an application for a driver's licence from a person who had recently committed offences.

MS applied for a hackney carriage/private hire driving licence on 3 July 2007. On the application form, the applicant declared convictions for various offences of a serious nature. These had been confirmed by the Criminal Records Bureau (CRB) statement. MS submitted a letter with his application explaining that he had a number of convictions. These were detailed in Appendix 1 to the report.

Due to the nearness of the next Regulatory Committee meeting, the applicant was told verbally of the officer's intention to invite him to attend the next meeting in order for him to try to convince the Committee that he was a fit and proper person to hold a hackney carriage/private hire licence, despite his convictions.

The Council's general guide when dealing with convictions was attached as an appendix to the report.

Copies of the CRB disclosure were distributed at the meeting.

MS addressed the Committee and outlined his supporting statement, copies of which were provided for each member of the Committee.

MS left the meeting of his own choice following questioning from the Committee and the Council's Legal Officer.

RESOLVED that the application by MS for a Hackney Carriage/Private Hire Drivers Licence not be accepted.

Councillor Harris left the meeting after this item.

The Committee then lifted the restriction of Section 100A of the Local Government Act 1972.

480. EXTENDING STREET CONSENTS

The Committee considered a report from Members' Services regarding the designation of all streets within Warwick District Council's area as consent streets with added conditions.

The Council was permitted to make a decision to make streets 'consent streets' under the Local Government (Miscellaneous Provisions) Act 1982. That meant that anyone who exposed goods for sale on a designated street would need a street trading consent. A street was defined in the Act as "any road, footway, beach or other area to which the public have access without payment".

The current streets that were designated consent streets were limited to certain streets in the centre of Royal Leamington Spa. No other parts of the district had restrictions at present.

There was now a general proliferation of cars being sold at the roadside as well as burger and fast food sellers throughout the District. Making all streets consent

REGULATORY COMMITTEE MINUTES (Continued)

streets ensured that all such operators would have to submit an application to the Council to enable them to continue trading.

The Committee may add conditions or refuse consent applications, or revoke an existing consent if it sees fit in the circumstances. Provided that the Council operates fairly and in the general good, there was no appeal to conditions or refusal.

The proposal to make all streets in the District into consent streets was advertised in the Observer on 9 August 2007 and the statutory 28 days for representations had ended. No representations were received.

If the Committee approved the consent streets, two further advertisements would have to be arranged on consecutive weeks with the implementation date being 28 days from the first advertisement.

RESOLVED that

- (1) all streets within Warwick District be approved as consent streets, including the conditions, as detailed in appendix 2, to the report; and
- (2) one months grace be permitted from the date of introduction before enforcement action is taken against traders breaching the regulations.

481. DEREGULATION OF HACKNEY CARRIAGE ZONES

The Committee considered a report from Members' Services on the merging of the four current hackney carriage zones into one zone.

Prior to 1974, hackney carriages had been licensed by the former Boroughs of Leamington Spa and Warwick and the Urban District Council of Kenilworth.

The District Council had decided to keep the separate areas, (zones), when the Councils amalgamated to form Warwick District Council. The decision had been made because it was felt that if the zones were removed all taxis would concentrate on Leamington Spa and there would be no service for Kenilworth or Warwick.

The Transport Act 1985 extended hackney carriage licensing to all areas of the country. This meant that, for the first time, the area of the former Warwick Rural District Council was covered by the Hackney Carriage Licensing regime. It was decided at that time that this should form a fourth zone.

Bylaws had been made by the Leamington and Warwick Borough Councils and the Kenilworth Urban District Council for the regulation of taxis, and these were still in force. It was not felt necessary to make bylaws for the Rural District as there were no ranks in the area and little demand for taxi licences.

The only reason the Council kept these zones in 1974 was because of the fear that all licensed vehicles would congregate in the most lucrative area of Leamington Spa. This argument has been eroded over the years mainly because of the increase in the number of private hire vehicles, and their

REGULATORY COMMITTEE MINUTES (Continued)

availability to provide a service for any part of the District. There also appeared to be sufficient trade in Warwick and Kenilworth to ensure that a taxi service was maintained in those towns. This view was supported by the fact that it was the Warwick proprietors who were objecting to the proposal as they felt that cars from all over the District would congregate in Warwick.

The Coventry Airport, the National Agricultural Centre, Stoneleigh and the Warwick Parkway Railway Station were all in the rural area. At present, there were only two taxis licensed for the rural area and if ranks were to be established at the airport and the railway station, the majority of licensed taxis for the district would not be able legally ply for hire from those areas.

At present, if a Leamington taxi took a fare to Kenilworth it was not allowed to wait in Kenilworth to attract a fare but must return empty to Leamington Spa. It was felt that it would be more environmentally friendly if vehicles from the three towns could ply for hire in each town, rather than having to return to the town for which they were presently licensed.

The deregulation was agreed in principle at a meeting of the Regulatory committee on 30 July 2007, and the necessary advertisements had now been complied with.

If that agreement in principle was now confirmed, the Secretary of State for Transport would be notified that the Council wished to apply Section 171(4) (ie amalgamate the zones). The effective date would be specified in the Secretary of State's approval.

RESOLVED that

- (1) the applications of the provisions of 171(4) of the Public Act 1875 be applied to the whole of Warwick District in relation to deregulation be approved; and
- (2) officers be authorised to give the required notice of the deregulation.

(The meeting ended at 5.05pm)
