<b>Accessibility Checked?</b>	Yes	

## **1 Revisions**

- 1.1 Following publication of the report further advice on the procurement has been received. For this reason it is proposed that recommendation 3 should be revised. This will provide WDC with the ability to then modify the contract, following any future internal approvals. Without this, the Council will have to look at whether the contract could lawfully be modified in future, with no guarantee that it could. Paul as Portfolio is in agreement with this change and as officers we are content as well.
- 1.2 The proposal is to change the words from:  
*"(3) That a further report is brought to Cabinet for the use of this contract for use at any other site, setting out the cost/budget requirements, risks and proposals for approval."*
- 1.3 To:  
*"(3) That the contract includes the option for use at the Linen Street Car Park Site in Warwick and the Leyes Lane and Rouncil Lane School sites in Kenilworth subject to, a further report(s) being brought to Cabinet prior to taking up the option for the use of this contract at any of those, setting out the cost/budget requirements, risks and proposals for approval."*
