Final Decision?	No	
Recommendation to the Executive in December 2012		

## 1. **SUMMARY**

- 1.1 The report brings forward the draft Volunteering Policy from the Volunteering Task & Finish Group

## 2. **RECOMMENDATION**

- 2.1 The Volunteering Policy, set out at Appendix B to the report, be approved for submission to the Executive.
- 2.2 The Volunteering Policy be reviewed in 12 months, by three members of the Committee in liaison with WCAVA, to assess the impact it has made.
- 2.3 That a Task & Finish Group be established to produce a policy for Council staff volunteering and how they could be supported by the Council.

## 3. **REASONS FOR THE RECOMMENDATION**

- 3.1 The draft policy is brought forward following work by the Volunteering and Task & Finish Group and consultation with relevant parties, at the request of the Overview & Scrutiny Committee.
- 3.2 The Task & Finish Group felt that there was a clear and definable difference between WDC encouraging and working with volunteers to enhance the Council's services and its employees carrying out voluntary roles outside of their work with the Council. In addition a draft Policy on this was designed sometime ago and there will be a need for detailed discussions with Staff, Unions, HR and the Corporate Management Team to bring this forward.

## 4. **POLICY FRAMEWORK**

- 4.1 **Policy Framework** – The report does not bring forward any changes to the Policy Framework.
- 4.2 **Fit for the Future** – The Volunteering Policy aims to enhance community cohesion and involvement in improving the District. At the same time it hopes to remove barriers for enhancing Council services through volunteering opportunities.

## 5. **BUDGETARY FRAMEWORK**

- 5.1 The aim of the Policy is to be an enabler for Volunteering but any work on this line should be within the agreed budgets for the service area.

## 6. **ALTERNATIVE OPTION(S) CONSIDERED**

- 6.1 The Task & Finish Group was set a defined scope by the Overview & Scrutiny Committee to investigate and report on. It has not provided a recommendation in respect of enabling Council employees to undertake volunteering away from their normal role because in its opinion the current arrangements where managers liaise with individuals to manage their working hours, leave etc appropriately was the correct procedure to follow.

## **7. BACKGROUND**

- 7.1 The Overview & Scrutiny Committee established a Task & Finish Group in May 2011 to develop a Volunteering Policy for the Council, taking into consideration the remit of the approved scope, Appendix A to the Report.
- 7.2 The Task & Finish Group met and quickly established that a number of Councils had similar policies already in place for enabling Volunteering. On this basis it took forward a combined wording from Brentwood, Canterbury, Cornwall, Elbridge, Sandwell and ideas from Manningham Council in Australia.
- 7.3 The Group, in smaller Groups, met with volunteers from Friends of Priory Park, and Friends of Kenilworth Cemetery along with the officers who are responsible for this liaison work.
- 7.4 Service Areas were also asked for their views on the Volunteering Policy and the Councillors on their Task & Finish Group also brought their views and experiences.
- 7.5 Generally it was recognised that the District Council had a very good relationship in working with volunteers and volunteer organisations. Together there had been numerous success stories from this working from the significant achievements such as Linden Arches Project to much smaller opportunities such as individual litter picks.
- 7.6 The Scrutiny Committee had deferred final approval of the Policy at its meeting in July to enable further consultation with the Senior Management Team of the Council along with the recognised Trade Unions.
- 7.7 The Council's Senior Management Team sought clarification on the Policy because it felt that it could stifle volunteers coming forward and officers looking to take on volunteers. However the Policy was revised to emphasise that this is guidance and should be applied as appropriate to each instance of volunteering.
- 7.8 WCAVA responded with a number of questions and points of clarification about the Policy, but mainly about the scope of the review. Generally it welcomed the Council undertaking this work and highlighted that this had the potential for providing significant benefit to the Council/Community. Their comments have been incorporated within the revised Policy.
- 7.9 The recognised Trade Unions of the Council having considered the Policy have no concerns about its content.

# Warwick District Council Volunteer Engagement Policy and Procedures

## Foreword

Volunteers provide a unique contribution to the local community. Warwick District Council believes that such a valuable resource must be appropriately supported. As a result the following Policy and Procedures document ensures that Council officers provide a consistent and supportive approach to the volunteers. The Council recognises the valuable contribution made by volunteers, adding value to existing work, introducing new perspectives and potentially unlocking additional funding opportunities for schemes. The Council seeks to promote the importance and effectiveness of volunteering within the community.

Using this policy will ensure that recruiting, training and supporting volunteers is built into the community engagement activities undertaken by Council officers.

The policy is not intended to be prescriptive and should be used as is felt appropriate to the situation by the lead officer. It is not intended to prohibit volunteering or negatively impact on current arrangements.

## Vision for Volunteering

Warwick District Council is committed to making the District a great place to live work and visit.

Volunteers have an integral role to play in promoting and contributing to community cohesion.

Volunteering can provide a significant economic advantage to communities and reflect community needs. It also contributes to the development of social capital and to the wellbeing and unity of the community. Potential positive benefits for individuals include improving health, lowering stress, reducing social isolation and raising self esteem. Volunteers also have the opportunity to develop new skills or enhance existing skills.

Warwick District Council recognises that there can be occasions whereby a volunteer's help can make an appropriate and significant contribution to the service delivery of the Council either through one off pieces of work or projects, such as the Linden Arches Project, or long term collaboration like the Friends of Abbey Fields.

This policy has been developed to ensure that:

- Staff will consider involving volunteers when planning, contracting, monitoring revising and providing services;
- Volunteering enriches public involvement and engagement;
- When the Council does not have any opportunities suitable for a prospective volunteer, it will signpost the individual to external organisations who will be able to support them.

## **What is a Volunteer?**

Volunteers may be described as individuals who put their experience, knowledge and skills at the disposal of an organisation, free of charge, with the primary aim of helping the organisation to achieve its service objectives and/or aim of bringing some benefit to the local community. Volunteers can come from all ages and backgrounds and can include people who wish to make a contribution to the community, people wanting to improve their work experience and their CVs and students. It can also be organisations or groups who wish to support local services through focussed activity such as litter picking.

## **The Purpose of this Policy**

This policy outlines Warwick District Council's principles, practices and procedures that will be followed in the recruitment, management and control of volunteers. It aims to:

- Provide a framework for all Warwick District Council staff when considering involving volunteers in their work;
- Provide a foundation on which our involvement of volunteers will be based;
- Give a cohesive and consistent approach to ensure that volunteers are fully supported during their volunteering role;
- Help ensure fairness and consistency when involving a diverse group of people, being able to refer to a written policy ensures that decisions are not made on an ad hoc basis; and
- To actively encourage volunteering and to remove any unnecessary barriers to volunteering by individuals or organisations.

## **Why Support Volunteers?**

There are many benefits to the Council in involving volunteers:

- Volunteers can bring a different perspective to our work; often one that reflects the diverse views of the local community;
- Volunteers can help to enhance and/or extend services the Council offers;
- Volunteering empowers our citizens to actively influence decision making and service provision;
- By providing opportunities for skills development within our local community;
- Volunteering can be a valuable pathway to employment or training opportunities;
- Volunteering can provide opportunities to meet like-minded people;
- Volunteering can provide an opportunity to be involved with something interesting, absorbing and rewarding;
- Volunteering can improve general health and wellbeing; and
- Volunteering can act as a lever for bringing in external funding for enhancement of capital schemes.

## **Our Volunteering Principles**

When appointing volunteers, Warwick District Council will adhere to the following principles:

- volunteers will not be engaged in work which facilitates the loss of an existing employee's post, nor on any tasks or projects which (within the past five years) were done by paid employees whose posts have since been deleted; and
- Volunteers will not be used to provide cover for paid staff (for example where paid staff are on leave due to sickness, holiday, maternity or industrial action).

### **What opportunities can the Council offer volunteers?**

There is a wide range of volunteering opportunities the Council can offer, such as:

- Helping providing services, such as litter picks or graffiti removal;
- Assisting with the provision of lessons and services at Leisure centres;
- Assisting with delivery of community projects;
- Fundraising for the enhancement of services or collections such as at the art gallery;
- becoming tree wardens;
- Developing and maintaining assets e.g. Campion Hills BMX Track and Kenilworth Skate Action Group; or
- Helping to maintain and promote our green and open spaces through one of the recognised friends groups or establishing a new group.

This list is not exhaustive and officers will be willing to consider other options for volunteering with the Council. However officers need to take a balanced view on this regarding the potential benefit for the Council and the community, the resources required/available to support any work; and any potential issues that this may cause.

The Council will endeavour to signpost volunteers to relevant external partners, such as WCAVA if appropriate opportunities are not currently available with Warwick District Council.

### **Raising Awareness of Volunteering Opportunities**

The Council will where appropriate promote volunteering and local opportunities by working in partnership with WCAVA, undertaking promotional work of opportunities both with the Council and its partners. The Council will welcome working with local schools, colleges, universities in partnership for volunteering projects, which will be co-ordinated by the relevant Service Area. The Council will, as appropriate, promote and share the successful projects and work of volunteers.

### **Recruitment Procedures**

Should a staff member wish to appoint a volunteer, where appropriate, they will follow the Recruitment Procedure (Appendix 1).

### **Safeguarding**

All supervisors must ensure that volunteers are aware of, and have access to the Council's Safeguarding Policy. CRB disclosures will be carried out, by the Council, on any volunteer who, in the course of their appointment, will have substantial, unsupervised access to children and young people under the age of 16 and vulnerable adults on a regular basis.

A vulnerable adult refers to any person aged 18 years or over who is or may be in need of community care services by reason of mental or other disability, age or illness; and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or serious exploitation which may be occasioned by actions or inactions of other people.

### **Health and Safety**

The volunteer will have access and adhere to the Council's Health and Safety Policy and Procedures, including accident report forms. The Council will ensure that Health and Safety issues are covered at Induction and throughout the volunteer's involvement. The Council will provide specific training, which will be relevant to the roles the volunteers will undertake, such as moving and handling, vulnerable adults,

food hygiene. The Council will provide the appropriate equipment where necessary/appropriate.

### **Confidentiality and Data Protection**

The expectation is that in the majority of opportunities there should not be the need for volunteers to handle sensitive/confidential information. Where this is the case the Council would normally expect the volunteer to maintain strict confidentiality at all times, and to sign a confidentiality undertaking to this effect.

### **Supervision and Support**

It is important that volunteers are properly supported and supervised in their work; ensuring that the level of supervision given matches the nature of the job and the experience of the volunteer. All volunteers should have a nominated supervisor/support officer, someone they can have regular access to if problems arise or when help and support is needed.

### **Training and Involvement**

To ensure volunteers are happy, valued and can work to the best of their ability, volunteers will receive ongoing support and be integrated into the organisation. This may take the form of one to ones, group meetings, training or social occasions. Depending on the role or volunteer it may be best practice to provide another volunteer as a mentor.

Where a volunteer is based at Warwick District Council on a day to day basis they will be involved and included in general staff activities where appropriate, such as staff meetings and to have general access to Warwick District Council offices. Volunteers may also be offered, where appropriate and where subject to availability, to undertake relevant Council training courses.

### **Equal Opportunities**

In accordance with Warwick District Council's Equal Opportunity statement, volunteer placements will be open to individuals irrespective of race, nationality, gender, disability, sexuality, age, belief or culture. In addition, and where appropriate the Volunteer Role Description Form must be completed setting out the equal opportunity dimension and any specific equality requirements of the role.

Where, during the initial meeting a prospective volunteer demonstrates hostility to, or a clear lack of support for the equal opportunity policy, they will be deemed automatically to be unsuitable for a volunteer position at Warwick District Council.

### **Discipline and Grievance**

Volunteers are not formal employees of the Council and therefore will not be subject to Warwick District Council's disciplinary procedures. Correspondingly, volunteers will not have access to Warwick District Council's policies and procedures. However, volunteers will be entitled to use Warwick District Council's Complaints Procedure. Should they wish to raise any issue formally the Council would normally expect the matter to be raised with their contact officer (or the contact officers line manager). However we would always encourage any dispute to be settled informally.

### **Expenses**

In principle Volunteers should never be out of pocket for expenses incurred therefore where appropriate, may be entitled travel expenses, and subsistence allowance in accordance with the relevant Council's policy.

Best practice advises that volunteers should not accept gratuities/monies from clients or customers, although they may wish to accept small gifts such as flowers.

### **Dress Code**

Volunteers' dress code will be at their Supervisor's discretion and should be appropriate to their role.

### **Private Use of Council Equipment**

All volunteers will be expected to adhere to the Council's policies on the private use of Council equipment, including use of the internet, email, telephones and post as per Council employees and Councillors

### **Insurance**

Volunteers appointed to Warwick District Council will be covered under the Council's employers, public liability and professional indemnity insurance where appropriate.

### **Use of own vehicle**

Volunteers should be informed of the need to notify their insurance company if they intend to use their car for volunteer activities and must ensure that their policy is extended to cover business use. They will also be required to produce a current driving licence, evidence of car insurance and MOT if appropriate.

### **Ending the relationship**

Where appropriate, the role and placement of the volunteer or voluntary group may be terminated by the Council at one week's notice, or immediately where behaviour is equivalent to gross misconduct has occurred. In all cases the volunteer will be entitled to an explanation of the decision and action taken.

Evaluation: It is important that Warwick District Council is able to measure the impact of the volunteer placements it offers. All supervisors should ask their Volunteer to complete the Volunteer Evaluation Form at the end of their placement (Appendix2).
